## CITY OF PROVIDENCE

Jorge O. Elorza, Mayor

March 11, 2016

Honorable Jorge O. Elorza  
Chairman, Board of Contract and Supply  
City Hall  
Providence, RI 02903

Dear Mayor Elorza,

### DATA CABLING INSTALLATION AT 444 WESTMINSTER ST.

The Information Technology Department has been working with the owner of the City Administration building at 444 Westminster Street to design additional network connections throughout offices on all three floors. These connections will service the new staff in the Inspection and Standards offices, support networked credit card terminals at the service counter, replace faulty wiring for Planning staff, and support additional wireless access points in the Law Department. The building owner has directed the City to work with Precision Power, LLC, as their preferred electrical and low-voltage wiring vendor.

The IT Department has negotiated a rate of \$7,850.00 for this work, and is requesting a sole-source award of this contract to Precision Power, LLC. This vendor has experience wiring the existing offices within the building, has staff familiar with the wiring layout, and has been prequalified by the building owner to perform construction work within their facility. The vendor will be responsible for any required permits to do this work.

Funds are available through the Information Technology Budget, in Account Code # 101-204-52905, and the cap is \$7,850 in Fiscal Year 2016.

Respectfully submitted,

  
Jim Silveria  
Chief Information Officer
