## Department of Public Parks

Forestry Division  
Dalrymple Boathouse, Roger Williams Park  
Providence, Rhode Island 02905

### DEPARTMENT OF PUBLIC PARKS

#### FORESTRY DIVISION

#### YEARLY WORK REPORT, 1980

<u>OBJECT DESCRIPTION</u>	<u>PROPOSED BUDGET</u>
Personal Services	\$237,793.60
Services Other than Personal	42,040.00
Materials & Supplies	14,450.00
Capital Outlay	<u>19,500.00</u>
TOTAL	\$313,783.60

Personal Services: The proposed figure \$237,793.60 represents an increase of \$75,517.60 over the previous years total of \$162,276.00. The proposed transfer of three (3) laborers from the outside parks division (02) to forestry (07) accounts for \$37,596.00 of this increase. The remaining sum is sought to provide for mandated union contract wage increases, and a hike in overtime allocation and management salaries.

Services, Other Than Personal: The funding in this code is up slightly over last years budget (+\$475.00). Contractor services, major truck repairs and the purchase of a new brush chipper were funded through this account.

Materials & Supplies: A proposed increase of \$15,000 is sought in the 1980-81 budget for materials and supplies. Inflation along with higher repair costs has made it necessary to increase significantly line items devoted to truck maintenance. Also, with the addition of a new skyworker and chipper to Forestry, more funding will be needed for the yearly upkeep of these new vehicles.

Capital Outlay: The proposed allotment for capital expenditures is the same as last years figure \$19,500. The funding in 1980 was used to make payment (\$15,000) on a lease-purchase agreement for a new skyworker between the city and Rhode Island Hospital Trust Bank. The remaining monies was used to purchase a new engine(\$3,250.00) from J. J. Gregory & Sons, East Providence, R. I. for the stump cutter.

Personnel & Equipment: The number of employees working in the Forestry Division during 1980 fluctuated from a high of 25 in midsummer to a low (status quo) of 18 in fall. Basically there are 18 full time city employees on the Forestry payroll. Additional employees were financed by the CETA program (3) and the Department of Community Affairs (4), a state agency that administrates the Youth Corps program. The Youth Corps positions were terminated due to a federal cutback in the program on September 1, 1980. A reduction in the federal CETA program in October, 1980 had caused the termination of the three CETA positions.

Except for the proposed transfer of three (3) laborers from the outside parks division there were no changes to the Forestry Division staff in 1980. The following table is a breakdown of the classes of positions and the maximum number of employees proposed for the 1980-81 Forestry budget.

<u>Classification</u>	<u># of Personnel</u>
City Forester	1
Urban Forestry Specialist	1
Clerk IV	1
General Foreman	1
Tree Trimmers	4
Equipment Operators	5
Heavy Equipment Operator	1
Laborers	4

Other employees working in Forestry during 1980-81 year:

<u>Classification</u>	<u>Funding Source</u>	<u># of Personnel</u>
Laborers	Youth Corps	4
Terminated September, 1980		
Laborers	CETA	3
Terminated October, 1980		

Equipment: The equipment assigned to the Forestry Division work force consist of the following:

<u>TYPE</u>	<u>MAKE</u>	<u>SIZE</u>	<u>CITY REGISTRATION</u>
Bucket Trucks	(1)Skyworker 1045	52' Height	#234
	(1)International(1968)	38' Load- star 1600 cab	#1789
	(1)Skyworker 1045A(1979)	50' Height	#2206
Dump Trucks	(2) Ford (1979)	12' Stake Body F378	#2163-2164
	(1) Ford (1979)	5 cu. yd. F378	#2246
Pick Up	Ford 1972	3/4 Ton F-100	#1399
Other	Chev. 1964	500 gal. Water Truck	#517
Vehicle	Chev. 1969	Wagon Nomad	#1534
Chipper	Mitts/Merrill	12" Chute F-300	
Chipper	Asplund 71880	Jey 12" Whisper	
Stump Grinder	Vermeer 1975	Model #665	

Lastly, forestry has a current inventory of fifteen (15) Homelite, five (5) Stihl, one (1) Pohlen and one (1) Partner gas powered chain saws. This standing inventory is valued at approximately \$3,400.

Equipment purchases: In March 1980 the Forestry Division had taken delivery on a new 1980 Skyworker Model 1045A from Consolidated Utility Equipment Company, Amherst, N. H. This vehicle was actually obtained in 1979 through a lease-purchase arrangement between the city and Rhode Island Hospital Trust Bank. In this years budge, \$15,224.78 was committed from the capital outlay object code to meet the citys' obligation under the terms of this lease-purchase agreement. The final lease payment of \$5,074.78 will be provided for in the 1981-82 fiscal year budget.

Equipment purchases cont'd: A new engine for the Vermeer Stump Cutter was purchased from J. J. Gregory, Inc., in November 1980. The old engine was continually breaking down and required frequent and costly repairs. The cost of a new engine \$3,250.00 was deemed much more practical and economical when compared to the purchase price of a new stump grinder \$11,000.

A new Asplundh 12" JEY whisper wood chipper was purchased from CUES, Inc. in September, 1980. The cost for this unit, complete with trailer hitch and hour meter was \$8,999.00. The unit was paid for with monies available in the Forestry budgets miscellaneous services account #199. It is anticipated that this unit will assist management to lower dumping costs (whole brush vs. chips) while, at the same time, increase productivity and disposal efficiency (less time, less manpower) in tree removal, trimming operations.

Work Report - There were 255 potential work days during January 1-December 31, 1980. The number of actual work days, defined as those days in which forestry personnel actually engaged in work related operations, totaled 244. The number of potential work days lost in 1980 were 11. These nonworking days occurred as a result of either inclement weather or other unmitigating circumstances. Absenteeism due either to sickness or other personal matters amounted to a loss of 308 men work days. This figure represents a slight decrease from last years total of 352. There was also a loss of 84 men work days from job related injuries in 1980. Down-time for equipmentbreakdown among the entire Forestry vehicle force totaled 98 days. This figure for 1980 represents a decrease of 70 days when compared to 1979.

The amount of overtime issued in 1980 totaled 1,952 man hrs., a substantial increase over the 1979 figure of 1,244. The cost for this overtime in 1980 was \$14,760.00 a breakdown on how this overtime was issued is as follows:

1. Storm Emergency	932 Hrs.
2. Tree Removals	324 Hrs.
3. Tree Planting	156 Hrs.
4. Tree Watering	260 Hrs.
5. Tree Trimming	250 Hrs.

Tree Removals: There were approximately 504 trees removed from public property under the direction of the Forestry staff in 1980. Of this total, 426 trees were felled by city forces and the remaining 78 by private contractor. As a total tree removals for 1980 were down (158) from the previous years total of 664. The number of trees removed by city forces translated into the disposal of 7,550 diameter inches, a decrease of 681 inches from 1979.

Tree Removals cont'd: The Bartlett Tree Expert, Inc., was responsible for causing the removal of 78 public trees at a cost of \$8,680.80. The average cost of these removals by private contractor was \$111.00 per tree. These removals were paid with city funds in the forestry budgets miscellaneous services account #199.

As of December 31, 1980, there was an outstanding backlog of 118 public trees marked for removal.

Stump Removals - Approximately 452 stumps were removed on public property by city and private forces during 1980. Of this total city forces were responsible for causing the removal of 375 stumps, while the Bartlett Tree Expert Co., Inc. removed the remaining 77. The 452 stump removals translates into the disposal of 14,080 inches in 1980. This figure represents a decrease by 10,845 inches from the 1979 total. The average size stump removed was 32" in 1980.

The total cost to remove the 77 stumps by private contractor was approximately \$4,508.20. This expenditure was paid with city funds in the forestry budgets miscellaneous service account #199.

Tree Pruning: Some type of pruning was performed by Forestry personnel on approximately 944 public trees in 1980. Out of this total 718 trees were pruned in response to citizen requests for public assistance. The remainder of the pruning work was done throughout the various public parks around the city. Over 12,708 diameter inches of the city's tree stock benefited by the pruning operations performed in 1980. Work records indicated that in 1980, 70% of all pruning operations were devoted to either cutting back (35.4%) branches from private property or raising up (35.6%) low limbs for public safety. Deadwood removal (22.5%), and street light clearance (8.5%) constitute the other maintenance pruning work performed on public trees in 1980.

Miscellaneous: - Forestry work crews responded to over 1,435 requests by city residents for public assistance in 1980. Although a majority of these requests involved trimming work, over 491 were directly related to removing fallen debris in streets, wasps' nests, hanging branches and delivering crystals to city residents.

Tree Planting: - Approximately 350 Sugar Maple trees (2"DBH) were purchased from Forest Hill Nursery's, Inc. for \$17,000.00 and planted throughout the city during fall, 1980. The funding was allocated from the miscellaneous services account #199. The tree program was initiated to honor individual tree requests by city residents that have accumulated over the past four years. City Forestry crews were responsible for installing the street trees. A breakdown by location of tree placements is included within this report.

## MAJOR REPAIRS TO FORESTRY EQUIPMENT IN 1980

<u>DESCRIPTION</u>	<u>EQUIPMENT</u>	<u>COST</u>
Rebuilt Starter #243		\$ 78.40
Repairs to chain saws	Homelites (5)	240.80
Radiator repair	Skyworker #234	45.00
New tire rim	Dump #2163	30.00
New Engine	Stump Cutter	3,250.00
Repairs to chain saws	Homelite (2) )	
	Stihls (3) )	254.13
Radiator repairs	Pick up #1399	65.00
Rebuilt starter	Skyworker #1789	35.00
Radiator repair	Water truck #1715	45.00
Skyworker Inspections	#2206, #234	430.00
Rebuilt transmission	Pick up #1399	455.00
Rebuilt starter	Skyworker #234	45.00
Repairs to chain saws	Homelite (4)	153.00
2 sets teeth carbide	Stump Cutter	189.00
Tires (4)	Pick up #1399	200.00
Outrigger repair	Skyworker #1789	657.00
Tires (5)	Car #1523	300.00
Replace clutch, transmission	Skyworker #1789	1,206.85
Windshield replaced	Skyworker #234	129.72
New gear box, flanges	Skyworker #1789	1,475.00
Radiator repair	Skyworker #234	45.00
Inspection Repairs	Skyworker #234	2,250.06
Inspection Repairs	Skyworker #2206	1,516.00
Repairs, hydraulic hose	Skyworker #234	254.00
	TOTAL COST	\$13,465.00
