The Members of the City Council
City of Providence
c/o Mr. Vincent Vespia, City Clerk
Providence, Rhode Island

Gentlemen:

This will acknowledge our receipt of your Resolution (approved May 24, 1976) concerning visitor parking at Rhode Island Hospital. At the present time we have almost completed a parking improvement project in our parking areas west of Plain Street. This project includes the incorporation of certain streets abandoned by action of the City Council into our parking lots and will serve to improve the entire parking situation at the Hospital. Many parking spaces have been added, security is much better, and access to the parking areas from the Hospital is much improved.

We are most appreciative of the concern of the City Council in our parking situation and wish to thank you for your interest.

Sincerely yours,
