September 23, 1975

The Honorable City Council
Committee on Public Works
City Hall
Providence, Rhode Island

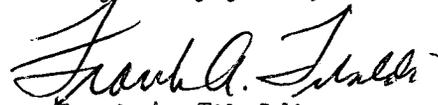

RE: Barbara Street and Melissa Street
STOP Control

Gentlemen:

The Traffic Engineering Department has undertaken a traffic survey at the above referred intersection relative to the establishment of a traffic control.

Our survey of this intersection does not provide us with the necessary warrants for the establishment of a STOP control. Traffic volumes are light and the accident history is good.

Very truly yours,

Frank A. Tibaldi
Traffic Engineer
