Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Tuesday, May 13, 1958.

This referral is a request to abandon a portion of Joslin Street from Manton Avenue to Kossuth Street.

The abandonment of this street will result in the elimination of the traffic between the swimming pool area and the playground, and the combination of these areas with the abandoned street area will form one unified recreation area which is in accordance with the recommendations in the MASTER PLAN FOR PLAYGROUNDS AND PLAYFIELDS.

SUBJECT: REFERRAL NO. 879 - ABANDONMENT OF ASHVILLE STREET

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Tuesday, April 9, 1957.

This referral is a request for the abandonment of Ashville Street.

On the field trip it was found that the street in question bisects the property of the petitioner.

This is a paper street, and due to the terrain in this area it is unlikely that this street will be paved. As the abandonment of this street does not conflict with any present or contemplated City Plans,

Dear Councilman Matera:

On the docket of the City Council for Thursday, March 20th, is a petition of the Remax Realty Company and the Rhode Island Hospital to abandon as a public highway Maiden Lane from Snow St. easterly to the range of the westerly line of Moulton St.

In this portion of Maiden Lane, we have a section of 6" cast iron main laid in 1909 and a 4" cast iron service that supplies #158 Washington St., owned by the Remax Realty Company.

If this street is abandoned, the petitioner will have to reimburse this department for the depreciated value of our facilities, which total \$360.56. They also would have to pay for relocating the 4" service, which would have to be laid in Snow Street.

Yours very truly,

SUBJECT: Referral No. 981 - ABANDONMENT OF A PORTION OF MAIDEN

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on April 22, 1958.

This referral is a request for the abandonment as a public highway a portion of Maiden Lane.

On the field trip it was found that the area in question is unpaved and lies between Snow Street and Mathewson Street.

The City Plan Commission is at present undertaking a Downtown Providence Master Plan Project. The area in question lies in the project area. Since the importance of some streets may be changed considerably by the Master Plan study,

The Commission

VOTED: To recommend that this request be denied until completion of the Project.
