Dear Councilman Clarkin:

I am in receipt of a petition to abandon a portion of Worsted Avenue in the City of Providence.

I asked Lieutenant Timothy Lee, Commanding Officer, Traffic Bureau, to look into this matter on my behalf. He finds no reason why this particular area should not be abandoned. If the city has no future plans for the area, it does not effect traffic in any way.

If you require further information regarding this subject matter, please do not hesitate to contact Lieutenant Lee at 272-3121, ext. 2133.

Sincerely,

SUBJECT:      **Petition to Abandon Worsted Avenue  
Providence, Rhode Island**

Dear Councilman Clarkin:

The referenced Petition received from the Department of City Clerk proposes to abandon Worsted Avenue. This roadway is located off the westerly side of Herschel Street in Providence.

Accordingly, we have reviewed this Petition with respect to the impact it may have on the Providence Water Supply Board (PWSB) Distribution System. Our present records indicate that the entire length of Worsted Avenue, as proposed herein for abandonment, contains a 6" cast iron water main and gate valve belonging to PWSB. The water main must remain in place as it provides a 6" fire service to # 25 Worsted Avenue as well as a domestic service to # 48 Herschel Street.

Therefore, the Providence Water Supply Board (PWSB) has no objection to the proposed abandonment, provided that the Petitioner grants a full utility easement to PWSB to maintain, construct, repair, etc., the existing water main and appurtenance, and that no permanent construction, whatsoever be allowed within the easement. Wording of the easement shall be subject to review by PWSB as to form and content. Upon approval of the easement wording, the Petitioner shall record the easement in the Land Evidence Records of the City of Providence and a copy shall be provided to PWSB.

Should you have any questions, or require additional information with respect to our facilities in Worsted Avenue, please contact the undersigned at 521-6300, extension 7228.

Respectfully,  
PROVIDENCE WATER SUPPLY BOARD
