Resolved, That the Supervisor of Environmental Control is requested to cause that Sidewalk and Vacant Lot located at the Intersection of Sisson Street and Manton Avenue, to be Cleaned of All Debris.

COUNCILMAN DILLON and COUNCILWOMAN DiRUZZO:

Resolution Commending the Rhode Island Department of Mental Health, Retardation and Hospitals for Its Adoption of the Asa Messer School.

Whereas, The Rhode Island Department of Mental Health, Retardation and Hospitals was the first government entity to participate in the Adopt-a-School Program in the City of Providence, and

Whereas, Since February 5, 1986, when the Department of Mental Health, Retardation and Hospitals formally adopted the Asa Messer School and sponsored a party at which each student was presented with a small gift, the foundation of this "adoption" has been a strong person-to-person relationship between the staff of the Department and the students and staff of the school, and

Whereas, The Department has assisted in the school candy bar sales to raise money for field trips as well as providing volunteers to chaperone these trips, and

Whereas, The fourth grade graduates will be attending a baseball game this year, thanks to the efforts of the Department, and

Whereas, A school fund in honor of a retired Mental Health, Retardation and Hospitals' employee has been established, and a tutorial program is being planned for next school year, and

Whereas, It is entirely fitting and proper that the Rhode Island Department of Mental Health, Retardation and Hospitals be recognized and commended for these many accomplishments at the graduation exercises of Asa Messer School,

Now, therefore, be it Resolved, That the City Council of the City of Providence does join with the entire neighborhood, as well as the staff, parents and students of the Asa Messer School in commending the Rhode Island Department of Mental Health, Retardation and Hospitals for its adoption of the Asa Messer School, and in expressing gratitude to the staff members who have given so much of themselves, their time, and their expertise on behalf of the students.

Resolution expressing the Gratitude of the Members of the City Council to Rescue Lieutenant Honor Woodward, Jr., and Rescue Technician William J. Higginson, Jr., for Their Heroic Actions and ongoing Dedication to the Traditions of Excellence of the Providence Fire Department.

Whereas, On April 23, 1986, Rescue Lieutenant, Honor Woodward, Jr. and Rescue Technician, William J. Higginson, Jr., Rescue Co. 1, who were returning to their station quarters, happened upon a fire in progress at 301 Oxford Street and immediately notified Fire Alarm of the fire and that two children were trapped inside, and

Whereas, Both Rescue Lieutenant Woodward and Rescue Technician Higginson proceeded immediately into the smoke filled building to search for the two children even though they were unable to see through the dense smoke, and

Whereas, Upon the arrival of responding fire units, were assisted in the search for the two children by members of those units and who in concert with the members of those units rescued the two children, and

Whereas, Both children were transported to Rhode Island Hospital and from there to the Hyberbaric Medical Center in Sanford, Maine where they were placed in a decompression chamber, and were in stable condition the next morning,

Now, therefore, be it Resolved, That the City Council does extend its congratulations to Rescue Lieutenant, Honor Woodward, Jr., Rescue Co. 1, and Rescue Technician William J. Higginson, Jr., Rescue Co. 1, for their quick and extraordinary actions and their dedication to duty in saving the lives of these two children, and

Be it further Resolved, That the City Clerk is to cause copies of this Resolution to be transmitted to the aforementioned Firefighters as an expression of the City's gratitude not only for their actions on April 23, 1986, but for their ongoing dedication to the traditions of excellence of the Providence Fire Department.

PRESENTATION OF RESOLUTIONS

COUNCIL PRESIDENT EASTON and COUNCILMAN O'CONNOR:

Resolution Authorizing the Department of Planning and Development on Behalf of the City of Providence to Prepare and Submit an Application for an Urban Development Action Grant (Providence Center for Culture and Commerce).

Whereas, The filing of Urban Development Action Grants by the City of Providence is

authorized by Title I, Section 119, Part 570, Subpart G, of the Housing and Community Development Act of 1974, as amended by Section 110 of the Housing and Community Development Act of 1977, and as finalized on January 10, 1978; and as subsequently amended; and

Whereas, The aforesaid Federal regulations authorize the Department of Housing and Urban Development to make grants to assist distressed cities and distressed urban counties in revitalizing their economic bases and reclaiming

deteriorated neighborhoods by means of public and private sector cooperation; and

Whereas, The City of Providence deems it necessary and in the public interest (1) to revitalize its commercial and retail sectors, (2) to increase employment opportunities in the city, (3) to increase the City's tax base, (4) to encourage the cooperation of the public and private sectors to achieve these goals; and

Whereas, The City of Providence deems it appropriate to contribute to the aforementioned efforts by assuring the attraction, retention, and expansion of commerce especially in areas where revitalization is underway, and by arranging for financial support for such private business development projects; and

Whereas, Urban Development Action Grants are available for the activities and undertakings proposed herein.

Now, Therefore, be it Resolved by the City Council of the City of Providence as follows:

1. It is hereby found necessary and in the public interest to file an application to the Department of Housing and Urban Development for an Urban Development Action Grant for renovations and modifications to property on Elmwood Avenue to create a commerce center. Action Grant funds shall be loaned to the company, Jubilee Inner City Development, Inc.

2. The Department of Planning and Development is hereby authorized and designated as the representative of the City for filing the application with the Department of Housing and Urban Development, and to do all work necessary to carry out the term of the contract between the City and the Department of Housing and Urban Development relative to said Urban Development Action Grant.

3. That the United States of America and the Department of Housing and Urban Development be, and they are hereby assured of full

compliance by the City of Providence with all regulations of the United States government effectuating the receipt of Federal Grants under the Housing and Community Development Act, as amended.

COUNCILMAN O'CONNOR (By Request):

Resolution Authorizing the Department of Planning and Development on Behalf of the City of Providence, to Prepare and Submit an Application for an Urban Development Action Grant for the Indian Village Housing Development, within the Upper South Providence Neighborhood.

Whereas, The need for ample, adequate and affordable housing for the urban Native American population of Providence and for the area designated for development by the Rhode Island Indian Council is reflected in statistics concerning both groups supplied by 1980 census data and a 1979-1980 Rhode Island Indian Needs assessment conducted by the Narragansett Tribe, the Rhode Island Indian Council and the Rhode Island Indian Affairs Commission. The data relating to Upper South Providence does not reflect the decline in population because of destruction of living units through arson and abandonment, and

Whereas, Of a total population of 3,648, 1,388 Upper South Providence residents live below the poverty threshold of \$7,156.00 for a family of four with the median family income being \$9,928.00. Census data shows 783 families in Upper South Providence with 389 of those families (45.8%) having a female head of household — no husband present. This compares to a city-wide average of 25.7%. Of these 389 female headed families, 70% were below the poverty level, and

Whereas, Statewide, the Indian population was 3,204 with 1,076 (34.6%) living below poverty level and 60% of the total 726 families having a female head of household — no husband present, and

Whereas, In 1980, 1,404 out of 1,718 occupied housing units in Upper South Providence were renter occupied, with 972 units renting for less than \$200 a month. The rental amounts have increased significantly since 1980 because of real estate speculations, the expansion of Rhode Island Hospital into the neighborhood and the decline in housing status, and

Whereas, The severe cutbacks in federal housing subsidies have exacerbated the problems in Upper South Providence as it has in inner cities throughout the country. With the extinction of new construction and substantial rehabilitation Section 8 subsidies for multi-family housing, the only available subsidy is through Section 8 certificates. Providence has approximately 700 certificates with a turnover of about 70 a year. The waiting list for these certificates is approximately 3,000 at this time, and

Whereas, Statewide, in 1980, only five percent of the Indian population were living in subsidized housing although approximately 40% were living at or below the poverty level, and

Whereas, The need for adequate and affordable housing is obvious both in the Upper South Providence neighborhood and in the Rhode Island Indian population. The area to the northeast of the present headquarters of the Rhode Island Indian Council is presently a scene of desperate desolation. With the development of the proposed project, it could become a vibrant key to neighborhood revitalization,

Now, therefore, be it Resolved, by the City of Providence: That the City Council of the City of Providence, State of Rhode Island hereby authorizes the Honorable Joseph R. Paolino, Jr., Mayor of the City of Providence to apply for a

Housing Opportunity Development grant on behalf of the City of Providence from the United States Government for the purpose of providing assistance to the Rhode Island Indian Council, Inc. and the Housing Opportunities Corporation (a subsidiary of Women's Development Corporation) for the development of low income housing. The proposed low income housing shall be known as the Indian Village Development Plan consisting of 36 townhouse units to be constructed on land currently owned by the Providence Redevelopment Agency located at Pine, Friendship, Myrtle and Somerset Streets in Upper South Providence.

Resolution requesting the Traffic Engineer to Prohibit Motor Vehicle Traffic along Camp Street between Evergreen and Woodbine Streets, on Saturday, July 12, 1986, for a Neighborhood Block Party in Honor of the Late William "Billy" Taylor.

Resolved, That the Traffic Engineer is requested to Prohibit Motor Vehicle Traffic along Camp Street between Evergreen and Woodbine Streets, on Saturday, July 12, 1986, between the hours of 12 Noon to 6:00 o'clock P.M., for a Neighborhood Block Party in Honor of the Late William "Billy" Taylor.

Severally Read and Collectively Passed, on motion of COUNCILMAN GLAVIN, seconded by COUNCILWOMAN FARG-NOLI.

The motion for Passage, is Sustained.

REPORT FROM COMMITTEE

COUNCILMAN THOMAS M. GLAVIN, Chairman

COMMITTEE ON ORDINANCES

The following Ordinance was in City Council June 19, 1986, Read and Passed the First Time, and Referred to the Committee on Ordinances, and is Transmitted with Recommendation of Passage the Second Time, as Amended:

An Ordinance Amending Chapter 544 of the Ordinances of the City of Providence, Entitled: "An Ordinance Zoning the City of Providence and Establishing Use, Height and Area Regulations" as Amended, by Adding Article IV-A, Entitled: "Institutional Zone Regulations".

Be it ordained by the City of Providence:

Section 1. Chapter 544 of the Ordinance of the City of Providence, entitled "An Ordinance Zoning the City of Providence and Establishing Use, Height and Area Regulations" approved September 21, 1951, as amended, is hereby further amended as follows:

I. Article IV-A is hereby established following Article IV, Residential Zone Regulations, as follows: Article IV-A Institutional Zone Regulations.

Section 1. Institutional Zones

The following regulations and the regulations contained in Article II General Provisions shall apply in the I-1 and I-2 Institutional Zones.

A. Permitted Uses

1. In any I-1 or I-2 Zone:

The existing residential zone designation shall not change as a result of the adoption of the Ordinance. Only those residential uses previ-

ously permitted shall be allowed provided that said residential uses shall be subject to the same limitations and controls as to use, height and area specifically set forth in the respective residential zoning category.

2. In any I-1 Zone, Health Care Facilities including the following:

(a) Hospital: Any hospital other than an animal hospital;

(b) Clinic for medical, dental, surgical or psychiatric treatment of disease and disability, whether on an in-patient or out-patient basis;

(c) Centers for occupational and physical therapy, physical fitness, and drug and alcohol rehabilitation facilities (provided such drug or alcohol rehabilitation facilities are owned by or operated in conjunction with a hospital);

(d) Medical diagnostic or treatment facilities;

(e) Medical or dental research, medical or dental laboratory and educational facilities;

(f) Medical or dental office building occupied by physicians, surgeons, dentists or other medical, paramedical and parodontal personnel;

(g) Day care, extended care, convalescent or congregate housing, rest home or nursing home facilities;

(h) Health Maintenance Organizations;

(i) Any use accessory to any of the foregoing as defined in this Ordinance.

3. In any I-2 Zone, Educational Institutions as defined in Section 21.

B. Height

1. The allowable height for any building in an institutional zone shall be a function of the open space between the proposed building and the applicable property and street lines. The allowable height for the entire building shall be determined in accordance with the most restrictive height calculated in accordance with the following requirements:

(a) Building height shall be limited to thirty (30) feet whenever an institutional building is located on a front lot line and the property on the opposite side of the street is in an R-Zone and shall increase by one foot for every one foot setback up to a maximum height of seventy-five (75) feet.

(b) Building height shall be limited to forty (40) feet whenever a building is located thirty (30) feet from the property line of a lot in an R-Zone and shall increase by one foot for every additional one foot setback up to a maximum of seventy-five (75) feet.

(c) In all other cases building height shall not exceed seventy-five (75) feet.

2. Exceptions to height regulations are provided for in Sections 72B, 72C, and 72D.

C. Areas

1. Front Yard: Where the block frontage is located partly in an I-Zone and partly in an R-Zone, or where the property on the opposite side of the street from the proposed building is an R-Zone the front yard requirements of the R-Zone shall apply in the I-Zone. In all other cases, an

institutional building must be set back sufficiently to provide a twelve (12) foot open space between the curb and said institutional structure or use.

2. Side and Rear Yards: 30 feet for any yard which abuts a lot line of a lot in an R-Zone.

3. Off-Street Loading: In place of the provisions of Section 24D, the following provisions shall prevail:

There shall be provided and maintained for any institutional building or structure erected subsequent to the adoption of this Ordinance requiring routine receipt or distribution of materials by commercial vehicles in the ordinary course of business, adequate space for standing, loading and unloading in order to avoid undue interference with public use of the street. Such space shall be located within the Institutional Zone for the institution. Such space, except to the extent provided for within a building, shall include a 10 foot by 25 foot loading space with a 14 foot height clearance for the first 50,000 square feet of floor area or a fraction thereof in excess of 25,000 square feet and one additional space for every additional 100,000 square feet of floor area or fraction thereof in excess of 50,000 square feet with access provided not less than 50 feet from any intersection. The dimensions of off-street loading berths shall not include driveways or entrances to or exits from such off-street loading berths and shall not be counted as off-street parking space.

4. Screening: Outdoor parking and loading areas shall be screened from the view of all adjoining residential uses by the method as stated in Section 24E of this Ordinance, or landscaped earthen berms.

5. Landscaping:

(a) Outdoor parking and loading areas shall be landscaped as follows:

(1) Street Frontage: Five (5) foot landscaping

strip with one shade tree for every forty (40) feet of frontage.

(2) Perimeters: Five (5) foot landscaping strip with one shade tree for every fifty (50) feet of perimeter. Compact evergreen screening shall be considered as meeting the landscaping strip requirement.

(3) Interior: Landscaping areas totalling two (2) percent of the lot area must be provided or one interior shade tree for every 200 square feet of required landscaping area. Parking areas with a capacity of twenty (20) cars or less and loading areas are exempt from interior landscaping requirements.

(b) Unbuilt and unpaved areas shall be landscaped as follows:

(1) All sites shall be properly graded and drained.

(2) All unbuilt areas of the site shall be provided, where needed, with suitable, properly designed and constructed walks and access drives.

(3) All unbuilt and unpaved areas of the site shall be suitably planted and permanently maintained with grass, shrubs and trees.

6. Exceptions to yard regulations are provided in Sections 73A, 73B, 73C, 73I, and 73J2, 73J3, 73J4 and 73J6.

II. Section 22 of Article II entitled "Buildings and Uses Not Affected by Zoning" of the Zoning Ordinance of the City of Providence, Chapter 544, approved September 21, 1951, as amended, is hereby deleted and replaced with the following:

Buildings housing religious bodies, churches, (except rescue or temporary revival missions), convents, libraries and museums, whenever such libraries or museums are operated on a nonprofit basis, are exempt from the provisions of this Ordinance.

Other than aforesaid, no building or land shall hereafter be used and no building or part thereof shall be erected, moved, or altered unless in conformity with the regulations of this Ordinance.

III. Add at the end of subparagraph (b) of subsection 1 of Section 23B entitled "Non-Conforming Use of Buildings or Structures" the following:

Provided, however, that the non-conforming use of a building or structure which would be a permitted use in an I-1 Zone may be changed only to a use permitted in that zone or to a use permitted in the zone in which it is located; and provided further that a non-conforming use of a building or structure which would be a permitted use in an I-2 Zone may be changed only to a use permitted in that zone or to a use permitted in the zone in which it is located.

IV. Add the following paragraph following paragraph (f) of sub-section 2 of Section 24C of Article II entitled "Automobile Parking Space":

(g) Educational institutions shall provide parking spaces in accordance with the following requirements whenever any building is erected or added to subsequent to the adoption to this Ordinance:

—One parking space per 3 employees and staff (calculated according to the largest number in attendance for any work shift during an average day), plus

—One parking space per 8 noncommuting students who are over the driving age, plus

—One parking space per 2 commuting students for colleges and universities (calculated according to the largest number in attendance for any work shift during an average day), plus

—One parking space per 4 students in high school and other secondary educational institutions over the driving age.

—One parking space for every ten (10) seats for all auditoriums, skating rinks, stadiums or other buildings with provision for exhibitions or athletic events. Parking spaces provided for other purposes which are available at the time of the exhibition or athletic event may be counted towards the parking required herein.

(h) Health care facilities shall provide parking spaces in accordance with the following requirements whenever any building is erected or added to subsequent to the adoption of this Ordinance:

—One parking space per four (4) patient beds, plus

—One parking space per each staff or visiting doctor (calculated according to the largest number in attendance at any hour during an average day), plus

—One parking space for each three (3) employees, including nurses (calculated according to the largest number in attendance for any work shift during an average day), plus

—Adequate number of spaces for hospital ambulances and similar vehicles.

(i) Parking spaces required for an Educational Institution or Health Care Facility need not be on the same lot with the main building or structure, so long as they are within an I-Zone or any other zone permitting commercial parking.

The number of insufficient parking spaces for Educational Institutions and Health Care Facilities calculated in accordance with the requirements as stated herein at the time of the adoption of this Ordinance shall be permitted under the terms of this Ordinance but shall not be allowed to be increased.

V. Add the following sentence following Paragraph 4. of Section 26 of Article II entitled "Only One Main Building on a Lot": Institutional buildings in the Institutional Zone shall not be restricted by this regulation.

VI. Article II entitled "Special Exceptions" of the aforesaid Zoning Ordinance is hereby amended by adding the following new Section 28:

Sec. 28. Special Exceptions for Institutional Uses Institutions as outlined in Subparagraphs A(2) and A(3) of Article IV-A shall be permitted within any R-Zone with the approval of the Board as provided for in Sections 91 and 92 whenever the Board finds such uses essential and desirable to the public convenience and welfare and finds such uses in conformance with the objectives of the Providence Comprehensive Plan; and the Board, in addition, shall find out the following criteria have been met:

(a) The proposed institutional use must meet the criteria of Section 1B and 1C of Article IV-A.

(b) The proposed institutional use cannot be reasonably located on any existing property of the institution within a zone in which the use is permitted.

(c) That parking is provided for the proposed institutional use in accordance the parking requirements outlined in Section 24 of this Ordinance for institutional uses.

(d) The proposed use is in conformance with the Institution's Master Plan on file with the City Clerk's Office of the City of Providence.
