DEPT. OF CITY CLERK  
PROVIDENCE, R.I.

20 March 1994

To Councilman Lombardi

My name is Earl Mack, I am writing you in reference to our Phone conversation last week concerning City Property that is currently not being used. The Property is on Blackstone St., Providence, located behind Pole #3-3 $\frac{1}{2}$  near Rhode Island Hospital & Allens Ave., I've noticed that Building has been empty for some time now.

I would like to use & maintain it. I am currently located here in Greenville, R.I., and my time is nearly up here and I would like <sup>to</sup> move on to another project. If you would, please give this matter your attention, and call me anytime at 1-401-949-4790, hoping to hear from you soon

Very respectfully

My name is Earl Mack, I'm writing in reference to the empty Bldg on Blackstone Street, Prov, R.I. POLE # 3-3 $\frac{1}{2}$ , next to Route # 95.

I understand that the City will lease certain buildings for a certain amount a year if I occupy and maintain it. This building has been empty for a long time, and I know that I could restore and use it. Please call me and let me know if this is Feasible. At current I'm living and maintaining the Building on the envelope address. I am finished here and would like to move on to a new adventure. Please call me anytime at 949-4790.

Thank you very much

  
Earl Mack
