

THE CITY OF PROVIDENCE
STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS

RESOLUTION OF THE CITY COUNCIL

No. 335

Approved June 3, 1982

RESOLVED, DECREED AND ORDERED

That the following named street shown as cross-hatched area on the accompanying plan entitled "Providence, Rhode Island, P.W. Dept. - Engineering Office, City Property Section Plan No. 064181, dated March 3, 1982",

VIZ:

Portion of Atwood Street, from Sterling Avenue to Wallace Street, shown as cross-hatched area on the accompanying plan and designated by the letters (A-B-C-D-A), having ceased to be useful to the public and is proposed to be abandoned as a Public Highway, the damage to the abutters is appraised at nothing and so awarded and it is further

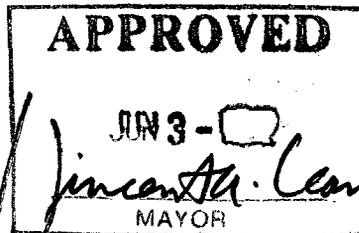

ORDERED, That the Director of Public Works be and he is hereby directed to cause a sign to be placed on the above-named highway, abandoned as aforesaid, having thereon the words, "Not a Public Highway" and it is further

ORDERED, That after the entry of this order or decree the City Clerk shall cause a notice thereof to be published in a newspaper, published in the County of Providence at least once a week for three successive weeks and a further and personal notice shall be served by the City Sergeant upon every owner of land abutting the above-named highway which has been abandoned, who is known to reside within the State.

CPC Referral No. 2053 - Abandonment Portion of Atwood Street from
Sterling Avenue to Wallace Street

A communication from the Committee on Public Works dated February 19, 1982 contained a proposal to abandon the entire width of that portion of Atwood Street from Sterling Avenue running southerly for a distance of approximately four hundred forty-eight ft. (448') to Wallace Street. The petition was submitted by Robert Corsi at 22 Sterling Avenue and was introduced to the City Council by Councilman Dillon and Councilman Flynn by request of the petitioner and was referred to the Committee on Public Works on February 18, 1982 for further study.

A field inspection revealed that the entire Atwood Street runs southerly from Sterling Avenue to Union Street. The only portion of Atwood Street in question is an unimproved street without curbs, pavement and sidewalks. But it is grassed and fenced at both ends of the subject portion of the street. As indicated on the Assessor's Plat Map, this 40 ft. wide street runs northerly from Wallace Street for a distance of approximately 250 ft. and sloping sharply downward 28 ft. within a distance of approximately 90 ft; then it runs for a distance of 108 ft. to Sterling Avenue. The topography of the street in question precludes the possibility of its ever being developed as a through street. There is no utility line under that portion of the street. There are vacant lots at the easterly side of the street except a single family house (petitioner's home) at the corner of Sterling Avenue and Atwood Street and a six dwelling unit structure at the corner of Wallace and Atwood Streets. There is a City playground at the westerly side of the street.

Based on the above findings, the Department of Planning and Urban Development recommends that the Commission advise the Committee on Public Works that no objection is offered on this petition.

PROVIDENCE, RHODE ISLAND

March 15, 1982

Committee on Public Works
c/o City Clerk
City Hall
Providence, Rhode Island 02903

Attention: Michael Clement

Subject: Referral No. 2053 - Abandonment Portion of Atwood Street
from Sterling Avenue to Wallace Street

Gentlemen:

The City Plan Commission, at its March 3, 1982 regular monthly meeting, reviewed and evaluated the subject petition which contained a request by Robert Corsi at 22 Sterling Avenue for the abandonment of a portion of Atwood Street from Sterling Avenue to Wallace Street for a distance of approximately four hundred forty-eight feet (448').

A field inspection revealed that the entire Atwood Street runs southerly from Sterling Avenue to Union Street. The portion of Atwood Street in question is presently unimproved and has no curbs, pavement or sidewalks. It is grassed and fenced at both ends of the subject portion of the street. As indicated on the Assessor's Plat Map, this 40 ft. wide street runs northerly from Wallace Street for a distance of approximately 250 ft. and sloping sharply downward 28 ft. within a distance of approximately 90 ft; then it runs for a distance of 108 ft. to Sterling Avenue. The topography of the street in question precludes the possibility of its ever being developed as a through street. There is no utility line under that portion of the street. There are vacant lots at the easterly side of the street with the exception of a single family house (petitioner's home) at the corner of Sterling Avenue and Atwood Street and a six dwelling unit structure at the corner of Wallace and Atwood Streets. There is a City playground at the westerly side of the street.

After due consideration, the Commission voted to render the following recommendation to the City Council:

"To recommend that this petition be approved subject to receiving a statement of no objection from the other property owners of those lots at the easterly side of that portion of Atwood Street in

page 2 - Referral No. 2053

question. If no such statement were given, the Commission recommended that the only portion of Atwood Street adjoining the petitioner's property be abandoned".

Very truly yours,

Stanley Bernstein
Director.
