Dear Vinny,

As per our recent discussion, I am sending you this note to confirm my request of having you look into the repair of the curbing at the corner of Chestnut and Bassett Streets. Also, in view of the fact that we are a large taxpaying industry, I would hope that you could also look into the resurfacing of Ship Street. This street is presently all cobblestone.

I would appreciate hearing from you as soon as possible and will be available to show these areas to any of your designated personnel.

Best regards,

Dear Michael:

All in accordance with your May 30th correspondence, I have on that date confirmed with Councilman John M. Murphy and Councilman Edward W. Xavier, both representing the First Ward, relative to the subject matter of Ship Street, etc.

They have directed me to prepare an appropriate resolution which they will co-sponsor into the City Council at its next meeting scheduled for June 8th, a copy of which is enclosed herewith.

I trust the importance of the request will be respected within a reasonable period of time.

Sincerely,

Vincent Vespia  
City Clerk of Providence
