INTRODUCTORY

THE sixty-fourth number of the PROVIDENCE DIRECTORY is offered to the public with full confidence that it will be received with the same favor and approval that the previous editions have met with.

Long experience enables the publishers to furnish the most accurate information, carefully compiled and put into the best shape for ready reference. It is not uncommon for members of the same family to spell their names differently, and it is important to know how to spell the name in order to find it. Cross references to similar names are freely printed for the guidance of readers, and special attention is directed to them, also to the fact that all names appear in exact alphabetical order. Keeping these points in mind facilitates the finding of names.

It will be noticed that the City and State official record, churches, societies, etc., have been transferred to the front part of the book that they may more readily be found.

The thanks of the publishers are tendered to the business public for their kind encouragement and substantial patronage. Below is noted the very numerous changes made in preparing this volume.

SAMPSON & MURDOCK COMPANY

PROVIDENCE STREET DIRECTORY

COPYRIGHT, 1904, BY SAMPSON & MURDOCK CO.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Bridgham Street from 1189, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Streets.

PROVIDENCE STREET DIRECTORY

COPYRIGHT, 1904, BY SAMPSON & MURDOCK CO.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Bridgham Street from 1189, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Streets.
