An Ordinance Granting to the Thayer Street Management District Authorization to Operate as a "Business Improvement District", as Amended.

*Be it ordained by the City of Providence:*

*Whereas*, The Providence City Council, pursuant to R.I.G.L. Title 45, Chapter 59, has the authority to establish Business Improvement Districts; and

*Whereas*, The Providence City Council has amended Chapter 21 of the Code of Ordinances of the City of Providence by adding Article XIII, to provide for the creations and functions of Business Improvement Districts; and

*Whereas*, Petitions bearing the signatures of the owners of more than sixty percent (60%) (by assessed valuation) of the real property within a proposed Thayer Street Management District have been submitted to the Providence City Clerk; and

*Whereas*, The Thayer Street Management District Authority seeks to insure the continued vitality of the business district on Thayer Street and adjoining side streets in the City of Providence, and to retain and attract new businesses and investment; and

*Whereas*, Neither the state law nor this Ordinance contemplate any erosion of the City's powers and authority; and

*Whereas*, The petitioners agree that the City's jurisdiction to issue permits and approvals is retained, and that none of the purposes or powers included within the grant of authority contained herein shall be exercised to limit the City's jurisdiction; and

*Whereas*, The Providence City Council desire to set forth its expectations regarding the relationship between the Thayer Street District Management Authority and the Council; and

*Whereas*, The petitioners have expressed a desire to cooperate in the implementation of the Thayer Street Management District, so as to guarantee that the City will be held harmless and will be made whole for any claims, suits, or uncollectible accounts arising from actions of the Thayer Street Management District Authority; and

## PERSONAL EXPRESSION

COUNCILWOMAN DiRUZZO Requests the privilege of the floor to speak on a Point of Personal Expression and states: Unfortunately, I was not able to attend last evenings Finance Committee on the discussion of the neighborhood libraries and I understand the meeting has been continued to Monday evening and Monday morning I am having surgery so I will not be able to attend that meeting. I want to be sure that my name is added to the list of wanting to know exactly what's going on with regard to our neighborhood libraries. That is a very soft spot with me and they're lucky I wasn't present at the meeting last night as I'm sure you are all aware of. This Olneyville branch of the Providence Public Library is a treasure in the neighborhood and they're going to have to kill me before they close it because the people take care of that as well. We need these libraries. I can't understand this. We have been so good to the Providence Public Library with regard to financial help over the years and every time a problem arises the neighborhood libraries are threatened. We can't allow this to happen. That's the last thing they should address or think of, or consider and that is closing the libraries. We have very little to offer our people as it is within the neighborhoods. We don't want to loose them. It took me eight years to get the library open in Olneyville and it was push and shove all the way and I dear say they better not try to close it. Now, perhaps that isn't a threat, perhaps I'm getting ahead of myself but let me back track. A couple of weeks ago I was watching the news and I watched the news with regard to the Washington Park library. I couldn't believe what I was

watching. I said so the ceiling is leaking, I know that plus it's a health hazard. However, I'm sure if the Councilman knew about it or was made aware of it or was included or talked to, he would have made arrangements to have that repaired. I know he would have. So my first impression was oh my God what's happening, why isn't anyone handling this, why isn't anyone talking about it. Well, needless to say when I picked up the paper this morning I understand that is was discussed last night and I understand there is an air quality problem and there is one in Olneyville that I'm not aware of. I get calls all the time for help for the library. I get calls all the time to attend meetings and I'm not able to attend all of them but I try to accommodate but I never got a call with regard to any problem in Olneyville about air quality in the building because now that I know about it of course we will be addressing it. There are many ways for us to address issues like that so it will be a well kept secret. I wanted to make sure that I go on the record of expressing myself any my interest in whatever happens to all of our neighborhood libraries. Not only mine or what I consider mine but all of our neighborhood libraries. We have to fight to keep them open. Not only the children benefit from the library, everyone benefits from the library. The senior citizens, all patrons. So it's important to me and because I won't be able to attend I know that Councilman Mancini is going to express my interest in it and I'm sure he did last night and I thank you for that.
