**DE WITT'S
PAIN RELIEVER,**

For External and Internal Use.

The best and most reliable remedy ever offered to the public, for the cure of Coughs, Colds, Cuts, Burns, Bruises, Sprains, Swellings, Chilblains, Toothache, Cholera, Cholera Morbus, Pains in the Chest, Back and Sides, Indigestion, Rheumatism, Colics, and all external and internal pains.

This Medicine is prepared from articles purely Vegetable, and one trial will establish its valuable qualities for the cure of any of the above ailments. It justly has the supremacy over all others, because,

1st. It is stronger, quicker in its action, and more certain in its cure than any known remedy.

2d. Its composition affords a pleasant perfume, and is therefore perfectly agreeable to use on the person.

3d. It is purely vegetable, and therefore cannot harm the most delicate constitution.

4th. It will not stain or injure the most delicate fabric, and the clothes of the patient and the bandages used, are therefore free from the unsightly and generally unremovable stains that accompany the use of any other known remedy.

In short, it is what it pretends to be, a "Cure for all Pain." Numerous certificates might be attached in proof of this assertion, but space will not here allow. The trial of a single bottle will convince the most skeptical.

It is put up at a small price, so as to be within the reach of all.

PRICE 25 CENTS PER BOTTLE.

For sale by all agents for Rhodes's Fever and Ague Cure, and by respectable dealers generally in this and other cities.

H. H. BURRINGTON,

AGENT FOR RHODE-ISLAND.

WOLSTENHOLME'S HELION LIGHT, SELF-GENERATING GAS LAMPS.

The HELION LAMPS are a self-generating Gas Lamp, decidedly the most intense and beautiful illumination, with only one exception, viz *Helios*—the Sun, from whom it derives its name.

By these lamps a light of greater brilliancy and intensity than the best Gas can be had in every house in town and country; and better still, be, at the same time, portable.

It has now proved itself since its introduction, to be the BEST means of portable illumination yet introduced to the public. Its recommendations are numerous.

They are chiefly these:

1st. Its brilliancy and beauty. The same measure of flame of this light will illumine a larger circle than any other artificial light.

2d. Its cheapness. The same amount of light cannot be obtained by any other means at the same cost. For a given amount of light, the Helion Oil, at \$1 per gallon is as cheap as burning fluid would be at 25 cents.

3d. Its uniformity, and simple and easy management. When once lighted there is no trouble with it, or variation, till it is burnt out. A child ten years of age could manage the whole, as simply as a candle.

4th. Its safety. Aside from oil lamps these are the

SAFEST LAMP IN USE.

During a thorough experience of four years, the manufacturer has not been able to see how his entire confidence in this particular, can be abused. He has sold thousands upon thousands of these lamps, and not one disaster has yet occurred. Then who will use oil, or burning fluid who can obtain the Helion Lights?

5th. The purity and odor of the oil is such as will please the most fastidious. CALL AND SEE, AND JUDGE OF THE TRUTH.

Thousands of commendations could be appended, but it is deemed unnecessary.

The Helion Oil can only be had of the subscriber, who is the sole Manufacturer, and his Agents.

More Agents wanted to spread it through every town and village, to whom exclusive sale of HELION LAMPS, FITTINGS, and OIL will be given.

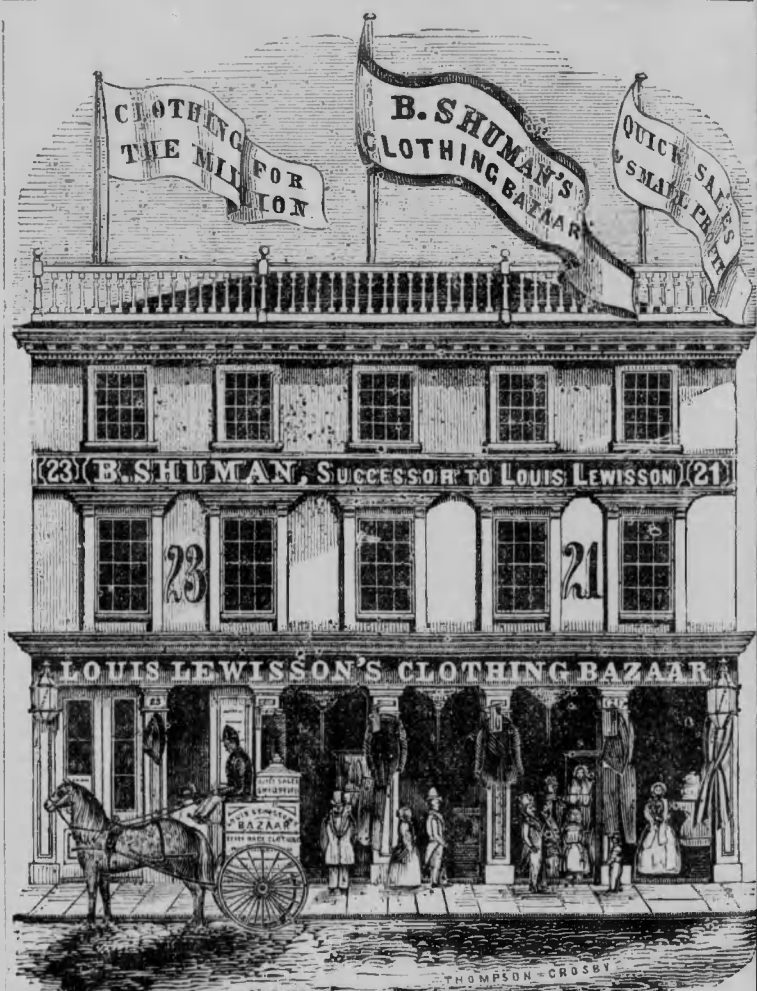

HELION LAMPS

in every style, from 62 cents to \$10, constantly on hand; Fluid and Oil lamps of every kind adjusted to the Helion at the Furnishing Depot, 67 Broad-street.

JAMES POTTLE, Agent.

JAMES WOLSTENHOLME, Sole Manufacturer.

WHEELER & WILSON'S
MEDAL
FAMILY SEWING MACHINES,

WHICH OBTAINED THE

HIGHEST AND ONLY MEDAL

For FAMILY Sewing Machines, at the late Fair held at Faneuil Hall, October, 1856.

These improved Machines are rapidly coming into general favor, and are acknowledged to be the ONLY machines adapted to

FAMILY USE.

The unanimous favor which has attended the introduction of Wheeler & Wilson's FAMILY SEWING MACHINE, is sufficient evidence of its excellence. It is needless now to say that this useful instrument is becoming a domestic institution; the fact is recognized by its successful use in thousands of families in every rank of life. To those who have hitherto refrained from availing themselves of its advantages, it may not be amiss to say that its utility is not a problem to be solved, but a success already realized. The highest testimony is constantly offered, confirming this verdict, which has given this instrument so wide and enviable a reputation. These machines are sold and exhibited at

THE

PROVIDENCE DIRECTORY,

ENLARGED AND IMPROVED,

FOR THE YEAR

1857.

PROVIDENCE:
H. H. BROWN, 3 S. MAIN STREET.
1857.

Entered according to act of Congress, in the year 1852, by HUGH H. BROWN, in the Clerk's Office of the District Court of the District of Rhode-Island.

P R E F A C E .

SINCE our last issue, the following streets have been re-numbered, under the direction of EDWARD R. YOUNG, Esq., a sufficient guarantee that the work has been faithfully done, viz. Weybosset, Dorrance and West Water streets and Exchange place. There are many others which need to be re-numbered as much, or nearly as much, as the above, which it is presumed our city fathers will attend to in due season.

During the last spring, President street was annexed to Waterman street; Broad street changed to Weybosset, and altered back to Broad, the same as it stood before. These changes took place while we were collecting the names, and may have led us into some errors, though we have taken much pains to avoid them. It is to be hoped no more unnecessary changes in the names of our streets will be made.

It is frequently the case, that persons in looking for names in a Directory, do not find them, and hence suppose they are omitted altogether, when the fact is they are correctly inserted; but the name sought being spelled differently from what the examiner supposed, it is not found. There are many family names pronounced alike, yet spelled very differently. Such names as *Pearce*, *Pearse*, *Pierce*, *Peirce*—*Chace*, *Chase*—*Simmons*, *Seamans*—*Monroe*, *Munroe*—*Hassard*, *Haszard*, *Hazard*—*Easterbrooks*, *Estabrook*—*Pearson*, *Pierson*—and many others which might be named, will illustrate this.

LIST OF STREETS, LANES, BLOCKS, &c.

REFERRED TO IN THIS WORK. CORRECTED MARCH, 1857.

N. B. Where streets are said to run to the *water*, it will be understood as the waters forming the harbor; where they run to the *Cove*, as the waters above Weybosset bridge; and where described as running to the *river*; it alludes to Seekonk river.

Information respecting the grading of streets, can be obtained of the Street Commissioners, at their office, 12 S. Main-street, up stairs.

Since the publication of our last Directory, a new plan has been adopted of placing the name of the street on all lanterns located on the corners of streets, which is found a great convenience, as many street signs are placed in positions not to be seen in the evening.

Origin of the Names of some of the Streets in Providence.

It is often asked, "What's in a name?" We think it may be shown that sometimes there is much in a name. And though perhaps not so much violation of good taste may be shown in giving names to streets as to individuals, there seems a fitness and propriety in selecting such names as will be best—such as are significant, and have a bearing either on the place or institution the street leads to, or the individual who first lived or built on the street, or the historic associations connected with it. Many of these associations are almost sacred in the memory of those who have always known them. They are cherished with deep interest; and for this reason these old names should be retained, unless there are good reasons for changing them. We feel a strong attachment to our native town, and a deep interest in all that pertains to its permanent growth and prosperity.

In preparing the following article, we have been assisted by several gentlemen, to whom we are greatly indebted for their patient researches. There are probably some few errors, and it would be strange if there were not, many of the statements being supplied from memory, where we could not obtain permanent documents.

Abbott's lane—from the late Thomas Abbott, or his ancestors. Mr. A. was formerly a constable in Providence.

Aborn street—from James Aborn, for many years a lumber dealer here, who owned and occupied the house at the corner of Washington and Aborn streets.

Adams street—probably from John Adams, President of the U. States.

Allen's avenue—from Benjamin Allen, a large owner of real estate in that part of the city.

Almy street—from the late William Almy, a Friend, of the firm of Almy & Brown, who were among the first cotton manufacturers in this State. Mr. A. died in 1836. Subsequently to his death, other streets were laid out through the large landed property left by him on Federal hill, bearing the names of well known Friends, as Penn street, Harkness street, Meader street, Tobey street, &c.

Angell street—from James Angell, through whose land the street was opened, by Moses Brown, his executor.

Anthony street—probably from Burrington Anthony, who lived in the vicinity.

Anthony's gangway—from David Anthony, a Friend, a large owner of real estate in that vicinity.

Arnold street—from the ancestors of Christopher Arnold, father of Israel, who owned the land through which the street runs.

Atwell's avenue—from Amos Maine Atwell, sen., grand-father of the late Samuel Y. Atwell.

Barker street—probably from Stephen Barker, who kept a grocery store on Atwell's avenue some 20 years since.

Bassett street—from Massa Bassett, who owned an estate on the corner of Chestnut and Bassett streets. He died a few years since.

Batthey street, from the late Sheldon Batthey, whose widow still survives him, and lives at 237 High.

Benefit street—formerly called Back street. We have not been able to trace the origin of its present name.

Benevolent street—from the Benevolent Congregational Society, whose house of worship is on the south-west corner.

Beverly street—from George Beverly, painter.

Bourn street—probably from Judge Bourn.

Bowen street—from Dr. Joseph Bowen, many years since a physician in Providence, who lived on the street, near N. Main. Dr. B. was for some months a prisoner in the old Jersey prison ship, where he suffered much, but was finally released and returned home.

Bradford street—perhaps from Gov. Bradford.

Bridgham street—from the late Hon. Samuel W. Bridgham, a highly distinguished and excellent man, the first Mayor of Providence.

Weybosset street—said to be derived from Weybosset hill, an Indian name given to a hill which stood near the junction of Weybosset and Westminster streets. The land here was owned by the father of the late Jacob Whitman. The latter is still remembered as an active merchant here about fifty years ago.

Wheaton street—from the late Dr. Levi Wheaton, a distinguished physician of this city, who died a few years since, at an advanced age.

Williams street—from Roger Williams, whose original six acre lot adjoins it.

Whipple street—from the Hon. John Whipple.

Wickenden street—from Rev. William Wickenden, one of the early pastors of the First Baptist church in this town. He died between 1642 and 1669, and was succeeded by Rev. Gregory Dexter.

Wilson street—from Rev. James Wilson, for about 35 years the able pastor of the Beneficent Congregational church. He closed his earthly labors in 1839, in the 80th year of his age.

There are doubtless other streets, the origin of whose names would be interesting, could we trace them out. Perhaps at a future day the list may be enlarged, should any of our antiquarian friends see fit to assist us by their researches.

MR. BROWN:

As I understand you are about to publish some account of the origin of many of our streets, perhaps the following facts in relation to SOUTH WATER STREET will prove interesting to your readers.

Y.

We have already among us many business men who are ignorant of the fact, that this important avenue, on the east side of the city, did not exist prior to the great gale of September, 1815, and that but for that event we, in all probability, should never have had such a street. From the Great Bridge, then so called, to Fox Point there were many wharves, with docks extending easterly nearly to South Main street, others a shorter distance; access to these wharves could be had only from South Main street, the same as the Newport wharves now connect with their Thames street.

A short time before the great gale, several brick and stone buildings had been erected on the very site of the present street, and before our citizens would have felt sufficiently the importance of such a street to have undertaken the removal of the then existing obstacles to it, the number of brick and stone stores on the wharf estates would have so increased that at no future time would it have been deemed practicable to have opened a street along the river.

We are proud of South Water Street; it is a great business thoroughfare, and it is plain to be seen that South Main Street could never have afforded to our enterprising merchants the facilities for business that they now obtain from South Water Street.

ALPINE HAIR BALM,

—FOR—

Restoring Gray Hair to its original Color.

Warranted to cure Baldness, Scurf, Dandruff, itching and all diseases of the skin. This Balm gives the scalp a new and healthy action; restores the coloring matter to the roots of the Hair, which passes through the Hair and gives a natural color without the use of Hair Dye.

Hundreds of preparations have been introduced, pretending to preserve the Hair and keep it from falling off, composed of Oils, Alcohol, and other deleterious materials, and all to no use. Hair Dyes have been introduced that do not give the hair a natural color, besides being troublesome to use. This Balm is not a Dye. Knowing that a preparation was needed to do what was required for the hair, the proprietor was induced to experiment until he could obtain an article that would be the exact remedy. It is soothing and emollient, allays all irritation of the scalp, thereby stopping that troublesome itching. It cures Dandruff and Scurf, and when the hair has turned gray it will bring it back to its original color, be it Black, Brown or Auburn. It makes the Hair soft and glossy,—prevents it from falling off, as will be seen upon using this Balm for only a few days,—life will be given to the roots of the Hair and growth will soon appear. Growth does not take place at the end of the Hair, as will be seen in persons who have their Hair dyed. If you examine gray hair that has been colored for a week, you will find towards the roots, that the hair has come out gray, hence it is necessary to have the fluid at the roots of the hair healthy, that the whole hair may be a natural color. Each hair has a root in the skin, and is of itself a hollow gray tube, through which there is a constant circulation of the pigment from the root. When this pigment or coloring matter dies out, it leaves the hair hollow and it becomes gray. To invent a balm that would produce this pigment has become the study of the proprietor. The discovery of the Alpine Hair Balm will do it. It will bring the hair to its natural color by making anew the coloring matter in the roots of the hair.

It is a mistaken notion that oil or grease will restore the hair, as nothing can be more injurious. The Alpine Hair Balm will restore the skin and save the hair of those who have been sick with fever or any disease.

Societies and Institutions in Providence.

BROWN UNIVERSITY.

This Institution of learning was founded by the Baptists in 1764 and incorporated in February, of the same year. It was at first located in Warren, where, on the 7th of September, 1769, the first Commencement was celebrated. In 1770 the College was removed to Providence, where its exercises have since been held, with a temporary suspension of some few years during the revolutionary war. The Institution received its present name in honor of its most liberal benefactor, the late Hon. NICHOLAS BROWN, by a vote of the Corporation, passed September 6, 1804.

The Charter, which is now the "Constitution of Brown University," secures to the Baptists forever the *government* of the College. Some of its provisions are as follows:—"That into this liberal and Catholic Institution shall never be admitted any religious tests; but on the contrary, all the members hereof shall forever enjoy full, free, absolute and uninterrupted liberty of conscience:—And that the places of Professors, Tutors, and all other officers, the President alone excepted, shall be free and open for all denominations of Protestants:—And that youth of all religious denominations shall and may be freely admitted to the equal advantages, emoluments, and honors of the College or University."

The Corporation for the regulation and government of the University, consists of two branches: "That of the Trustees, and that of the Fellowship." There are thirty-six Trustees, and twelve of the Fellowship, including the President. Of the Trustees, twenty-two by the Charter, are to be Baptists, five of the denomination called Friends, or Quakers, four Congregationalists, and five Episcopalians. Of the Fellows, eight are to be Baptists, "and the rest indifferently of any or all denominations." The President must be a Baptist. "The instruction and immediate government of the College," says the Charter, "shall forever be and rest in the President and Fellows, or Fellowship."

In 1850 material changes were made in the system of instruction given at the Institution; the range of studies was greatly extended and the sum of \$131,000 (raised by subscription) mostly among the citizens of Providence, was added to the College funds, thus augmenting them to about \$200,000.

LIBRARIES.

The University Library is in Manning Hall, and now contains 28,000 volumes. A large proportion of these have been purchased within the last few years, with special reference to the wants of students and gentlemen engaged in literary and scientific pursuits. It is constantly increasing from the proceeds of a permanent fund of \$25,000, established for this purpose in 1839. The Library is open four hours daily, from 9 A. M. till 1 P. M. In addition to the University Library, the Libraries of the Philermenian and the United Brothers' Societies comprise together, 6000 volumes, accessible to all the students of the University.

The number of students is about two hundred. The annual Commencement is on the first Wednesday in September. The first Exhibition is on the third Saturday in November, and the second Exhibition on the second Saturday in May. The week of the annual Thanksgiving is given as a recess, and no other recess is given during the year.

PUBLIC SCHOOLS.

The Public Schools of the city of Providence are placed by the ordinances of the city, under the management of the School Committee, consisting of forty-four members; twenty-one are elected by the people, three in each of the seven wards; so that in future, one will be chosen annually in each of the wards, to hold office three years. Twenty members are chosen by the City Council annually. The Mayor, the President of the Common Council and

the Chairman of the Committee on Education are *ex-officio* members of the School Committee, making the whole number forty-four, who serve *without any compensation*. The experience of many years has shown, that the members of this Committee, each one feeling more or less heavily the pressure of his own private or professional business, cannot give that amount of time to the Public Schools, which an economical and successful management of them requires. For this reason, they have wisely entrusted much of the executive duty of the Committee to a Superintendent.

Rev. Daniel Leach is the present Superintendent of the Public Schools, and also acts as Principal of the High School. He spends all his time in visiting the different schools, exercising a careful supervision over them, and while passing from school to school, he aims to remove existing defects in the modes of teaching and management, and to introduce such improvements as his own observation and the progress of popular education may have shown to be useful. He also furnishes all necessary supplies, superintends all repairs, and in every practical way promotes the improvement of the Public Schools.

There are at present established in this city, fifty-two Public Schools, in which are engaged one hundred and twenty-five teachers; ten gentlemen and the remainder ladies, who devote themselves faithfully to the instruction and government of their respective Schools, which together contain about 6,800 pupils.

These Schools are divided into four grades, viz:—

- | | |
|-----------------------|----------------------|
| 1st. Primary Schools, | 3d. Grammar Schools, |
| 2d. Intermediate do. | 4th. High School. |

FIRST GRADE. There are now established in the city *twenty-four Primary Schools*. These schools are designed for pupils from five years of age to six or seven, according to their advancement in learning. Each school is under the immediate government and instruction of two female teachers, a Principal and an Assistant, and usually contains about one hundred and thirty pupils. The teachers in these schools, besides teaching the elements of *Reading, Spelling and Arithmetic*, give their pupils much oral instruction of a familiar kind, suited to their age, with daily exercises in *Vocal Music*.

SECOND GRADE. There are *twenty Intermediate Schools* established for children from six to eight or nine years of age, including those who were formerly in the first classes in the Primary Schools, and those in the lowest classes in the Grammar Schools. Each of these schools usually contains about one hundred and twenty pupils, who are under the instruction and management of two female teachers, a Principal and an Assistant. The scholars in these schools advance progressively to more difficult lessons in *Reading, Spelling and Arithmetic*, and begin to take lessons in *Writing and Geography*. *Vocal Music* in these schools is taught by a *professional Teacher*, employed by the School Committee.

THIRD GRADE. Seven *Grammar Schools* are now established in the city, for the instruction of scholars from eight or nine years old to twelve or fourteen. Each Grammar School, except the one for colored children, usually contains upwards of two hundred pupils, who are under the government and instruction of a male Principal and three female Assistants.

In these schools the scholars use a new set of text books, which present more enlarged and accurate views of the branches they have already begun, and in these books continue their exercises in *Reading, Spelling, Writing, Arithmetic and Geography*, and commence *English Grammar, the History of the United States, and General History*. Instruction in *Vocal Music* is given in these schools, and also in the High School, by a professional teacher.

FOURTH GRADE. One High School with two departments—one for boys and one for girls. Each department will now accommodate one hundred and fifty pupils—making three hundred in the school. The full course of studies in this school occupies *four years*, and in accordance with this arrangement, the boys are divided into three classes, of forty each, and placed in separate rooms, under the government and instruction of a male Teacher. The girls are divided into *four* classes, and each placed in a separate room, under the care and instruction of a female Teacher. The course of studies in each department is adapted to the conditions of the pupils in after life; each sex pursuing all the common branches alike, but the boys taking the more scientific course, and the girls the more literary. The art of *Drawing* is taught in both departments, by a professional Teacher.

FRIENDS' YEARLY MEETING BOARDING SCHOOL, Established in 1819.

This Institution is under the direction of a committee of the New England Yearly Meeting, who appoint Principals and teachers. The number of teachers varies with the number of scholars, who are taught in the various branches of an English education, including the Mathematics, and the Latin, Greek, and French languages. Lectures are regularly delivered on Natural Philosophy and Chemistry, illustrated by experiments, and occasionally upon other subjects embraced in the course of study in the school.

The school is furnished with a valuable Philosophical and Chemical apparatus. There is also a valuable Cabinet of Minerals belonging to the Institution. The pupils have access to a library of about 1200 volumes.

The number of scholars of both sexes averages about 130.

RHODE-ISLAND STATE NORMAL SCHOOL.

(Rooms No. 129 Broad-st. nearly opposite the City Hotel.)

This school is supported by the State of Rhode Island as a professional one for the training of teachers of both sexes for the public schools of the State, and is under the supervision of the Commissioner of Public Schools. It went into operation in May, 1854, and has been attended by 307 pupils.

In addition to the instructions of the regular teachers of the school, lectures and addresses have been given by Rev. Robert Alyn, Commissioner of Public Schools, by Rev. B. Sears, D. D., President of Brown University, by Rev. Thomas Shepard of Bristol, Rev. Messrs. Vail and Stow of Westerly, Rev. G. A. Willard of Warwick, Rev. Lucien Burleigh of Plainfield, Con., Dr. Isaac S. Hayes of Dr. Kane's Arctic Exploring Expedition, Hon. Geo. H. Calvert of Newport, Isaac F. Cady, Esq. of Warren, Rowland G. Hazard, Esq. and R. Hazard, Esq. of Kingston.

These lectures were of great value and interest, and were given gratuitously, as an indication of interest in the Normal School and the Teacher's Profession.

Candidates for admission should be, if females, at least 16, and if males, at least 17 years of age. They should be present at the school-room at 9 o'clock on the first day of the term. No applicants will be admitted after the commencement of the term, or unless they intend to remain in the school at least two terms.

Applicants must present to the Principal a certificate of good moral character, and must undergo an examination in Reading, Writing, Spelling, Geography, Grammar and Arithmetic, and (with the exception named below) must, if admitted to the school, sign a declaration that they intend to teach in the State. To all such, the tuition will be free.

By a special arrangement, persons not intending to teach in the State may be admitted to the school by paying a tuition fee of \$5 per term. The Board of Instruction consists of Dana P. Colburn, Principal; Miss H. W. Goodwin, Miss E. T. Brown, Miss A. F. Saunders, Assistants.

Prof. S. S. Greene gives lessons or lectures regularly during each term. The terms for 1857 will commence as follows:

The Spring and Summer Term of 14 weeks, on April 6th.

The Fall Term of 11 weeks, on September 7th.

The Winter Term on November 30th.

TEACHERS' INSTITUTES.

A Teachers' Institute was held at the Normal School Rooms in Providence, in the month of November, 1856, and was very largely attended. Lectures were given by Rev. Robert Allyn, Commissioner of Public Schools, Rev. Barnas Sears, D. D., President of Brown University, Rt. Rev. Thomas M. Clark, D. D., Messrs Colburn, Greene and Fielden, of the Normal school, Dr. C. W. Parsons, Rev. T. H. Vail, Rev. Richard S. Rust.

DEXTER ASYLUM.

The general superintendence of this Institution is placed in charge of the Mayor and Aldermen, who act as a Board of Overseers. They hold quarterly meetings at the Asylum on the first Saturdays of August, November, February and May. They also appoint one from their body, weekly, to act as a visiting committee for that period, who reports the next succeeding Monday, to the Board of Aldermen, the state of the establishment during his tour of duty. The immediate charge of the house is in care of a Master and Matron, annually appointed by the Board of Aldermen. The present incumbents are Hollis Chaffin and wife. Divine service is performed in the chapel every Sabbath.

The medical department is entrusted to a Board of Physicians, appointed annually by the Mayor and Aldermen. This Board at present consists of Drs. Collins and Ely, who attend the sick quarterly in succession. Dr. Joseph Mauran is the consulting physician. In all cases of peculiar interest or difficulty, they meet in consultation, keep a record of sickness, a report of which is made to the Board of Overseers, at their quarterly meetings. The number of inmates in the Institution is between one and two hundred.

The annual meeting of the Union takes place the *second Tuesday in May*. The Reading Room and Library is located at No. 41, Westminster-street, (Weeden's building, room No. 7) which is well supplied with periodicals and papers and is free to all. It is open every week day and evening. Familiar lectures are given at the Reading Room of the Union every Saturday evening during the lecture season. The present number of members is about 700.

PROVIDENCE YOUNG MEN'S CHRISTIAN ASSOCIATION.

Organized September, 1853.

President, John Kingsbury; Vice-Presidents, J. C. Burrington, J. C. Hartshorn, Wm. B. Lawton, Zuinglius Grover; Cor. Sec'y, J. W. Littlefield; Rec. Sec'y, James W. Taft; Treasurer, Benj. W. Ham; Librarian, Wm. C. Mills; Directors, the above, together with the following: N. F. Mathewson, James Boyce, George E. Cranston, Jeremiah Heath, Frederick Miller, John S. Sibley, A. O. Hall, John D. Henley, jr., B. C. Shaw, Lewis J. Chace, E. B. Carpenter, Preston Bennett, P. H. Barnes, Royal P. Gladding, J. G. Parkhurst, Abner Gay, jr., Stephen H. Tabor, J. C. Thompson, jr., E. H. Hayward, G. M. Copeland.

The rooms of this Association are in Duncan's block, 56 Weybosset-street. The object of the Association is "the improvement of the spiritual, mental and moral condition of Young Men."

Extract from the Fourth Annual Report (1857.)

By the loving kindness of our God, prosperity has in no inconsiderable degree, crowned our efforts. Our Reading Room has been much improved, and is now a most pleasant place of resort for our young men: but added to a comfortable, quiet and even elegant room, we have presented attractions of a higher order. Our tables and files have been supplied with the best selections from our current periodical literature. We have thus furnished for gratuitous use a Reading Room not surpassed, we think, by any one in our city. It has been well patronized. At no time since our organization has the number of visitors been so large as at present.

We have had a course of Sabbath evening lectures, and one of secular lectures on Monday evenings. These have, in general, been well attended.

Prof. O. M. Mitchell of the Cincinnati Observatory, while spending a few months in our city, volunteered to give, for our benefit, a course of six lectures upon the harmony of astronomical facts with the divine word. This course was eminently interesting, instructive and remunerative.

Two classes for improvement in declamation, debate and composition were formed, one of which sustained its meetings with interest and profit during the winter.

Our library, which, at the beginning of the year contained a little over one thousand volumes, now contains more than two thousand, while there are funds for a very considerable increase still in the treasury. The circulation of our books is large and constantly increasing. Whole number given out during the year, 3000; greatest number in any one month, 452. It is thought that three fourths of the books have been taken by young men and boys under 20 years of age. Hitherto the privileges of the Library have been restricted to the members of the Association, but now they are offered to all, male or female, who are willing to pay the annual tax of one dollar.

With the assurance that we are engaged in a great, good and practicable work, we enter upon a new year full of courage and confident expectations.

**OFFICE GENERAL INSURANCE AGENCY,
NO. 12 NORTH MAIN-STREET,
Providence.**

The undersigned, late Secretary of the Pawtucket Mutual Fire Insurance Company, having taken an office in this city, where he intends to devote his time exclusively to an Agency business, and having added to the list of Companies which he has represented for the last six years, is now prepared to take from twenty to thirty thousand dollars on a single risk, divided between the following Companies, which have an aggregate capital and surplus of over One Million Dollars, all paid up and invested according to law, viz:

HARTFORD FIRE INSURANCE Co.,	Capital,	\$300,000
CHARTER OAK	" "	300,000
WESTERN MASS.	" "	150,000
NORTH WESTERN	" "	150,000

The above Companies, with the exception of the "Charter Oak," are old established Companies, have done a large business in this State for several years, and have earned a reputation for promptness and fairness in adjusting losses second to no Companies in the world.

For insurance in either of the above Companies, application may be made to me by letter or otherwise, which will receive prompt attention.

SAMUEL SHOVE,
Agent, and authorized to issue Policies.

REFERS TO

A. B. DIKE, Esq., Providence,	G. L. SPENCER, Esq., Pawtucket,
B. STEVENS, Esq., "	CHAS. MOIES, Esq., "
Sec. Atlantic Ins. Co.	ROBERT SHERMAN, Esq., "

In addition to the above Stock Companies, I have the Agency of the PAWTUCKET MUTUAL FIRE INSURANCE COMPANY, which has done a successful business for the last eight years, and continues to insure Real and Personal property, divided into three classes, according to the degree of hazard, each class liable only for its own losses, thus making it a cheap and equitable mode of insurance.

FANCY GOODS, JEWELRY, TOYS, &c.

This is the only Store in Boston where GUTTA PERCHA GOODS can be purchased at retail.

We are now prepared to furnish for the market GUTTA PERCHA BELTING, which in every respect is equal to Leather, at nearly one-half the cost of Leather, especially for Cross Belts, &c.

FREEMAN ORNE, 125 & 127 Hanover-St.

Since the introduction of GUTTA PERCHA Goods to the public, they have been fully tested, and the result has proved them to possess all the qualities requisite to make a PERFECT ARTICLE.
 The inherent toughness—close grain—fine texture and brilliant lustre—lightness and elasticity—beauty of finish—freedom from unpleasant odor—proof against the injurious action of acids, oils and grease—non-conducting properties of heat, cold and electricity—while, unlike the India Rubber, they WILL NOT DECOMPOSE and become STICKY, render them at once the cheapest and most desirable WATER-PROOF GOODS YET INTRODUCED.

THE
Boston Stereotype Foundry

ESTABLISHED IN 1822,
AND CARRIED ON
SINCE DECEMBER, 1849,
BY A
COMPANY OF WORKMEN.

INCORPORATED
MARCH, 1850.

Under the present organization, the leading hands in the various departments of COMPOSITION, PROOF-READING and STEREOTYPING, to the number of twenty, comprising valuable additions to those who had previously sustained the high reputation of this well-known Foundry, share in the responsibilities and profits of the business—giving a degree of efficiency and skill to be attained in no other way.

Books of all Descriptions,

STEREOTYPED OR ELECTROTYPED PROMPTLY & FAITHFULLY.

Publishers and authors are referred to the numerous works that have been stereotyped at this establishment, from its commencement to the present time, as guaranties for our fulfilment of contracts with accuracy and good taste. By the employment of large fonts of type in connection with our system of co-operation, we are enabled to complete work, when required, with great dispatch. Extensive preparations have been made for applying the art of

ELECTROTYPING,

And we are ready to furnish Copper Plates from all kinds of Type Work and Wood Cuts.

Advertisements and Advertising Cuts

For Newspapers, Stereotyped or Electrotyped on wooden or metal bodies.

All kinds of **JOB WORK** executed in a tasteful manner.

A Silver Medal and Diploma were awarded to the Boston Stereotype Foundry, at the late Exhibition of the Massachusetts Charitable Mechanic Association in Boston, for the best specimens of Electrotype work.

Stimpson's Commercial Writing Fluid.

The undersigned would respectfully invite your attention to the following report of the Mass. Charitable Mechanic Association, for 1856.
No. 1649. Stimpson & Co., Boston, NINE BOTTLES WRITING AND COPYING FLUID, known to the committee to be of excellent quality; and they recommend an award of a Diploma.

We have been perfecting this fluid for the last three years, and now without hesitation warrant it to be the best BLACK FLUID ever offered to the public, both for copying and ordinary writing. We would also refer you to the following letters.

Banking House of Clapp & Fuller,
1 and 3 Kilby-st., Boston, March 7, 1857.

Messrs. STIMPSON & Co.—Gentlemen.—We have been troubled a great deal to get ink that could copy well, and at the same time flow freely, but have at last found it in your COMMERCIAL WRITING FLUID. It is vastly superior to anything we have ever seen, and we find no difficulty in taking even three distinct copies. It is invaluable to the business community, and we shall be ready at all times to recommend it.
Very truly yours,

CLAPP & FULLER.
Boston, April 28th, 1857.

Having experienced great difficulty in procuring good ink, and having given STIMPSON'S COMMERCIAL WRITING FLUID a fair trial in our daily correspondence, both for writing and copying purposes, we do not hesitate to pronounce it the BEST IN THE MARKET, and as such recommend its use to the public.

J. W. CLARK & CO., Bankers, 22 State-street.
Manufactured and for sale, wholesale and retail, by STIMPSON & CO., Gold Pen Manufacturers, 91 Washington-street, Boston.

TO STOVE AND LANTERN MANUFACTURERS. SHEET ISINGLASS OR MICA,

For Compass Cards, Signal, Battle, Engine, Common, and other Lanterns, Stove Furnace Doors, Ambrotypes, Engraving, Lithographing, &c., wholesale and retail.

The above article is superior to anything ever used for the above purposes, on account of not breaking or burning, but standing most intense heat. Also, for Mineralogists and others, elegant specimens of MICA, FELDSPAR, CRYSTALLINE, QUARTZ, &c. Also, SAFETY LANTERNS, of various sizes, a very superior article, warranted not to break by falling, and decidedly the safest, cheapest, and best of the kind in use. Constantly for sale on the most reasonable terms, at No. 21 UNION ST., Boston.

GEORGE H. RUGGLES.

N. B.—The Isinglass or Mica will be cut to any reasonable size, if requested. All orders for the article promptly attended to, and thankfully received.

*From the HON. CHARLES MASON, Commissioner of Patents.
U. S. Patent Office, Feb. 28, 1855.*

"I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as solicitor, and has been in that capacity in constant correspondence and intercourse with the Office; he has evinced a thorough acquaintance with Patent Law, and with the rules and practice of the Office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this Office with whom I am acquainted.

CHARLES MASON,
Commissioner."

From the EXAMINERS in the PATENT OFFICE.

"The Undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, lately a Principal Examiner in this Office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the Office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.
