

120 Pulpit Hill Road #27
Amherst MA 01002

January 25, 2010

Peter S. Mancini, President City Council and
Members of the Council
Office of the City Clerk
City of Providence
25 Dorrance Street
Providence RI 02903

Dear Council President Mancini and Members of the Council,

I am writing to formally resign as the chair and a member of the Council's Sustainability Task Force. It has been a pleasure to work with the council and the members of the Task Force. However, since I have moved with my husband Amherst Massachusetts, I am no longer able to serve as a member of the Task Force.

The Council is to be commended for its vision in establishing the Task Force which has worked with council members as well as the mayor's office on the Greenhouse Gas Inventory, the Greenprint, the clean diesel ordinance and other important initiatives.

I wish to thank members of the Council, Task Force members, Council members, and the staff of the City Clerk's office for their support of Task Force work. I would also like to offer a special thank you to Council Members Seth Yurdin and Cliff Wood for their dedication to the work of the Task Force.

With Best Regards,

Janet Keller
