Councilwoman Josephine DiRuzzo
Chairwoman, Urban Redevelopment
Renewal and Planning Committee
Providence City Hall
25 Dorrance Street
Providence RI 02903-1789

Dear Councilwoman DiRuzzo:

In reference to the proposed resolution which would change the property located along 206 Elmwood Avenue to 1 Jaguar Plaza, I believe that these types of changes may tend to compromise the numbering system the City of Providence now maintains.

Presently, there are approximately 16 buildings in the downtown area that have been given out-of-sequence or unique addresses. Attached is a list of these locations. If we (jointly) allow this practice, an erratic address system in the City of Providence could occur which might result in chaotic conditions not only for the Postal Service, but for the City's Police and Fire Departments as well as others attempting to locate these addresses. I suggest your committee take these issues into consideration and review this resolution. Our recommendation is to retain the present address sequence.

I would like to express my appreciation for your notifying the Postal Service of the proposed resolutions for the city, and I hope our input is of assistance to you and the City Council in making a decision. If it would be beneficial, we would be more than willing to sit down to discuss this or any other address issues with you or members of your committee.

Very truly yours,

Wallace Kidd
