"Building Pride In Providence"

TO : Mayor's Office, City Council Members
FROM: City Forester John Campanini, on behalf of the
Mary Elizabeth Sharpe Street Tree Endowment
DATE: April, 1992
RE : Deadline for next round of Neighborhood Planting
Tree Grants

PLEASE NOTE! June 1, 1992 is the deadline for COMPLETED APPLICATIONS for Providence residents wishing to plant trees using Mary Elizabeth Sharpe Street Tree Endowment monies (for planting in the fall of 1992).

I would like to urge all of you to encourage your constituents to take advantage of this unique and wonderful public/private environmental initiative, which asks that groups of neighbors band together to plant 5-15 street trees. In these times of growing environmental awareness and concern, you can point to our program as evidence that the City, along with the private sector, is doing something significant and innovative to meet the needs of urban forestry.

Applications are available by calling the Parks Department (785-9450, Ext. 28), and asking for a NEIGHBORHOOD STREET TREE APPLICATION PACKET.
