The Common Council meet pursuant to adjournment the President in the chair and a quorum present.

The Record of the last meeting is read and approved.

Mr McCarthy asks for the ruling of the President upon Rule 8. of the Rules of order of the Common Council viz: He said: I will ask the President to rule upon the point whether a motion to lay a motion to reconsider a vote that has been passed by the Common Council, upon the table, is in itself, a decision of the motion to reconsider?

The President:- "The Chair would state that it has been the precedent and practice in this body for several years, and has been so held by three or four of my immediate predecessors, that when a motion to reconsider is laid upon the table, a motion in

Mr McCarthy's point of order.

writing or subsequent motion to re-consider cannot be entertained. That was the reason that the Chair ruled your motion out of order at the last meeting. When a motion to re-consider is laid on the table the Chair rules that it is a decision of the motion to reconsider."
