As a Providence business owner, former resident and Board Member of the above associations I have been in a unique position to develop relationships with a diverse group of residents and citizens of our City. During this time I worked personally to have a greater understanding of the thoughts and needs of my neighbors from various walks of life. My time on the RI Pride Board has given me the opportunity to become a better and more understanding member of my LGBTQIA+ community. I have been privileged to be invited to many local community based discussions on equality and diversity over these past 10 years by friends and colleagues who are leaders in their community. I am honored to be considered by our Mayor and all of you for this important work that will lead to a better future for our great City and its residents and visitors.
