Re: Abandonment of Lockwood Street  
from Plain Street to Hospital Street

Dear Councilman Matera:

Under date of April 27, 1964, we forwarded to your Committee a copy of a letter which we received from Edwards and Angell, attorneys for the Rhode Island Hospital, regarding the possibility of abandoning Lockwood Street from Plain Street to Hospital Street. We also enclosed a copy of our letter to the Water Supply Board dated April 24, 1964 showing the cost of relocating the 20" feeder that is presently located in Lockwood Street to be \$56,658. At the direction of the Water Supply Board a copy of the letter to the Board was forwarded to Edwards and Angell.

Quite some time ago, Mr. Oliver Pratt, Executive Vice President of the Hospital, conferred in this office when the Rhode Island Hospital first contemplated the abandonment of Lockwood Street. It was explained to Mr. Pratt that this important feeder could not be abandoned without disrupting a wide area of our distribution system. It would affect the service to the Narragansett Electric Company and curtail the flow of water for general use as well as fire protection to the East Side and Fox Point sections of Providence. We informed Mr. Pratt the cost of relocating the 20" feeder in Plain Street, Borden Street and Service Road #1 would have to be borne by the Rhode Island Hospital.

We respectfully request that your Committee consider withholding action on this proposed abandonment until the Rhode Island Hospital files a check in the amount of \$56,658 with Mr. Philip Pitassi, City Collector, to cover the cost of relocating the present main in Lockwood Street so that it will be installed in Plain Street, Borden Street and Service Road #1.

Yours very truly,

PLAIN STREET TO HOSPITAL STREET

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Tuesday, August 11, 1964.

This referral is a request for the abandonment of Lockwood Street from Plain Street to Hospital Street.

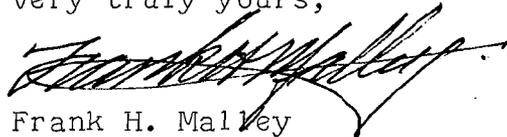

On an inspection and photographic survey it was determined that Lockwood Street is a through street and is surfaced and curbed.

Since the abandonment of the street will not affect the traffic circulation pattern of the area and nobody except the petitioner would be affected, therefore,

Subject: Abandonment Lockwood Street, Providence I-95(2)36.

Attention: Stephen A. Fanning, Jr.

Gentlemen:

The State has no objection to the abandonment of Lockwood Street between Plainfield and Hospital Streets. The abutting parcels at the Hospital Street corners ~~are~~ parcels 2 and 3 of state condemnation plat 1074 and parcel 10 state condemnation plat 1080. Technically these areas in the related streets are covered by the general covenants of the condemnation but are not within the established taking lines. Obviously with the discontinuance of Lockwood Street the perogatives in the street serve no useful State highway purpose.

It is my understanding that there is in process of reversion to the Rhode Island Hospital of the remnants of parcel 3 which was formerly owned by the hospital. Likewise, a part of parcel 10 plat 1080 may no longer be needed for highway purposes and could be treated in the same manner. Hence would it not be possible to include with such transactions the release by the State of all claim to the Lockwood Street rights if any?

Any reservation or release must meet the stipulations of the Federal highway authority. We do not anticipate any difficulty in the present situation and will be pleased to co-operate to the full extent of our authority.

Under date of July 8, 1964, we received an official memorandum from the City Clerk's Office regarding the proposed abandonment of Lockwood Street, Cory Street and Barclay Street. The Lockwood Street abandonment was petitioned for by the R. I. The other two streets, Cory and Barclay Streets, were petitioned for abandonment by the Housing Authority of the City of Providence. The depreciated value of our facilities in these two streets follow:

\$1554.61

Total \$2275.62

It is requested that your Committee consider withholding favorable action on the abandonment of these two streets until the Housing Authority deposits a check with the City Collector in the amount of \$2,275.62 which covers the depreciated value of our water facilities in both these highways.

Yours very truly,

Philip J. Holton, Jr.
