OUR 1893 ROTARY STEAM CLOTH PRESS

IS MADE OF NEW DESIGNS AND PATTERNS THROUGHOUT, AND IS FULLY GUARANTEED.

The Patent Bed gives four points of contact, and also allows the goods to press entirely up to the seams. The goods are pressed uniformly throughout their entire length and breadth, and any extra thickness of the cloth does not strain the machine in any way, as is the case where screws are used to give pressure.

We also manufacture Patent Friction Couplings, Shaftings, Hangers and Pulleys, for all classes of work.

INTRODUCTORY.

THERE is probably no better medium than the CITY DIRECTORY for showing the advance in public and private interests from one year to another, and a study of our Table of Contents will show how fully this book keeps the record in all matters of interest to the public. The best skill and experience have been employed in the collection and compilation of the names and other information, which is much more comprehensive than often included in a City Directory, covering, in fact, the territory of the State of Rhode Island. The action of the postal authorities in making Olneyville a branch of Providence Post Office, facilitates the prompt delivery of mail in that section, and puts an end to complaints of delay in receiving mail addressed to street and number as given in the Directory.

The re-naming and re-numbering of streets has been continued during the past year, and we have included in the Street Directory all such changes to time of going to press, and also thoroughly corrected the map to show such changes.

The Directory library now contains the principal Directories of the country, and our patrons are invited to use it freely for reference. In this connection it is well to remind advertising patrons that by our system of exchange of books with the members of the Association of American Directory Publishers, the PROVIDENCE DIRECTORY is placed on the shelves of all the leading Directory offices, which cannot fail to benefit advertisers here, and make a creditable showing for our City and State. All patrons have our sincere thanks for their liberal support.

The fraudulent Directory canvasser is still in the field and during the past year has swindled business men to some extent. Beware of all who endeavor to collect in advance of publication, or request you to sign receipts or vouchers to be afterwards altered to read as orders for advertising. The safe way is to deal only with reputable and well-known publishers.

We are glad to announce that the veteran, Mr. Thomas R. Briggs, born in 1807, is still a citizen of Providence—the only remaining name among all contained in the first City Directory of 1824.

PROVIDENCE STREET DIRECTORY.

COPYRIGHT, 1901, BY SAMPSON, MURDOCK, & CO.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Bridgham Street from 1189, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Streets.
