Amending of Section 9-92 **Master Alarm Connection Fee**

The City foregoes a fee that other RI cities and towns collect when buildings required by the state fire code connect and use the city's system for direct notification of a fire.

The ordinance would set a fee that is reasonably and comprehensively related to cost for the service the city's Communications Department provides, not to exceed \$550.00/year.

Such a fee would be ascertained yearly by the Communications Dept.

Example of a Reasonable Fee Analysis (for explanation purposes only)

Non-city owned boxes:	1246 (approx.)
Salaries & overtime for 3 departmental personnel directly involved in maintenance:	\$206,847/yr
Proportional managerial salary	\$20,000
Cost of equipment supplies and vehicles:	\$379,200
Salaries for 4 Fire Department inspectors	\$320,000
Other supplies, miscellaneous, & growth of system	\$138,906
Grand total	\$1,064,952
Per each box:	\$504.

Such a fee would be in line with Boston (\$600/yr) and Portland Me (\$500/yr).
