MEMORANDUM

DATE: September 18, 1987

TO: B. James Suzman, Traffic Engineer

SUBJECT: "Four-Way" Stop Signs, Intersection Of John And Thayer Streets

CONSIDERED BY: Committee On Public Works

DISPOSITION:

Attached is a copy of the subject resolution, for your study and report, back in writing to the above named committee as soon as practical.

First Deputy City Clerk

Department of Traffic Engineering

"Building Pride In Providence"

M E M O R A N D U M

TO: Committee on Public Works
FROM: B. James Suzman, Traffic Engineer/Public Works Director
DATE: March 5, 1988
RE: Pending Matters

1) Updike Street and Whitmarsh Street - 4-Way STOP control

Disposition: Denied. This intersection does not meet the warrants for a 4-way stop control. There is a 4-way stop control at the intersection of Updike Street and Princeton Avenue. Having too many 4-way stop controls in one area breeds contempt and disrespect for the law.

2) John Street and Thayer Street - 4-way STOP control

Disposition: Granted. Signs were installed 1/19/88.

3) Oxford and Sayles Streets - to close streets on school days between the hours of 2:15PM and 3:00PM for school dismissal.

Disposition: No objection.
