3 (19) Aircraft for which the fee required by section 1-4-2 of the

5 (20) Manufacturer's inventory;

6 (i) For the purposes of sections 44-4-10, 44-5-3, 44-5-20, and
7 44-5-38, a person is deemed to be a manufacturer within a city or town
8 within this state if that person uses any premises, room, or place
9 therein primarily for the purpose of transforming raw materials into a
10 finished product for trade through any or all of the following opera-
11 tions: adapting, altering, finishing, making, and ornamenting; pro-
12 vided, however, that public utilities, building and construction con-
13 tractors, warehousing operations including distribution bases or out-
14 lets of out-of-state manufacturers, fabricating processes incidental
15 to warehousing or distribution of raw materials such as alteration of
16 stock for the convenience of a customer, shall be excluded from this
17 definition.

18 (ii) For the purpose of sections 44-3-3, 44-4-10, and 44-5-38,
19 the term "manufacturer's inventory" or any similar term shall mean and
20 include his or her raw materials, his or her work in process, and fin-
21 ished products which have been manufactured by the manufacturer in
22 this state, and not sold, leased, or traded by the manufacturer or the
23 title or right to possession thereof otherwise divested, provided,
24 however, that the term shall not include any finished products which
25 are held by the manufacturer in any retail store or other similar
26 selling place operated by the manufacturer whether or not the retail
27 establishment is located in the same building in which the manufac-
28 turer operates his or her manufacturing plant.

29 (iii) For the purpose of section 44-11-2, a manufacturer is a
30 person whose principal business in this state consists of transforming
31 raw materials into a finished product for trade through any or all of
32 the operations described in subdivision (a) of this subdivision. A
33 person will be deemed to be thus principally engaged if the gross

1 receipts which that person derived from the manufacturing operations
2 in this state during the calendar year or fiscal year mentioned in
3 section 44-11-1 amounted to more than fifty percent (50%) of the total
4 gross receipts which that person derived from all his or her business
5 activities in which that person engaged in this state during the tax-
6 able year. For the purpose of computing the percentage, gross receipts
7 derived by a manufacturer from the sale, lease, or rental of finished
8 products manufactured by the manufacturer in this state, even though
9 his or her store or other selling place therein may be at a different
10 location from the location of his or her manufacturing plant in this
11 state, shall be deemed to have been derived from manufacturing.

12 (iv) Within the meaning of the preceding paragraphs of this sub-
13 division, the term "manufacturer" shall also include persons who are
14 principally engaged in any of the general activities respectively
15 coded and listed as establishments engaged in manufacturing in the
16 standard industrial classification manual prepared by the technical
17 committee on industrial classification, office of statistical stan-
18 dards, executive office of the president, United States bureau of the
19 budget, as revised from time to time, but eliminating as manufacturers
20 those persons, who, because of their limited type of manufacturing ac-
21 tivities, are classified in the manual as falling within a trade
22 rather than an industrial classification of manufacturers. Among those
23 thus eliminated, and accordingly also excluded as manufacturers within
24 the meaning of this subdivision, are persons primarily engaged in
25 selling, to the general public, products produced on the premises from
26 which they are sold, such as neighborhood bakeries, candy stores, ice
27 cream parlors, shade shops, and custom tailors, except, however, that
28 a person who manufactures bakery products for sale primarily for home
29 delivery, or through one or more nonbaking retail outlets, and whether
30 or not retail outlets are operated by the person, shall be a manufac-
31 turer within the meaning of this subdivision.

32 (v) The term "person" shall mean and include, as appropriate, a
33 person, partnership, or corporation.

1 (vi) The department of administration shall provide to the local
2 assessors such assistance as is necessary in determining the proper
3 application of the foregoing definitions.

4 (21) Real and tangible personal property acquired to provide a
5 treatment facility used primarily to control the pollution or contami-
6 nation of the waters or the air of the state, as defined in chapter 12
7 of title 46 and chapter 25 of title 23, respectively, the facility
8 having been constructed, reconstructed, erected, installed, or ac-
9 quired in furtherance of federal or state requirements or standards
10 for the control of water or air pollution or contamination, and certi-
11 fied as approved in an order entered by the director of environmental
12 management. The property shall be exempt as long as it is operated
13 properly in compliance with the order of approval of the director of
14 environmental management, provided further, that any grant of the ex-
15 emption by the director of environmental management in excess of ten
16 (10) years shall be approved by the city or town in which the property
17 is situated. This provision shall apply only to water and air pollu-
18 tion control properties and facilities installed for the treatment of
19 waste waters and air contaminants resulting from industrial process-
20 ing; furthermore, it shall apply only to water or air pollution con-
21 trol properties and facilities placed in operation for the first time
22 after April 13, 1970;

23 (22) New manufacturing machinery and equipment acquired or used
24 by a manufacturer and purchased after December 31, 1974. Manufac-
25 turing machinery and equipment is defined:

26 (i) As that machinery and equipment which is used exclusively in
27 the actual manufacture or conversion of raw materials or goods in the
28 process of manufacture by a manufacturer as set forth in subdivision
29 (20) of this section, and machinery, fixtures, and equipment used
30 exclusively by a manufacturer for research and development or for
31 quality assurance of its manufactured products; and

32 (ii) As that machinery and equipment which is partially used in
33 the actual manufacture or conversion of raw materials or goods in pro-

1 cess of manufacture by a manufacturer as set forth in subdivision (20)
2 of this section, and machinery, fixtures, and equipment used by a
3 manufacturer for research and development or for quality assurance of
4 its manufactured products, to the extent to which the machinery and
5 equipment is used for the manufacturing processes, research, and
6 development or quality assurance. In the instances where machinery
7 and equipment is used in both manufacturing and/or research, and
8 development, and/or quality assurance activities and nonmanufacturing
9 activities, the assessment on machinery and equipment shall be pro-
10 rated by applying the percentage of usage of the equipment for the
11 manufacturing, research, and development and quality assurance activi-
12 ty to the value of the machinery and equipment for purposes of taxa-
13 tion, and the portion of the value used for manufacturing, research,
14 and development, and quality assurance shall be exempt from taxation.
15 The burden of demonstrating this percentage usage of machinery and
16 equipment for manufacturing and for research, and development, and/or
17 quality assurance of its manufactured products shall rest with manu-
18 facturer.

19 (23) Precious metal bullion, meaning thereby any elementary metal
20 which has been put through a process of melting or refining, and which
21 is in such state or condition that its value depends upon its content
22 and not upon its form. The term does not include fabricated precious
23 metal which has been processed or manufactured for some one or more
24 specific and customary industrial, professional, or artistic uses;

25 (24) Hydroelectric power generation equipment, which includes but
26 is not limited to, turbines, generators, switchgear, controls, moni-
27 toring equipment, circuit breakers, transformers, protective relaying,
28 bus bars, cables, connections, trash racks, headgates, and conduits.
29 The hydroelectric power generation equipment must have been purchased
30 after July 1, 1979 and acquired or used by a person or corporation who
31 owns or leases a dam and utilizes the equipment to generate hydroelec-
32 tric power;

33 (25) Subject to authorization by formal action of the council of

1 any city or town, any real or personal property owned by, held in
2 trust for, or leased to an organization incorporated under chapter 6
3 of title 7, as amended, or an organization meeting the definition of
4 "charitable trust" set out in section 18-9-4, as amended, or an orga-
5 nization incorporated under the not for profits statutes of another
6 state or the District of Columbia, the purpose of which is the con-
7 serving of open space, as that term is defined in title 45, chapter
8 36, as amended, provided the property is used exclusively for the pur-
9 poses of the organization;

10 (26) Tangible personal property, the primary function of which is
11 the recycling, reuse, or recovery of materials (other than precious
12 metals, as defined in section 44-18-30 (Y) (1)) from or the treatment
13 of "hazardous wastes", as defined in section 23-19.1-4, where the
14 "hazardous wastes" are generated primarily by the same taxpayer and
15 where the personal property is located at, in, or adjacent to a gener-
16 ating facility of the taxpayer. The taxpayer may, but need not, pro-
17 cure an order from the director of the department of environmental
18 management certifying that the tangible personal property has this
19 function, which order shall effect a conclusive presumption that the
20 tangible personal property qualifies for the exemption hereunder. If
21 any information relating to secret processes or methods of manufac-
22 ture, production, or treatment is disclosed to the department of envi-
23 ronmental management only to procure an order and is a "trade secret"
24 as defined in section 28-21-10(b), it shall not be open to public
25 inspection or publicly disclosed unless disclosure is otherwise re-
26 quired under chapter 21 of title 28 or chapter 24.4 of title 23.

27 (27) Motorboats as defined in section 46-22-2 for which the
28 annual fee required in section 46-22-4 has been paid.

29 (28) The real and personal property of Providence Performing Arts
30 Center, a Rhode Island non-business corporation as of December 31,
31 1986.
