Committee on Public Works
City Hall
Providence, Rhode Island

RE: Resolution No. 449
Dated - 5/21/75

Gentlemen:

The Traffic Engineering Department has received the following resolution from your Committee and has taken the subsequent action:

Request: That the Traffic Engineer is requested to effect the reduction in area of that safety island located at the intersection of Atwells Avenue and Knight Street, to facilitate more orderly moving of motor vehicle traffic.

Disposition: This traffic safety island was designed to separate traffic safely and provide for pedestrian safety as well. I do not feel that a change in this island is warranted at this time.

Very truly yours,
