Subject: address changes in 02903

We have received the proposal for the change of address for 63 Westminster and 30 Kennedy plaza
We will be prepared for that if the proposal goes through

The tenants in each building will need to do a change of address for the changes, and we will need to update our
address books to reflect this

We will need to know two things if this goes through:

1. When will the change take effect as we will need approximately 10 days to process this for a smooth transition
2. We have these two addresses listed as business addresses only, will that still remain as the case?

If you need any assistance from us, please feel free to contact me at 401-752-5205
And I will be happy to assist.

Thank you

RE: Resolution Requesting Change of Address

Dear Councilwoman Harris:

I am in receipt of your memorandum regarding the resolution requesting to change the address for the building identified as "30 Kennedy Plaza" and "63 Westminster Street" to "50 Westminster Street" and "90 Westminster Street".

After review, I respectfully oppose the address change for the reason that Westminster Street has odd numbers on the right side and even on the left. The numbering starts at 10, the Merchants Bank building, and 15, the old Hospital Trust building. The only exceptions are 1 Financial Plaza, which has a unique address, and 100 Westminster, the Paolino building (which according to GIS should have an address between 75-97 Westminster). This building is on the right side of Westminster Street, so it should have an odd numbered address. I do not believe it is in the interest of public safety to have even numbers on both sides of the street. It is confusing when responders do not have local knowledge of deviations from standard numbering practices, which happens when we rely on other cities to provide mutual aid.

Along with this opposition, I believe the city should require the Paolino building to change to an odd number for its address.

If you have any questions, please feel free to contact my office.

Respectfully,

Steven M. Paré
Commissioner of Public Safety
Acting Chief of Department
