**CITY CLERK'S OFFICE—OFFICIAL MEMORANDUM**

Providence, R. I., September 17, 1957

TO: William E. McCabe, City Solicitor

SUBJECT: Section 2 of Chapter 342 of the General Laws of 1938, entitled  
"Zoning Ordinances".

CONSIDERED BY: Committee on Ordinances

ACTION TAKEN: Joseph Kelley, Attorney for several objectors to the petition of the City of Providence, a copy of which is attached, questioned the right of the Mayor of the City of Providence, the petitioner in this instance, to first petition for the proposed change and the right to subsequently approve the granting of the petition by the approval of an accompanying Ordinance.

He raises the question of the right of the City as a party of interest, not being owners of any immediate property in the area, and cites the following case - Tripp vs. the City of Pawtucket, reported in Atlantic Reporter 123, 2nd 414.

The Committee desires a written opinion on the above.

SUBJECT: Referral No. 924 - ZONING CHANGE ON PLAT 32

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Tuesday, September 10, 1957.

This referral is a request for a change of zoning from R-4 to M-1 on Assessor's Plat 32.

On the field trip it was found that the area in question is mostly occupied by two- and three-family dwellings which are in a run-down condition.

Due to the run-down condition of the housing in this area, and the need of industrial expansion,

The Commission

VOTED: To offer no objection to the granting of this petition.

Very truly yours,

John F. Brock, Chairman  
Committee on Ordinances  
City Hall  
Providence, Rhode Island

Dear Sir:

Your memorandum of September 17, 1957 requests my opinion as to the validity of the argument made by Mr. Kelley, attorney for several objectors to the petition of the City of Providence to amend the zoning map so as to change the zoning of a certain area in the vicinity of Carpenter, Knight and Bridgham Streets. Apparently the petition was filed by the City of Providence which does not own any of the property for which a change in zoning is requested. Mr. Kelley's objection apparently is two-fold. In the first place he questions the right of the Mayor of the City of Providence to sign a petition for the change and subsequently to possibly approve the passage of the ordinance. I assume his objection is based upon some contention that by signing the petition he has disqualified himself from subsequently passing on the ordinance. I do not feel there is any merit in this claim. This is not a judicial or quasi judicial proceeding but a legislative matter. The Mayor is, therefore, not disqualified from subsequently acting on the petition in the same way that a judge or other arbiter might be considered disqualified.

In the second place, Mr. Kelley apparently contends that inasmuch as the City is not an owner of any property in the area in question it is not a party in interest and is not qualified to file a petition. He cites the case of Tripp vs. City of Pawtucket in support of his position. That case has no bearing on the present situation. That involved an application to a Zoning Board of Review for a variance and the petitioner was under the law required to show a hardship. The Court rightly pointed out that in view of the fact that petitioner did not have any present interest in the property for which the variance was sought, he could not allege any hardship. The case is clearly distinguishable from the present one where hardship is not requirement. Chapter 342 of the 1938 General Laws authorizes passage of zoning ordinances and does not require that the passage of any zoning ordinance be conditioned upon the signing of a petition by a party in interest. As a matter of fact it does not require that any petition be filed, and while that has

CITY OF PROVIDENCE  
RHODE ISLAND

LAW DEPARTMENT

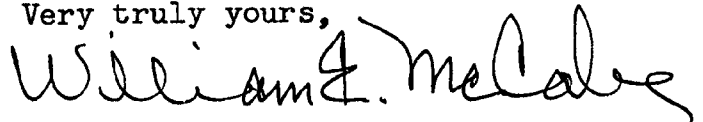

To John F. Brock, Chairman

PAGE 2

been the procedure followed in Providence, a proposed zoning ordinance could be initiated without a previous petition. The enabling legislation simply requires that before enactment of any ordinance a public hearing be held but does not refer to the matter of initiating such change.

I am, therefore, of the opinion that the City of Providence is within its right in filing the petition in question.

Very truly yours,
