Providence, Rhode Island

Dear Sir:

Referring to the Docket of the City Council for April 20, 1961, authorizing Hyman Sherman and Martha Sherman to erect light poles on Assessor's Plat 88, Lot 102, on Elmwood Avenue, please be advised that this Department has made an inspection and we find that the steel poles have been erected for the purpose of supporting flood lights for a proposed automobile sales lot. The height of the poles are 29' above ground and 6' below ground, and they are 5½" in diameter. The arms which will support the lights extend about 7' over the sidewalk.

The poles are structurally safe and, therefore, are approved by this Department.

Very truly yours,

Vincent DiMase, Director
Department of Building Inspection
