RE: Abandonment of Lockwood Street,
from Beacon Avenue to Landor Street.

Dear Councilman Payne:

Unfortunately, we did not receive any notification of the petition for the above abandonment and it was not until the result of the hearing held January 25, 1974 that we became aware of the petition and that Rhode Island Hospital was the petitioner.

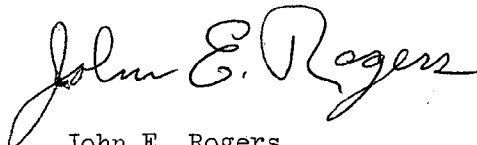

Ten years ago, Rhode Island Hospital petitioned for another portion of Lockwood Street, between Plain Street and Hospital Street, to be abandoned. They were advised that our 20-inch feeder main would have to be relocated and that the cost would have to be borne by the hospital, which they did and that portion of Lockwood Street was abandoned.

We will require that the same conditions be agreed to by the Rhode Island Hospital before your committee considers the abandonment.

The Providence Redevelopment Agency has submitted a proposed plan of the upper South Providence Project which calls for the abandonment of a portion of Lockwood Street from Prairie Avenue to Beacon Avenue. We understand that Federal Funds have been allocated for the project that encompasses this portion of the Lockwood Street abandonment but not the Rhode Island Hospital portion. These two abandonments should be coordinated so that if they are to be granted, our 20-inch feeder main in Lockwood Street would be relocated as a single project, the cost to be shared by both petitioners.

We respectfully request that your committee consider withholding action on these two portions of Lockwood Street until the Providence Redevelopment Agency can come to a definite decision.

Very truly yours,

John E. Rogers
Chief Engineer

SUBJECT: ABANDONMENT OF LOCKWOOD STREET
CONSIDERED BY: Chief Engineer-Water Supply Board

DISPOSITION: Attached is copy of correspondence from Chief Engineer Rogers on the above subject which is self-explanatory.

It is my opinion that his February 8 correspondence, unless reconciled, is an important factor in the proposed abandonment.

Please advise.

RE: Abandonments:
Wellington Street - Pearl Street to East Beacon Street
East Beacon Street - Beacon Street to Landor Street
Gay Street - Part
Pearl Street - Part
Landor Street - Part

Dear Councilman Payne:

We received a memorandum dated February 6, 1974 from the Department of the City Clerk together with a copy of a petition for abandonments of the above mentioned streets. We find that our facilities in the streets to be abandoned have a depreciated value of \$13,295.64. This amount includes work of a miscellaneous nature to plug and strap tees in the connecting water mains and install a connecting main in a proposed new street.

We are filing a bill with the City Clerk's office in the above amount and respectfully request that your committee take no action on this matter until the Water Supply Board is assured of payment for the value of the facilities located in the sections of the highways to be abandoned.

Very truly yours,

John E. Rogers

Committee on Public Works
City Hall
Providence, Rhode Island 02903

SUBJECT: Referral No. 1896 - ABANDONMENT STREETS - VARIOUS

Gentlemen:

This referral from the Committee on Public Works is a petition by the Rhode Island Hospital for the abandonment of Wellington St., East Beacon St. and portions of Lockwood St., Pearl St., Landor St. and Gay St.

Inspection revealed that virtually the entire area surrounding the proposed abandonment is presently in use as hospital parking areas.

In acknowledgment of the presentation of the "Master Plan for the Future Expansion of the Rhode Island Hospital" by Mr. Lloyd L. Hughes, Executive Director, at the April 18, 1973 meeting of the City Plan Commission, this department is aware that proposed construction plans would necessitate rerouting of public utility lines relative to the proposed abandonments.

From a long range planning point of view this department sees no objection to the petition contingent on approval by the Public Works Department and by the Traffic Engineer.

The Commission

VOTED: To offer no objection to the proposed abandonment subject to approval by the Public Works Department and the City Traffic Engineer.

Lawrence P. McGarry, Director

November 29, 1973

Joseph J. Campo, Deputy Director

Chairman of the Public Works Committee
Providence City Council
City Hall - Providence, Rhode Island 02903

Dear Sir:

The Department of Public Works has no objection to the abandonment of:

East Beacon Street - from Beacon Avenue to Landor Street, providing the sewer line in East Beacon Street is cut and plugged at the property line, and that curbing be installed across East Beacon Street at Beacon Avenue and Landor Street.

Wellington Street - from East Beacon Street to Pearl Street, providing that curbing is furnished and installed across Wellington Street at Pearl Street.

✓ Harrison Street - from Cranston Street to Durfee Street.

Hammond Street - from Cranston Street to Durfee Street, providing that the existing sewer is relocated at the petitioner's expense.

Melissa Street - from the extension of the northerly line of Lot 301, Assessor's Plat 113, to the State Highway Line.

✓ Landor Street - from Pearl Street to a line which is the westerly extension of the southerly line of Lot 489, Assessor's Plat 23, providing that the existing sewer line is extended to Lot 489, Assessor's Plat 23, and turning at a manhole, also that a curbed cul-de-sac be constructed of a 50 ft. radius.

Portion of Gay Street - from Pearl Street to a line which is the extension of the easterly line of Wellington Street, providing that the petitioner dedicate for highway purposes the required area for the relocation of Gay Street.

The Department of Public Works has no objection to the relocation of Gay Street providing the construction of said relocation is at the petitioner's expense and in accordance with D.P.W. standards. Also, the Department of Public Works must review plans and profile of the relocated Gay Street.

The Department of Public Works has no objection to the renaming of Glasgow Street between Virginia Lane to Sherwood Street, providing the numbering of addresses be resolved by the Assessor's Office.

November 29, 1973

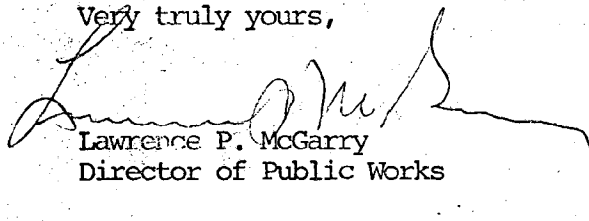

The Department of Public Works objects to the abandonment of the following streets because of the existing sewer within the public right-of-way. The existing sewers are part of a major sewer distribution system and cannot be relocated.

Lockwood Street - from Beacon Avenue to Landor Street - 60"x36" combined sewer.

Pearl Street - from Dudley Street to Wellington Avenue - 57"x38" combined sewer.

The Department of Public Works objects to the abandonment of Durfee Street from Dexter Street to Harrison Street. Recent construction by the Department of Planning and Urban Development indicated that a new sewer line will be installed in Durfee Street.
