# RESOLUTION OF THE CITY COUNCIL

No. 389

Approved August 10, 1988

WHEREAS, There presently exists in the City, many areas of dirt walkways where sidewalks have not been installed, and

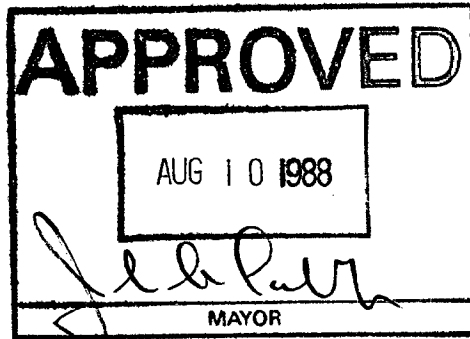

WHEREAS, The installation of sidewalks is costly for the property owners, as well as the City,

NOW, THEREFORE, BE IT RESOLVED, That the Director of Public Works is hereby requested to study the feasibility of entering into a partnership with owners of property for the installation of sidewalks, where there are presently dirt walkways, with a view towards the City and the property owner each paying one-half for the installation of sidewalks.

Councilwoman Carolyn Brassil  
Chairperson, Finance Committee of City Council  
93 Governor Street  
Providence, RI 02906

Dear Councilwoman Brassil:

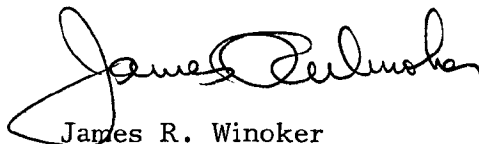

As you may be aware, I am now in the process of redeveloping the building at 400 Westminister Street, corner of Empire (Caesar-Misch Building).

I have been told that had the previous owner rebuilt the sidewalk on Empire Street alongside the above mentioned building, that the City would finish that sidewalk with brick pavers.

Since I am now in the process of redeveloping that building and will rebuild the sidewalk, I would appreciate the City's help in finishing the sidewalk with the above mentioned brick pavers.

Thank you very much.

Very truly yours,

  
James R. Winoker
