CHAPTER 2780.

An Act in Amendment of and in Addition to Chapter 489 of the Public Laws, 1923, Entitled "An Act to Provide for the Retirement of Employees of the City of Providence," as Amended.

It is enacted by the General Assembly as follows:

SECTION 1. Subdivision (2) of section 1 of chapter 489 of the public laws, 1923, as amended, is hereby amended to read as follows:

(2) "Employee" shall mean any regular and permanent employee or officer of the city of Providence. The retirement board shall determine who are employees within the meaning of this act.

SEC. 2. The first paragraph of subdivision (1) of section 5 of said chapter 489 is hereby amended to read as follows:

(1) The annuity savings fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their annuities and their withdrawal allowances. Upon the basis of such tables as the retirement board shall adopt and regular interest, the actuary of the retirement system shall determine for each member the proportion of the compensation which, when deducted from each payment of his prospective earnable annual compensation prior to his eligibility for service retirement and accumulated at regular interest until his attainment of the minimum age of service retirement for his group,

shall be computed to provide at that time an annuity equal to five-eighths of one percentum of his final compensation for each year of service as a member. Such proportion of compensation shall be computed to remain constant. As of the 1st day of April, 1951, the retirement board shall adopt for employees in class A rates of contribution which shall be similarly computed except that they shall be computed to provide at the minimum service retirement age an annuity of one one-hundred-fortieth of the final compensation for each year of service as a member. Such increased percentage contribution rates shall apply to all members who become class A employees after said date at the age attained upon entrance into such class. Such increased contribution rates shall not apply to members who are so classified on the said date, but any such member may elect prior to April 1, 1951 to contribute at the increased rate applicable to his age attained on said date and thereafter deductions shall be made from his compensation at such increased rate. The retirement board shall also adopt as of said date for employees in class B a percentage contribution rate of five percentum, and thereafter deductions shall be made from the compensation of all members so classified at this rate, anything to the contrary in this chapter notwithstanding.

SEC. 3. The third paragraph of subdivision (1) of section 5 of said chapter 489 is hereby amended to read as follows:

In addition to the contributions deducted from compensation hereinbefore provided, any member may re-deposit in the annuity savings fund by a single payment or by an increased rate of contribution an amount equal to the total amount which he withdrew previously therefrom as provided in this act, or any member may deposit therein by a single payment or by an increased rate of contribution an amount computed to be sufficient to purchase an additional annuity, which, together with his prospective retirement allowance, will provide for him a total retirement allowance equal to sixty percentum of his final average salary at the minimum retirement age. Such additional amounts so deposited shall become a part of his accumulated contributions except in the case of retirement, when they shall be treated

as excess contributions returnable to the member as an annuity of equivalent actuarial value. The accumulated contributions of a member, withdrawn by him or paid to his estate or to his designated beneficiary in the event of his death as provided in this act, shall be paid from the annuity savings fund. Upon retirement of a member, his accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve fund.

SEC. 4. Paragraph (a) of subdivision (1) of section 7 of said chapter 489 is hereby amended to read as follows:

(a) all employees as defined in this act, who become employees on and after the first day of October, 1923, and who complete six months of service shall, upon their option in the case of elected officials and officials appointed for a fixed term, or under contract of their employment in the case of other such employees, become members of the retirement system, and shall receive no pension or retirement allowance from any other pension or retirement system supported wholly or in part by the city of Providence, nor shall they be required to make contributions under any other pension or retirement system of said city, anything to the contrary notwithstanding.

SEC. 5. Section 8 of said chapter 489 is hereby amended by adding two new subdivisions (6) and (7) to read as follows:

(6) Any member in service on January 1, 1951 who has rendered service as a member prior to his last becoming a member and terminated such previous service not less than six months prior to his last restoration to service may elect, by written notice filed with the retirement board, prior to June 30, 1951 to repay into the annuity savings fund, in such manner as shall be prescribed by said board, an amount equal to the amount of his regular deductions withdrawn by him on account of his last termination of membership together with regular interest thereon from his last termination of membership to the date of re-payment. Upon such re-payment, anything to the contrary herein notwithstanding, such amount shall become a part of his accumulated contributions and the period of service during which such deductions were originally made shall be added to

his period of service since last becoming a member. The crediting of such service shall be solely for the purpose of computing the amount of pension on account of membership service which may become payable under this act and shall not be construed to alter retroactively such member's eligibility for the benefits payable hereunder or the rights of any beneficiary claiming through him. Should membership cease subsequent to June 30, 1951, credit for all service prior to such termination shall be void.

(7) Any employee in service on January 1, 1951 whose membership is contingent upon his own election as provided in paragraph (a), subdivision 1 of section 7 and who elects to become a member prior to June 30, 1951 may, by written notice filed with the retirement board prior to said date, elect to pay into the annuity savings fund, in such manner as shall be prescribed by said board, an amount equal to the deductions which would have been made had he become a member on the date of his original employment and contributed during his period of service as an employee together with interest thereon from said date to the date of payment. Upon such payment, anything to the contrary notwithstanding, such amount shall become part of his accumulated contributions and the period of service on account of which such payment was made shall be added to his period of service since last becoming a member. The crediting of such service shall be solely for the purpose of computing the amount of pension which may become payable under this act and shall not be construed to alter retroactively such member's eligibility for the benefits payable hereunder or the rights of any beneficiary claiming through him. Should membership cease subsequent to June 30, 1951, credit for all service prior to such termination shall be void.

SEC. 6. Paragraph (b) of subdivision (1) of section 9 of said chapter 489 is hereby amended to read as follows:

(b) Any member may retire upon his written application to the retirement board setting forth at what time, not less than thirty nor more than ninety days subsequent to the execution and filing thereof, he desires to be retired, provided that the

said member at the time so specified for his retirement shall have attained the minimum retirement age for his group and notwithstanding that, during such period of notification, he may have separated from service. The minimum ages for service retirement from the groups created by section 7 of this act, shall be as follows:

Group Name.	
1. Laborers, mechanics and workers engaged in duties requiring principally physical exertion.	60
2. Clerical, administrative, professional and technical workers engaged in duties requiring principally mental exertion.	60
3. Members of the teaching staff of the public schools of the city of Providence.	60
4. Members of the fire department of the city of Providence.	58
5. Members of the police department of the city of Providence.	58

Notwithstanding the foregoing, as of the 1st day of April 1951, the board shall re-classify the membership of groups 1 and 2 as class A employees and the membership of groups 4 and 5 as class B employees and the minimum retirement ages shall be as follows:

Class A employees	60
Class B employees	55 or the age at which 30 years of service is completed if prior thereto.

When the duties of a member so require, the retirement board may re-classify him in another class provided that no member having 15 or more years of service creditable to him as a member of one class may be so re-classified.

SEC. 7. Section 9 of said chapter 489 is hereby further amended by amending the present subdivision (9) and renumbering said subdivision as subdivision (12) and inserting three new subdivisions, numbered (9), (10) and (11), to read as follows:

Deferred Retirement Benefit.

(9) Any member in service as a class A employee who has fifteen or more years of total service and who has attained the age of fifty-five may retire upon his written application to the retirement board setting forth at what time, not less than thirty nor more than ninety days subsequent to the execution and filing thereof, he desires to be retired, provided that the said member, at the time so specified for his retirement, shall have fulfilled the above age and service requirements and not withstanding that, during such period of notification, he may have separated from service.

Allowance Upon Deferred Retirement.

(10) Upon deferred retirement, a member shall receive a deferred retirement allowance commencing at age sixty which shall consist of:

(a) an annuity which shall be the actuarial equivalent of his accumulated contributions upon his attainment of age sixty, and

(b) a pension in addition to his annuity which shall be equal to one one-hundred and fortieth of his final compensation multiplied by the number of years of service since he last became a member; and if he has a prior service certificate in full force and effect, an additional pension which shall be equal to one-seventieth of his final compensation multiplied by the number of years of prior service certified to him on his prior service certificate.

Restoration to Service.

(11) Should a beneficiary retired on a deferred retirement benefit be restored to service prior to his attainment of the age of sixty he shall again become a member and upon subsequent retirement he shall receive a retirement allowance based on his service since restoration plus his deferred retirement allowance.

Withdrawal and Ordinary Death Benefit.

(12) Benefits upon withdrawal and ordinary death shall be payable as follows:

(a) A member who withdraws from service or ceases to be

a member for any reason other than death or retirement shall be paid on demand the accumulated contributions standing to the credit of his individual account in the annuity savings fund. A member retired on a deferred retirement benefit may elect, prior to the date upon which the first payment on account of his retirement allowance becomes normally due, to receive in lieu of his retirement allowance the amount of the accumulated contributions standing to the credit of his individual account in the annuity savings fund. Payment of such amount shall constitute a full and complete discharge of any further claims by him or any beneficiary claiming through him for benefits under this act.

(b) Should a member die before retirement or should a retired member die within thirty days after the date upon which the first payment on account of his retirement allowance becomes normally due, his accumulated contributions shall be paid to his estate, or to such person as he shall have nominated by written designation, duly executed and filed with the retirement board.

(c) Should a retired member of class B who has not made an optional election as provided in section 10 hereof, die more than thirty days after the date upon which the first payment on account of his retirement allowance becomes normally due but before he has received in total retirement allowance payments the amount of his accumulated contributions as it was at the time of his retirement; one half the balance shall be paid to his estate, or to such person as he shall have nominated by written designation, duly executed and filed with the retirement board.

SEC. 8. The first paragraph of section 10 of said chapter is hereby amended to read as follows:

Sec 10. Options. Until the first payment on account of a retirement allowance becomes normally due, any member may elect to convert the retirement allowance, otherwise payable on his account after retirement, into a retirement allowance of equivalent actuarial value of one of the optional forms named below. However, an election of an optional benefit shall not be effective until sixty days after the date of the filing of the election thereof with the retirement board, or until thirty days

after the date upon which the first payment on account of his retirement allowance becomes normally due, whichever is the later, and should the member die before such election becomes effective, the benefits payable on his account shall be the same as though his election had not been filed and he had not been retired. Such optional retirement allowances shall be payable throughout life with the provisions that:

SEC. 9. This act shall take effect April 1, 1951 and all acts or parts of acts inconsistent herewith are hereby repealed.

RESOLVED, That the following rules be and they are hereby adopted as the Rules of the City Council for the ensuing term, 1951-1952:

Rule 1. The President, and in his absence the President pro tempore of the City Council, shall preside. In case of the absence of both the President and President pro tempore or the inability of both of them to discharge the duties of the office of President, the City Council shall elect one of its other members to perform such duties during the absence or disability of both the President and the President pro tempore.

Rule 2. The City Council shall hold regular meetings in the Council Chamber of the City Hall at 8 o'clock P. M. on the first and third Thursday in each month, excepting, however, the months of June, July and August, when summer recess is held, and during said months of June, July and August the City Council shall hold meetings at 8 o'clock P. M. on the first Thursday of said months. All meetings of the City Council shall be open to the public; but the City Council may upon the affirmative vote of two-thirds of its members authorize an executive session. If any regular meeting day shall fall on a legal holiday the meeting shall be held on the day following.

Rule 3. Special meetings of the City Council shall be called by the City Clerk, or in his absence by one of his assistants thereunto duly authorized by said City Clerk or by said City Council, upon written request of the Mayor, or of one-sixth of the members of the City Council. Notice of any special meeting shall be served personally on each member, or at least two days' notice thereof shall be given each member in any other manner prescribed by Ordinance.

Rule 4. At all special meetings called by the Mayor or the City Council or the City Clerk as provided for in Section 20, Chapter 832, Public Laws of 1940, the first order of business shall be the special business for which such meeting is called and shall be taken up and exclusively considered until it is finally acted upon or considered at such meting, and no other business shall be acted upon or considered at such meeting except by the consent of a majority of the whole number of members elected to the City Council.

Rule 5. The president shall take the chair at the hour designated for the meeting of the City Council, and shall promptly call the members to order. A majority of all members of the City Council shall constitute a quorum. A less number of members of the City Council than a quorum may adjourn from time to time and compel the attendance of absent members in such manner and under such penalties as may be prescribed by Ordinance. The President shall preserve decorum and order; he shall decide all questions of and points of order subject to an appeal

to the City Council by any one member. No other business shall be in order until the question on appeal shall have been decided by a majority of the members present. He may speak on points of order, in preference to other members. He may speak on general questions as other members, but he shall take the floor to do so.

Rule 6. The President of the City Council shall distinctly put every question. On all Ordinances, Resolutions and questions in relation to and involving the expenditure of City funds, the selling and leasing of City property and acting on the Mayor's veto the vote shall be by roll call. The "Yeas" and "Nays" of the members of the Council shall, at the desire of one-sixth of those present be taken and entered on the records of said City Council. After the roll call and before the President announces the result any member may change his vote. All roll calls shall be taken alphabetically, except that the name of the President of the Council shall be called first. In case of a tie vote the motion is not carried or passed. No motion shall be debated until it has been seconded. A member may explain his vote only with the unanimous consent of the body. Any motion may be withdrawn by the mover at any time before the taking of a vote thereon or before an amendment is made to such motion.

Rule 7. Any member desiring to speak, shall address the President, and after his right to speak has been recognized he shall not be interrupted, while speaking, except by a call to order, or for the correction of a mistake, or to yield to a member. He shall confine his remarks to the question under debate and shall avoid personalities. No member shall speak more than once on the same question, until all other members desiring to speak thereon shall have done so, and in no event, shall a member speak more than twice on any question. There shall be no conversation among members while a member is speaking, while a roll call is being taken, while any paper is being read or while a question is being stated by the President.

Rule 8. The President shall enforce order and decorum among persons outside the rail and any person addressing the City Council by permission or by request shall, while speaking, be subject to the same rules and shall be entitled to the same privileges of order as pertain to a member of the City Council; provided, however, that a member of the City Council may interrupt such speaker for the purpose of asking a question or of obtaining information. No persons, other than the Mayor, members of the City Council, members of the City Clerk's Office, members of the City Sergeant's Office, members of the Law Department and members of the press shall be allowed inside the rail and on the floor of the City Council, without receiving an invitation from the President, or from a member of the City Council through and with the approval of the President. Whereas, Far reaching changes have developed in educational theory and practice and in the population, physical characteristics, and general economy of the City since the last general appraisal of the Providence School System more than a quarter of a century ago; and,

Whereas, The amount of money now available for school purposes under the provisions of the so-called Strayer Act is insufficient in the judgment of the School Committee to provide a proper program of public school education in the City of Providence; and,

Whereas, In each of the past five years the City Council has deemed it necessary to appropriate for school purposes a sum of money in excess of the amount required by the so-called Strayer Act, although the City Council possessed no adequate information on either the needs of the School Department or the manner in which its operations were being administered,

And Be It Further Resolved, That the commission be authorized to obtain from any officer or department of the City government, including the School Department, such information as it or its authorized agents may request; that members of the commission shall serve without pay; that adequate funds will be appropriated by Ordinance at a later date for the purposes of the commission, the expenditure of which shall be authorized by vouchers signed by the Chairman and Secretary of the commission; that the commission may organize and conduct its affairs in such manner as it may deem appropriate; and that the report of said commission shall be filed with the City Clerk not later than January 1, 1952.

No. 329. Resolution Adopting a Minute on the Life and Character of the Late Philip E. Quinn, Member of the Board of Canvassers and Registration.

(Approved March 16, 1951.)

RESOLVED, That the following Minute on the life and character of Philip E. Quinn, who died March 12, 1951 be and the same is hereby adopted, order inscribed on the records of this City Council and a copy thereof transmitted to his family.

MINUTE

Philip Edward Quinn was a native of this City. He was born March 14, 1883, the son of the late James F. and Susan (Slattery) Quinn. He was educated in our local public schools and was graduated from English High School. He was engaged in the real estate and insurance business for many years.

A liberal in political philosophy, Mr. Quinn, early in life, associated himself with the Democratic party and to it he gave a lifetime of service. In 1922 he was elected to the General Assembly of the State of Rhode Island to represent the Eleventh Assembly District. From 1935 to 1937 he was High Sheriff of Providence County. In 1939 he was named a member of the Board of Canvassers and Registration of the City of Providence, became its secretary and held that position until his death.

"Phil" Quinn was a big man in stature and he matched his stature in friendliness, sincerity, humility and generosity. For years he was President of the Assumption Council of St. Vincent de Paul Society and Secretary of the particular council of that

society. He held membership in Tyler Council, Knights of Columbus, the Holy Name Society and the Friendly Sons of St. Patrick. He was a trustee of the Church of the Assumption and was a tireless worker in behalf of all works of charity, especially the annual Catholic Charity Fund Appeal.

This City Council now pauses in its deliberations to pay its respect and admiration to the late Philip E. Quinn, a remarkable personage of unconquerable spirit, whose vital, friendly voice is stilled but who will be long remembered for his distinguished service to the City of Providence and the State of Rhode Island. To the bereaved wife and family this City Council extends sincere condolences and profound regret in the hour of their great loss.

No. 452. Resolution Commending the Aims and Purposes of the Catholic Charity Fund Appeal for 1951.

(Approved May 7, 1951.)

Whereas, His Excellency, Most Reverend Russell J. McVinney, D.D., Roman Catholic Bishop of Providence, has announced that the 1951 Charity Fund Appeal will be conducted from May 6th to May 16th, inclusive, and

Whereas, This annual appeal, now in its 25th Jubilee Year, ever gaining in popularity, has each year surpassed its previous goal; enabling the Most Reverend Bishop to maintain and expand facilities and add to the agencies of mercy, now numbered at twenty-five, which minister to various human needs of our community, and

Whereas, The Most Reverend Bishop has humbly said "There is so much yet to be done to provide for the needs of God's afflicted children. There are fields of charity still uncharted locally", and as a visible proof of his assertion, we now see arising on a hillside overlooking our City a hospital for the chronic ill, to be dedicated to the Mother of God and known as the Hospital of Our Lady of Fatima, and

Whereas, This new facility will fulfill a long felt need in our community not only to the chronic ill themselves, but to their families and friends whose anxiety will be assuaged by the knowledge that their dear ones will be tenderly cared for in their last hours, and

Whereas, The Hospital of Our Lady of Fatima will be another link in the strong chain being forged to safeguard this community against the perils of human distress, and

Whereas, This hospital in conjunction with the existing facilities which have been providing succor for the orphan, the infirm, the unfortunate and the aged for many years without distinction as to color, creed or race, the agencies while under Catholic auspices being non-sectarian in their services; richly deserve the generous gratitude of this community,

Now, Therefore, Be It Resolved, That the members of the City Council of the City of Providence, speaking for the people of this capital city, extend to Most Reverend Bishop Russell J. McVinney, D.D., Roman Catholic Bishop of Providence, their grateful appreciation for the countless services rendered by the Catholic Charity Fund to the people of this community during the past 25 years; and to His Excellency Bishop McVinney, to the Honorable Louis W. Cappelli, Justice of the Superior Court and Lay Chairman, to the reverend pastors of the various parishes

and their reverend assistants and to the countless lay men and women upon whose zeal and enthusiasm the success of this concerted effort rests; sincere good wishes that the 1951 appeal will exceed their fondest expectations.

BE IT FURTHER RESOLVED, That the City Clerk be and he is hereby directed to transmit to the Most Reverend Bishop, Russell J. McVinney, D.D., Bishop of Providence and to the Hon. Louis W. Cappelli, Lay Chairman, a duly certified copy of this Resolution.

(Approved May 17, 1951.)

RESOLVED, That the following Minute on the life and character of John R. Crawford who died May 5, 1951 be and the same is hereby adopted, ordered inscribed on the records of this City Council and a copy thereof transmitted to his family.

John Russell Crawford was a native of Worcester, Massachusetts, where he was born on April 7, 1892. His parents were the late James H. and Margaret (Corcoran) Crawford. He attended St. Charles School in Woonsocket and was graduated from La Salle Academy in June of 1909.

Mr. Crawford's entire adult life was spent in the textile industry, in which he had an outstanding career. His meteoric rise from office boy to the presidency of Manville-Jencks Company and Textron, Inc., its successor, is a story of success seldom attained. A pleasing personality coupled with exceptional ability, steadfast integrity and unswerving loyalty won him a legion of friends and merited the high honors which he attained.

Despite a most active business career, Mr. Crawford served his City, State and Nation with distinction. He was prevailed upon to assume the office of Finance Director of the City of Providence in January of this year after having been a member of the Redevelopment Agency since its inception. During World War II, he gave generously of his time and talents as Chairman of the Elmwood Rationing Board and served on the National O.P.A. Textile Advisory Committee.

He was a member of the Metacomet Golf Club and took an active interest in its affairs. He also held membership in the

Knights of Columbus, the Serra Club, Friendly Sons of St. Patrick, Sons of Irish Kings and the Holy Name Society of St. Mathews Church.

The members of this City Council, desiring to put in some enduring form their sorrow in the loss of this valuable citizen, hereby expresses its deep regret in the loss the City, and most of all his family, have sustained in the death of Mr. Crawford and extends to the family of the deceased their heartfelt sympathy in the hour of their breavement.

Said act passed at the January Session, 1947, authorizes and empowers The Narragansett Electric Company to build and maintain a structure of one or more decks over and across Point street and over and across South street, in the City of Providence, at a location substantially parallel to and within fifty (50) feet of the westerly harbor line of the Providence River, to be used for the purpose of conveying fuel between land and structures owned by said The Narragansett Electric Company located south of the aforesaid streets and land and structures located north of said streets, upon such terms and conditions as may be prescribed by the City Council of the said City of Providence; provided, however, that every part of said structure over either of said streets shall be at least twenty (20) feet above the surface thereof. Said act passed at the January Session, 1951, authorizes and empowers The Narragansett Electric Company to build, maintain and operate in and on South street, in said City of Providence, pipes, screens, pumps, fixtures and other structures and apparatus for receiving and taking from and for discharging into the Providence River condenser cooling water or circulating water for use in its generating station abutting on said South street, upon such terms and conditions as may be prescribed by the City Council of said City of Providence.

and to his satisfaction; and upon condition that if after January 1, 1960 the City Council of the City of Providence shall determine that the public interest requires the removal of the structure over and across Point street and/or over and across South street, the same shall be removed, provided, however, that at least two years written notice shall be given prior to the specified removal date; and upon the further condition that there shall be no advertising matter displayed on said structure over Point street and over South street; and upon the condition that in case the City of Providence shall at any time hereafter be authorized to assess abutting owners for the private use and occupation of the public highways, the passage of this Resolution shall in no manner affect the right of the City to charge and collect rent for the use of said Point street and South street by said The Narragansett Electric Company as herein permitted; and upon the condition that said The Narragansett Electric Company shall hold and keep said City of Providence harmless, safe and indemnified from and against loss, cost, damage, payment and expense on account of any injuries to persons or damage to property for which said City may become liable on account of the construction, maintenance, use or repair of, or any defect in said structure over and across Point street and South street or said pipes, screens, pumps, fixtures and other structures and apparatus in South street or neglect to properly maintain or repair any of the aforesaid, unless the wrongful act or negligence of said City, its officers or employees, shall cause such injury or damage as is mentioned aforesaid; and upon condition that said The Narragansett Electric Company before commencing the work of building said structure over Point street and over South street or said pipes, screens, pumps, fixtures and other structures and apparatus in South street shall file its bond in the sum of Five Thousand ($5,000) Dollars in form satisfactory to the City Solicitor to hold and keep said City harmless, safe and indemnified as aforesaid, and it is agreed by the acceptance hereof, that the amount of said bond shall not be construed or held to limit the general obligation of The Narragansett Electric Company to hold and keep said City harmless, safe and indemnified as aforesaid; and also upon condition that said The Narragansett Electric

Company shall, before commencing the building of said structure over Point street and over South street or said pipes, screens, pumps, fixtures and other structures and apparatus in South street, file with the City Clerk its written acceptance of the terms and conditions of said Resolution and its agreement to perform and observe all said terms and conditions.
