PETITION TO THE CITY COUNCIL

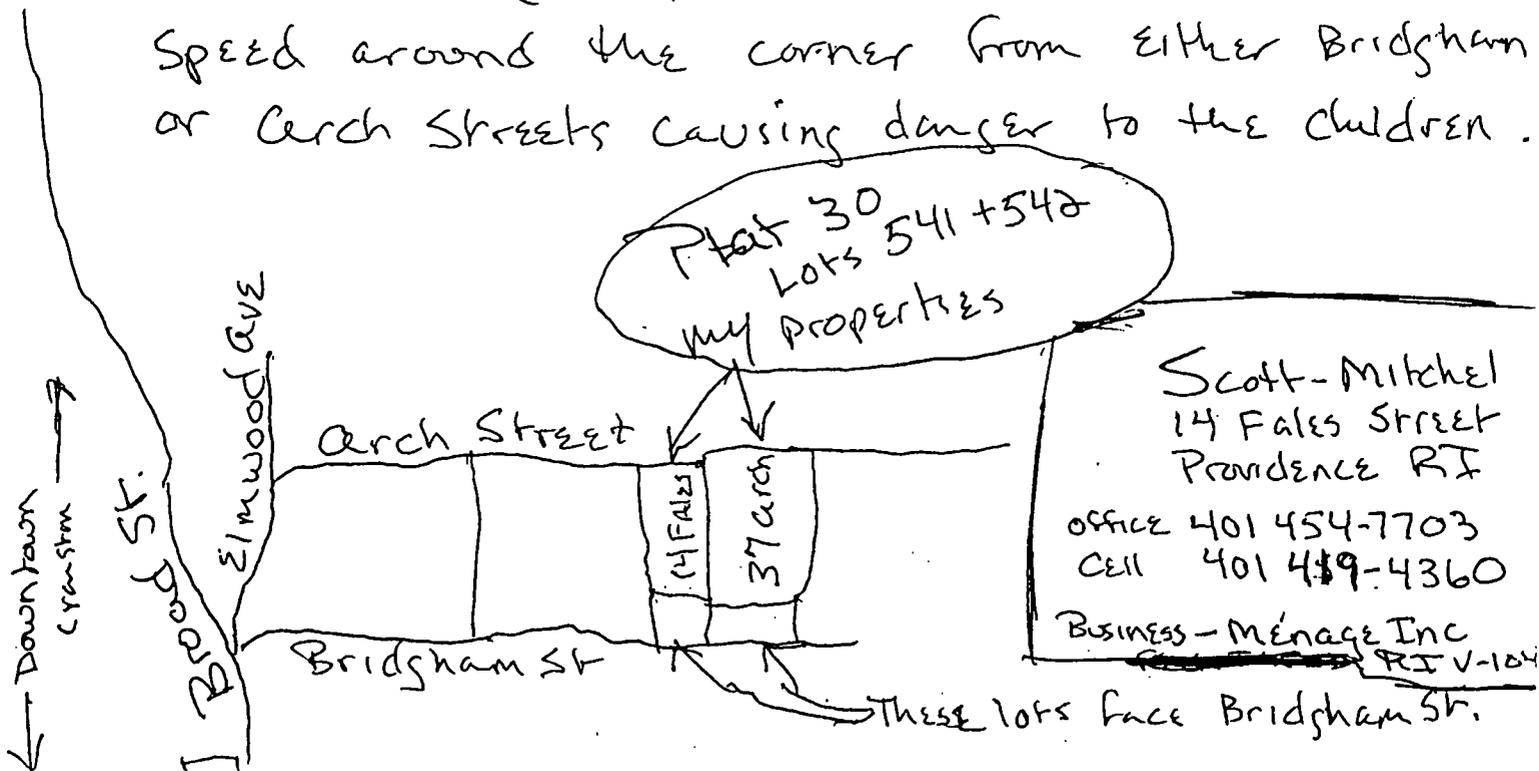

TO THE HONORABLE CITY COUNCIL OF THE CITY OF PROVIDENCE:

The undersigned respectfully petitions your honorable body

Petition for Abandonment of Fales St.  
Providence, RI.

I recently purchased the properties on both sides of the street. My home & business (14 Fales Street) is the streets only address.

Reasons include minimalizing drug traffic in and out of the neighborhood. Limiting access to my lot which frequently is littered w/ abandoned, stolen cars. The neighborhood is full of small children and the cars coming in and out (not people from the neighborhood) speed around the corner from either Bridgham or Arch Streets causing danger to the children.

After review of the petition to abandon Fales Street (see attachment), the Fire Department has no objection provided that no permanent barriers are constructed that would prohibit access by Fire Department apparatus to the Fales Street side of the building. A locked gate that swings open to allow access by emergency vehicles would be acceptable.

Pursuant to your request I have visited the site referenced above. The purpose of this visit was to determine Fair Market Value. The site contains 4,000 sq. Ft. and is zoned residential (R-3). The site will require an easement for a private drainage line as depicted on the map provided by the Public Works Department. The easement would preclude any building construction on the site. Therefore it would reduce the actual value by 50%.

## PROVIDENCE CITY PLAN COMMISSION

*"Planning The Future of Providence"*

July 17, 2002

Chair  
Committee on Public Works  
City Hall  
Providence, RI 02903

Attn: Anna Stetson, Second Deputy City Clerk

**Re: CPC REFERRAL NO. 3195: Proposed Abandonment of Fales Street**

Dear Committee Chair:

The City Plan Commission at its regular meeting on Tuesday, July 17, 2002 reviewed and evaluated the request of the Committee on Public Works that the Commission review and make a recommendation regarding the proposed abandonment of Fales Street.

The Commission made the following findings of fact as required by the *City Plan Commission Handbook* Policy No. 1: "Criteria and Guidelines for Approval of Street, Highway and Rights-of-way Abandonment":

1. *A public interest has to be clearly demonstrated. A public interest is defined as one or more of the following: public health and safety, adequate provision of transportation, general improvement of traffic patterns and/or circulation, convenient access to properties, avoidance of a nuisance, significant economic development, preservation of a historical or cultural feature, and improvement of the general welfare of the community.*

This abandonment would not be detrimental to the public interest. Traffic patterns would not be adversely impacted.

2. *No negative impact is evident on existing land uses, future plans, zoning, safety, health or welfare of the community by the proposed abandonment.*

No negative impacts from this abandonment are anticipated.

3. *All abutting landowners agree to the proposed abandonment.*

The petitioner, Mr. Scott Mitchell owns property on either side of part of Fales Street, fronting on Arch Street (Plat 30, Lots 541 and 542). Another owner, a company named "Historic West End 2" owns the two other lots that abut Fales Street and front on Bridgham Street (Plat 30, Lots 551 and 552). The other owner would have to agree to the proposed abandonment and would have the right to acquire the portion abutting his property.

4. *No physical or legal access will be denied to any land or property in surrounding areas by the proposed abandonment.*

No access will be denied to surrounding areas.

5. *No existing or future public services or facilities need to be protected, provided, or maintained within the right-of-way. An easement retention may be necessary to provide access to, maintain, or provide existing or future service or utility needs.*

It is not known whether public services or facilities need to be protected, provided, or maintained within the right-of-way. The petitioner would need to grant easements if necessary.

6. *The proposed or intended use of the street and/or adjacent properties must be shown on a petition or plan, and such use shall be in conformance with existing zoning and Comprehensive Plan Objectives.*

A petition and plan have been provided. This proposal is consistent with the Zoning Ordinance and Comprehensive Plan.

The Commission voted to recommend to the Committee on Public Works that it approve the subject abandonment with the condition that any necessary easements be granted.

Sincerely,

Robert E. Azar  
Administrative Officer
