# RESOLUTION OF THE CITY COUNCIL

No. 53

Approved January 16, 1987

RESOLVED, That the Traffic Engineer is requested to cause the installation of "Stop" signs along Bancroft Street, at its intersection of Sterling Avenue.

A true copy,  
Attest:

*Rose M. Mendonca*

Rose M. Mendonca,  
City Clerk.

## Disposition:

Being a T-intersection (not a through intersection), the appropriate Traffic Regulation has been issued. Following the proper legal waiting period, sign and post will be installed. Depending on the weather and frozen ground, if possible, the sign and post should be installed within a month.

*W. James Sullivan*

Attest:

A handwritten signature in cursive script, reading "Rose M. Mendonca".

Rose M. Mendonca,  
City Clerk.

DISPOSITION: The intersection of Eddy Street and Thurbers Avenue is presently under design by the State of Rhode Island under a "3-R" Project for roadway improvements along Eddy Street between Blackstone Street and Thurbers Avenue. The design plan for this intersection has exclusive turn lanes with more visible traffic signal indications. The existing traffic control equipment at this location is very old and cannot accommodate the required turn movements. Since the State of Rhode Island through the Federal Government will be expending funds at this intersection within a year or so, we do not feel that City funds should be expended at this time.

A handwritten signature in cursive script, reading "B. James Suzman".  
B. James Suzman, Traffic Engineer  
1/23/87
