## MAP OF PROVIDENCE.

It was the intention to give a nice copperplate map of the city in the Providence Directory for 1869, but it has been impossible to finish it in season. It will be completed early in August, and every subscriber to the Directory will be entitled to a copy at that time free of charge.

**"The Providence Weekly Gazette."**

WHEN we first conceived the idea of starting the present WEEKLY GAZETTE, we based it upon our experience in publishing the WEEKLY TIMES, which we printed up to the very time we left in the Tenth Rhode Island Regiment of Volunteers, for the defense of our Capitol, the City of Washington. The TIMES had paid us well. The GAZETTE, thus far, has netted us a better profit than ever the TIMES did and we have enlarged it to the size of the Daily Journal. We attribute the success to the circulation, which is entirely in the hands of our Agent and Business Manager, Mr. JOHN W. COLB.

Three thousand copies are printed weekly; two thousand of which are circulated in the wards of the city which supplies one-quarter of the families in all the different wards weekly, every week supplying new families in those wards, thereby taking four weeks to supply the entire city. The balance, one thousand goes into country villages through the State; never two weeks in succession in the same village. Our distributing in this way precludes Mr. COLB from having any remuneration at the end of the year by CARRIERS' ADDRESS, as we circulate to the same families only once in four weeks. We pay Mr. C. what he thinks a fair and honorable remuneration, together with his travelling expenses. Of course he has to hire the services of a boy, (who is under his immediate eye,) in order to get the large addition circulated in two days. We think this is the whole secret of success. The GAZETTE has been published twenty seven months, and is now in so prosperous a condition that its permanency has become a "fixed fact." We desire to give the readers of our paper a full reading page, but as yet have been unable to do so, but will as soon as our narrow limits will admit.

Thankful for the very liberal patronage already received, we invite the citizens of the State generally, to call and see the

MASON'S FRICTION PULLEYS.

WHERE THEY ARE USED

THEY EFFECT A GREAT SAVING IN BELTING, &c.,

as there is no wear to the surface and edges of the belt by constant slipping and rubbing of the shipper, as there is where tight and loose Pulleys are used; they occupy less than half the room, require much less shipping motion, thereby starting or stopping more quickly, with less strain on the belt than where the belt is shipped from one Pulley to another, as the full width and power of the belt is always on the Pulley.

Various sizes are manufactured, from ten (10) inches to six (6) feet diameter and upwards.

ALSO, MANUFACTURE A VARIETY OF SIZES OF

FRICTION COUPLINGS,

having V or wedge-shaped segments, which are especially designed for starting heavy-gear machinery, for connecting shafting without sudden shock, and without check or hindrance to motive power while it is being started. In connection with their manufacture, we have facilities for executing general

MACHINE WORK,

SHAFTING, HANGERS, PULLEYS, GEARS, &c.

All orders or correspondence will receive prompt attention. Address

# Immaculate Conception Academy,

**FOR YOUNG LADIES.**

No. 45 Walling Street, Providence, R. I.

This Institution is conducted by the Sisters of Charity.

The new building is large and commodious, well ventilated, and admirably arranged both for the health and comfort of the pupils.

The system of instruction comprises Orthography, Reading, Grammar, History, Geography, and the use of the Globes; Natural Philosophy, the elements of Astronomy, Composition, Writing, Arithmetic, and Algebra.

The discipline of the School is mild but firm; and regular, strict attention to its regulations required at all times. Should a pupil be withdrawn before the expiration of the quarter, no deduction will be made for the remaining time, or for a partial absence from school.

The emulation of the pupils is excited by every gentle means, and their success rewarded by an annual distribution of Premiums previous to the vacation, which will commence July 17th. The Scholastic year will open on the first Monday of September.

Regular attendance is required of the pupils, none being allowed to be absent without having obtained previous permission.

## The Pupils provide themselves with School Books, &c.

The School Hours are from 9 to 12 A. M., and from 1.30 to 4 P. M. The Scholastic Year consists of four Terms, commencing respectively:

SEPTEMBER 1st, NOVEMBER 19th, FEBRUARY 13th, APRIL 29th.

### TERMS:

First Class,	\$8.00 per Term.
Second Class,	7.00 "
Third Class,	6.00 "
Fourth Class,	5.00 "

### EXTRA CHARGES:

French,	\$ 5.00 per Term.
Music,	10.00 "

N. B. The Quarter consists of eleven weeks, payable in advance. Ladies not attending school can take Music Lessons. Terms \$15 per set.

For further information, apply to

SISTER M. CELESTIA, Sister Superior.

## Telegraphic Fire Alarm.

The Telegraph Fire Alarm will be used for signaling all fires that occur within or near the city.

The bells to be used for alarming the Fire Department are upon the following buildings, viz: No. 5 Engine House, on North Main street, Fourth Baptist Church, Bacon street, St. John's Church, Police Station, Wickenden street; High Street Church; (in the night.) No. 9 Engine House, Pallas street; Central Baptist Church; Gardner T. Swarts' Tower on Dorrance street, and No. 8 Engine House on Harrison street.

The signal boxes where alarm may be communicated, may be found in all the engine houses; at the residences of the Chief Engineer, No. 128 Friendship st., and Asst. Engineer, No. 15 State street, and at the several stores of A. F. Fuller, No. 66 Wickenden street, Byron Smith, No. 208 North Main street, F. Thoenes, No. 8 High street, John Billinghast, Olneyville, and Chief Engineer's office, room No. 1, City Building.

Upon the discovery of a fire in any locality within or near the city, let the fact be made known to those having charge of the nearest signal box, and the alarm will be immediately telegraphed through the line.

ARTICLE 1. The operators are the Police, the Firemen, and those having charge of the boxes, in the several stores.

ART. 2. The operator who first gets possession of a signal box, shall commence operations by making from five to ten rapid movements of the knob, as preliminary signals. He shall then strike the ward and district the fire is in, two minutes or more.

## Ward Boundaries.

The First Ward includes all that portion of the city north of a line commencing at the North Providence line, on the Woonasquatucket river, and running thence through said river to Moshassuck river, thence through the Moshassuck river to Church street; thence through Church street to Benefit st., thence in a straight line to the west end of Lloyd street, at its junction with Congdon street; thence through Lloyd street to Hope street; thence in a straight line in continuation of Lloyd street to the Seekonk river.

The Second Ward includes all that portion of the city on the east side of the river, south of the above line, to a line commencing at the river at the foot of Power street, and running thence through Power to Brown street; thence through Brown to Charles Field street, thence through Charles Field to Hope street, thence through Hope to Benevolent street, thence through Benevolent to Governor street, thence through Governor to Pitman street, and thence through Pitman street to central bridge on Seekonk river.

The Third Ward includes all that portion of the city on the east side of the river, south of the above named line.

ART. 3. To avoid striking the wrong district, the bell ringer shall not leave his station to ring his bell until he has received two or more distinct signals through his box.

ART. 4. Upon receiving the correct alarm, he shall proceed immediately to the bell assigned him, and after ringing smartly thirty seconds, shall toll distinctly the ward and district where the fire is, five times in succession at slight intervals, and repeat the same at least five times.

ART. 5. It shall be the duty of all persons authorized to make signals for fire alarms, to note whether the armature is against the magnet or lying upon the pin; if in the latter position, then the telegraph is not in working order; and the bell ringers shall then proceed to ring an alarm, and the firemen will use due diligence in finding the place of the fire if any there be.

ART. 6. The Foreman of the several companies will report immediately to the Chief Engineer, when the alarm shall have been given from their station, and the name of the person giving the alarm.

ART. 7. Those having charge of the signal box at Station No. 1, on Exchange Place, will every evening at 9 o'clock, strike the number of the hour. If the response is not made at the other stations throughout the city, it is required of the several operators to report the same at the office of the Chief, No. 1 City Building.

ART. 8. An employee of the Fire Department failing to comply with the above rules, on being reported to the Board of Engineers, will be liable to discharge from the Department.

The Fourth Ward includes all that portion of the city bounded by a line commencing at Weybosset bridge and running through Westminster, Weybosset, Broad and High streets to Dean street, thence through Dean to Atwell's avenue, thence through Atwell's avenue to Acorn street, thence through Acorn to the Woonasquatucket river, thence along said river to Weybosset bridge.

The Fifth Ward contains all that portion of the city on the west side of the river south and east of a line commencing at Weybosset bridge and running through Westminster, Weybosset and Broad streets to Beacon street, thence through Beacon and Plane streets to the line of the town of Cranston.

The Sixth Ward includes that portion of the city bounded by a line commencing at Fenner street running through High and Cranston sts., to B street, thence through B, Major, Linden and Dudley streets to the line of the town of Cranston, thence along said line to Plane street, thence through Plane and Beacon streets to Broad street, thence through Broad street to Fenner street.

The Seventh Ward contains that portion of the city bounded by a line commencing at the corner of High and Dean streets, running through Dean street to Atwell's avenue, thence through Atwell's avenue to Acorn street, thence through Acorn street to the Woonasquatucket river, thence along said river to Atwell's avenue, thence through Atwell's avenue to Ridge and Geeler streets to Almy street, thence through Almy street to High street, through High street

to Coddling street, thence through Coddling street to Cranston street, thence through Cranston and High streets to Dean street.

The Eighth Ward includes all that portion of the city west of the lines described in the sixth and seventh wards.

The Ninth Ward embraces all of that portion of the city formerly known as South Providence and Elmwood, recently annexed to the City, from the town of Cranston.

## Fire Districts may hereafter be known as 1st and 2d Districts in each Ward, as follows:

### FIRST DISTRICT IN WARD ONE.

First District in Ward One embraces all that portion of the first ward east of the Providence and Worcester Railroad.

### SECOND DISTRICT IN WARD ONE.

Second District in Ward One embraces all of that portion of the first ward west of the above line, known as Smith's Hill.

### FIRST DISTRICT IN WARD TWO.

First District in Ward Two embraces all of that portion of the second ward west of Benefit street.

### SECOND DISTRICT IN WARD TWO.

Second District in Ward Two embraces all of that portion of the second ward east of the above line.

### FIRST DISTRICT IN WARD THREE.

First District in Ward Three embraces all of that portion of the third ward west of Brook street.

### SECOND DISTRICT IN WARD THREE.

Second District in Ward three embraces all of that portion of the 3d ward east of the above line.

### FIRST DISTRICT IN WARD FOUR.

First District in Ward four embraces all of that portion of the fourth ward east of Mathewson street.

### SECOND DISTRICT IN WARD FOUR.

Second District in Ward four embraces all of that portion of the fourth ward west of the above line.

### FIRST DISTRICT IN WARD FIVE.

First District in Ward five embraces all of that portion of the fifth ward north of Richmond and Ship streets.

### SECOND DISTRICT IN WARD FIVE.

Second District in Ward five embraces all of that portion of the fifth ward south of the above line.

### FIRST DISTRICT IN WARD SIX.

First District in Ward six embraces all of that portion of the sixth ward east of Spring street.

### SECOND DISTRICT IN WARD SIX.

Second District in Ward six embraces all of that portion of the sixth ward west of the above line.

### FIRST DISTRICT IN WARD SEVEN.

First District in Ward seven embraces all of that portion of the seventh ward east of Knight street.

### SECOND DISTRICT IN WARD SEVEN.

Second District in Ward seven embraces all of that portion of the seventh ward west of the above line.

### FIRST DISTRICT IN WARD EIGHT.

First District in Ward Eight embraces all of that portion of the eighth ward south of a line half way between Cranston and High streets.

### SECOND DISTRICT IN WARD EIGHT.

Second District in Ward eight embraces all of that portion of the eighth ward north of the above line.

### FIRST DISTRICT IN WARD NINE.

First District in Ward nine embraces all of that portion of the ninth ward east of Broad st.

### SECOND DISTRICT IN WARD NINE.

Second District of Ward nine embraces all of that portion of the ninth ward west of the above line.

Churches and Pastors.

BAPTIST.

Broadway Baptist Church, Broadway, c. Valley, B. P. Byram.  
 Brown Street Baptist Church, Benevolent, corner Brown, Henry C. Graves.  
 Central Baptist, Broad, corner Burrill, W. F. Bainbridge.  
 First Baptist, between 46 and 68 North Main, Samuel L. Caldwell.  
 Fourth Baptist, Bacon St., A. H. Granger.  
 Friendship Street Baptist, Friendship, near cor. Prince, S. S. Parker.  
 Jefferson Street Baptist, Jefferson, corner, Common, John G. Richardson.  
 Meeting St. Baptist, Meeting, c. Congdon, Nicholas Richmond.  
 South Baptist Church, Potter's avenue, corner Plane, J. E. Bell.  
 Stewart Street Baptist, Stewart, corner Pond, Charles A. Suoz.  
 Third Baptist, Wickenden, corner Hope, (no pastor).

CONGREGATIONAL, TRINITARIAN.

Benevolent Congregational, Broad, near corner Chestnut; James G. Vose.  
 Central Congregational, Benefit, n. cor. College; Leonard Swain.  
 Charles Street Congregational, Charles, near Railroad Crossing; George Huntington.  
 Elmwood Congregational, Greenwich, cor. Mashpaug; Henry A. Wales.  
 Free Evangelical Congregational, Roger Williams Hall; Edward O. Bartlett.  
 High Street Congregational, High, n. cor. Dean; (no pastor).  
 Pilgrim Congregational, Harris rear High, (no pastor).  
 Richmond St. Congregational, Pine, c. Richmond Nelson W. Millard.

EPISCOPAL.

Bishop, Rt. Rev. Thomas M. Clark, Providence.  
 Church of the Messiah, Olneyville; D. G. Rice.  
 Church of the Redeemer, North Main St., Charles H. Wheeler. [Skeele]  
 Church of the Saviour, Benefit, c. Transit; Amos Grace Church, Westminster, cor. Mathewson; Day O. Kellogg.  
 St. Andrew's, near 151 Friendship; D. Henshaw.

Season Tickets are sold subject to the following RULES AND CONDITIONS, which form a part of the contract of Sale.

SEASON TICKETS will not be issued for a less term than three months.

SEASON TICKETS may commence on first day of any month; but they must expire on the last day of March, June, September, or December.

An extension of one or two months will be allowed only to persons who intend to discontinue at the expiration of that time.

Season Tickets are not transferable. Persons passing over the Road without a Ticket, are liable to a penalty; they also forfeit their claim to a Season Ticket.

Holders of Season Tickets must present their Tickets for inspection, when so required by the Conductor, or pay the regular fare in the Train, WHICH WILL NOT BE REFUNDED.

Persons under 17 years of age, and pupils who are devoting their whole time to the acquisition of a common school education, can procure Tickets at HALF PRICE.

No allowance will be made for disease of cars from any personal cause, or for discontinuance of trains, or change in time of running them.

Season Tickets are sold with a distinct understanding that they are not to be used in the transaction of Express Business in any form or manner.

Season Tickets are subject to the general regulations of the road, and do not entitle the holder to carry with him anything but his own personal baggage.

The Corporation is not bound to advise Season Ticket holders of the expiration of their Tickets.

**The Reliance Wringer,**

WITH  
**Keyed Rolls,**

AND

**COG WHEELS.**

☞ The Best in Use. ☜

It has taken **FIRST PREMIUM** at every Fair where it has been exhibited.

The machine has recently been greatly improved by the addition of **COG WHEELS** of a superior pattern. The rubber rollers have received new strength, by an internal support of wire netting, keyed into the shaft.

A degree of finish is given to the frames, which has never been equalled.

For simplicity and durability it is **UNSURPASSED**. Families desiring the **BEST WRINGER** are invited to try it. Ask for the

**COG WHEEL RELIANCE.**

Sold at the leading Stove Stores and House Furnishing Depots everywhere. Dealers supplied on the most liberal terms.

Address **A. N. SPENCER**, Gen. Ag't, or the Manufacturers,  
**PROVIDENCE TOOL CO., PROV., R. I.**

**Volney W. Mason & Co.,**

MANUFACTURERS OF MASON'S

**Patent Friction Clutches!**

FOR

**STARTING MACHINERY,**

WITHOUT SUDDEN SHOCK OR JAR.

References can be given to many of our best Manufacturers who have them in use, among others, the

Corliss Steam Engine Co., Providence; S. H. Greene, & Sons, Riverpoint; Atlantic Print Works, East Greenwich; Oriental Print Works, Apponaug, R. I.; James Sanders, Centreville, R. I.; W. F. & F. C. Sayles' Bleachery, Pawtucket, R. I., and many others, in Providence, and vicinity.

BALTIMORE, February 15th, 1887.

This is to certify, that we have used **MASON'S PATENT FRICTION PULLEYS** on our looms for two or three years past, and have recently applied them on all of our new looms. We use the 26 inch diameter, 5 inch face, and their action is quick to start or stop, and devoid of all sudden shock on starting. They save our belts from the constant wear of slipping, and they are constructed in a durable manner, and we consider them the best device known to us for the purpose of driving "Looms."

WM. E. HOOPER, &amp; SONS.

COAL MINE, POSTSMOUTH, E. I., July 16th, 1887.

Mr. **VOLNEY W. MASON**,—Sir: Yours of the 11th instant, is at hand. In reply, would say that we are using, and have been, for the past two years, at our North Mine, two of your Friction Couplings; one is used for hoisting coal, and rock, weighing, with the car, about one and a half tons, from a depth of from 400 to 600 feet, up an incline of some 35 degrees, and it has worked to our entire satisfaction.

The Friction Coupling on our pump also works well, and we are satisfied that for ease of working, EFFICIENCY, and DURABILITY, YOUR FRICTIONS ARE UNEQUALLED by any other arrangement known to us.

WM. COBB, Ag't Mt. Hope Coal Mine Co.

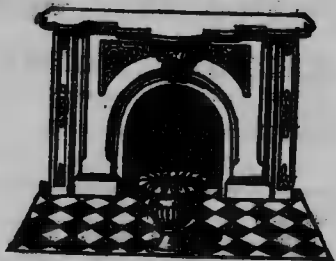

Yours, very truly,

# GAMBELL'S

## LABOR

## SAVING

# Washing Machine.

Although a large number of Washing Machines have been exhibited to the public within the last few years, each, perhaps, possessing some merits, yet it is confidently claimed that, by reason of certain radical differences, this is unrivalled by any one yet introduced. Unlike all other machines, instead of virtually grinding the dirt into the clothes to be afterwards rinsed out,

## THIS CLEANSSES

By forcing the water through the pores of the cloth, thus obviating the great and valid objection to nearly all the machines heretofore invented, to-wit:

That the rubbing injures the clothes to such an extent that the machines are a damage rather than a benefit. While this machine washes ordinary clothes to perfection.

### IT IS ESPECIALLY ADAPTED

To bed quilts and other large and unwieldy articles, to wash which in the ordinary way, or with any other machine in use, requires so much time and strength as to be the dread of every woman having it to do. The owners claim, and firmly believe that, in a family of ordinary size, it will save its cost in one year in the wear and tear of clothes, and, as regards the ease with which it can be worked, we defy competition. It is simple in its construction, light, compact, and with judicious care, can be made to last a lifetime.

**Price of Machines, \$12 Each.**

In place of testimonials, which are cheap, and often as false as cheap, our motto is,

**"Try it and judge."**

**"DIXON HOUSE,"**

WESTERLY, R. I.

This FIRST CLASS HOTEL, now entering upon its second year, is situated in the pleasant town of Westerly, on the "Shore Line" Railway, and on the Pawcatuck River, five miles from the ocean and Watch Hill, well known as one of our most attractive watering-places, and celebrated for its

**FINE AND EXTENSIVE BEACHES,**

the convenience and extent of the arrangements for

**BATHING,**

and for the great variety and beauty of its views of ocean, sound, bay, and surrounding country.

The "Dixon House" has been built and Furnished throughout in the most thorough manner,

No expense having been spared to make it A STRICTLY FIRST CLASS HOTEL.

A liberal provision has been made for SUITES OF ROOMS, comprising parlor, bedrooms, water closet, and bath room, for the special accommodation of families, with an arrangement for ventilation unsurpassed by any house in the country.

Conveyances to Watch Hill and sea-shore by small Steamer, making the trip in forty minutes, or by carriages in about the same time, will

**Connect with Regular Trains from New York, Boston  
and Providence,**

giving to visitors their letters and papers daily, by morning and evening mails.

Arrangements have been made for stabling, if any prefer to bring their own teams for the drive to Watch Hill, and other pleasant drives in this town and Stonington.

**THIS HOUSE WILL BE OPEN THROUGHOUT THE YEAR,**  
and the subscriber assures the public that nothing shall be wanting on his part to make it a comfortable and pleasant home for all its patrons.

Transient, \$4.00 per day. A liberal discount for the season.

Being a practical mechanic, well acquainted with the law and practice of the Patent Office, I am enabled to offer the best facilities for giving a clear understanding of the merits of any Invention to the Commissioners of Patents and Examiners.

TOWN CLERK'S OFFICE.  
 KINGSTON, R. I., June 26th, 1868.

This may certify, that Mr. BENJAMIN ARNOLD, of East Greenwich, R. I., has within the last ten years made for me FORTY-FOUR applications for patents to the U. S. Patent Office; FORTY-ONE of which have been granted. He has also been engaged for me as Patent Agent and Attorney in re-issue, and extension cases, and has met with success in every case most gratifying to me. Such unusual success indicates great ability and zeal. Mr. Arnold is also a Scientific and Practical Mechanic, and I can confidently recommend him to inventors as one most likely to succeed in securing their patents for them, and all business may be submitted and entrusted to him with the greatest confidence.  
 JOHN G. PERRY,

Commissioner for the State of Rhode Island at the Paris Exposition, 1867.

Any person, by sending a Sketch, or Drawing of their Invention by mail, can have an opinion as to the probability of obtaining a patent, Free of Charge.

BENJ. ARNOLD, Solicitor of Patents, East Greenwich, R. I.

# STEERE'S IMPROVED Self-Lubricating Spindle Bolster.

Patented January 21, 1862, and November 8, 1864.

**MANUFACTURERS**, and those using Spinning Machinery, are aware of the great waste of oil and of the time that is required in oiling, and of the difficulty of keeping the frames and floor free from oil, with the ordinary bolster. The bolster here described, you will see by reference to the drawings (Figs. 1, 2, and 3), is arranged with a lubricating device, which, while holding a supply of oil in reserve, yields a sufficiency to keep the bearings well lubricated. You will see in the upper portion of the exterior shell, *h*, there is formed an annular chamber surrounding the spindle bearing, but separated therefrom by the inner shell, *f*, through which are formed two or more passages, *e, e*, for conducting the lubricating liquid from the said chamber to the spindle bearing. This chamber is stuffed with cotton or other fibrous material, the office of which is simply to hold the oil in reserve within the chamber; in which capacity, it will be seen that the said fibrous material does not bear against the spindle, but is removed from contact therewith by the bronze bearing, or inner shell, *f*. The absorbent does not, therefore, interfere with the free turning of the spindle in its bearing, the oil is drawn through the passages, *e, e*, to the bearing, and

ing, but, as the spindle revolves in its bearing, the oil forms a thin stratum between the two surfaces, and keeping them well and uniformly oiled.

This Bolster has many advantages over the ordinary Bolster now in use; some of which are as follows: Parties that are using them, say that they require oiling only once or twice a week. They say that they will save from 50 to 75 per cent in oil, and 75 per cent in time in oiling and cleaning the frames. They keep the bearings more uniformly oiled, thereby being but little wear and friction, and imparting a more free and steady motion to the spindle. They keep the frames and floors more free from oil, which adds greatly to the neatness of the spinning room. They are made to fit any size spindle, and are applied to mules and jacks with a neat, light form, which adds durability and beauty to the machinery.

Parties about to contract for new spinning machinery, or make repairs on the old, will find it greatly to their advantage to apply these Bolsters. There have been 450,000 of these Bolsters put in for the last six years, and the best of references can be given as to their superiority.

**DIRECTIONS FOR OILING AND MANAGING THE BOLSTER.**—When they are first oiled, there should be oil enough put in to saturate the absorbent well; and then oil once or twice a week, with about the same amount of oil that you commonly put on the ordinary Bolster in one day. Oil mules from one to three times a week. There are more than a hundred different companies and parties now using this Bolster, all of which concur in their testimony as to the merits and value of the same. Some of the parties and companies, and a few of the many certificates, are here given.

Westerly, July 20, 1863.

E. N. Steere, Esq.: Dear Sir—This is to certify that we have been using your improved Self-Lubricating Bolsters since May, 1861, and find them to be all they are recommended to be in every respect.

BABCOCK & MORSE, Manufacturers. Westerly, R. I.  
P. PERCHAM, Overseer.

A. GREEF, Superintendent.

East Hampton, Jan. 28, 1864.

E. N. Steere: Dear Sir—Your Improved Self-Lubricating Spindle Bolster, that we have been using for the last two years, are giving entire satisfaction; where we were accustomed to oil twice a day, we now oil only twice a week; and the saving can fairly be estimated at seventy-five per cent in oil, and time in oiling and cleaning frames; and in other respects they fully meet our expectations.

Respectfully yours,  
SAMUEL WILLISTON.

North Scituate, January 27, 1864.

E. N. Steere, Esq.: Dear Sir—We have been using your Patent Bolsters in our frames and mules since October, 1861, and find that they do the service in every respect as recommended, and I think I can safely recommend them to all as a great improvement, and the best Bolster in use.

Yours, &c.,  
IRA COWEE, Sup't in Scituate Manuf. Mills.

Providence, November 30, 1864.

E. N. Steere, Esq.: Dear Sir—Your Improved Self-Lubricating Spindle Bolsters are being used in my several Mills, and give excellent satisfaction. The saving in oil is full fifty per cent. from the old plan of oiling up the machines, and fully meets my approbation.

Very truly,  
JAMES Y. SMITH.

Newport, August 27, 1863.

E. N. Steere, Esq.: Dear Sir—We find your Patent Bolsters a great improvement; we find the spindles run a great deal steadier and stiller with your Bolsters, oiled twice a week, than they do in the common ones oiled twice a day, and they save at least seventy-five per cent in oil, and keep the frames and floor neat and clean, and fully meet our expectations in every respect.

A. S. TILLEY, for Perry Steam Mill.

Providence, December 20, 1864.

E. N. Steere, Esq.: Dear Sir—We have been using your Patent Bolsters for the past three years, and find by using one-third of the oil on them that we do on the common Bolster, that they do not wear near so fast then as the common Bolster.

Yours truly,  
H. KILBURN, Sup't Providence Steam Mill.

Office of the Continental Mills, Lewiston, March 22, 1867.

E. N. Steere, Esq.: Dear Sir—We have been using your Patent Bolsters for the last four years, and find them a great improvement in the saving of oil and labor. We oil them only twice a week.

Yours truly,  
S. J. ABBOTT, Agent.

Cranston, R. I., April 15, 1867.

E. N. Steere: Dear Sir—I have been using your Patent Bolsters for the last four years, and consider them a great saving of oil and labor, and in other respects all that they are represented to be.

Yours respectfully,  
J. B. WOOD.

Cincinnati, Ohio, April 6, 1867.

Mr. E. N. Steere:—We have been using your Patent Bolsters on self actors and ring frames, and find them all that is claimed for them, a great saving in oil and time, &c., and would not be without them.

Yours truly,  
GOULD, PIERCE & Co.

Office of the Everett Mills, Lawrence, Mass., March 21, 1867.

E. N. Steere: Dear Sir—This is to certify that we have been using your Patent Bolsters since 1862, and find them to be all they are recommended to be in every respect.

Yours truly,  
J. M. FERRY, Agent.

Taunton, March 29, 1867.

E. N. Steere: Dear Sir—I have been using your Patent Bolsters for the last four years, and am very much pleased with them, so much so, that I have ordered some more from the F. F. & Machine Co. this week.

Yours most respectfully,  
CHARLES ALBRO.

Woonsocket, R. I., April 22, 1867.

E. N. Steere, Esq.: Dear Sir—Your Patent Bolsters we find to be all that you have recommended them to be. They give the most perfect satisfaction, and I would most cheerfully recommend them to the manufacturing community as being just what they need.

Yours truly,  
S. A. ALDRICH & CO.

Office of the Oriental Mills, Providence, March 27, 1867.

Mr. E. N. Steere: We have been using your Patent Bolsters for the past five years. We find them a first rate Bolster, requiring not more than half the oil of the common Bolster, and will allow us greater speed to our spindles, with less wear.

Yours truly,  
JAS. BROWN, JR., Superintendent.

Warren, R. I., March 20, 1867.

Mr. E. N. Steere: Dear Sir—We are using your Patent Bolsters, and find they save a great deal of oil and time in oiling, and keep the floor neat and free from oil, and give a free and steady motion to the spindles, by being uniformly oiled, and in every respect meet our expectations.

Yours truly,  
C. R. CUTLER & CO.

Mansfield Centre, February 4, 1864.

E. N. Steere, Esq.: Dear Sir—We find your Patent Bolsters to have many advantages over the ordinary Bolster, some of which are as follows: First, the great saving of oil; second, the saving of time in oiling; third, the little danger of getting dry, and consequently wearing out, and the steady motion they give to the spindles by being uniformly oiled.

Yours truly,  
MERRICK BRO. & CO.

Anchor Cotton Mills, Pittsburg, Pa., April 17, 1868.

Erastus N. Steere, Esq., Providence, R. I.: Dear Sir—We are running our spindles at a very high speed, with your Patent Bolsters, and we regard them to be a very valuable improvement in spinning machinery, and they fully meet our expectations.

Yours,  
HOLMES, BELL & Co.

—♦—

These Bolsters are made at the **FRANKLIN FOUNDRY AND MACHINE CO., Providence, R. I.; LOWELL MACHINE SHOP, Lowell, Mass.; SACO WATER POWER MACHINE SHOP, Biddeford, Me.; COLLINS & BRO., Central Falls, R. I.;** and by several other Companies. For Full particulars and Circular, address

No. 12 South Main and 2 College Street, Providence, R. I.  
Incorporated A. D. 1854.

### ADVANTAGES OFFERED BY THIS COMPANY.

The object of a Mutual Company is to furnish insurance to its policy holders at the *actual cost*, and the main thing to be considered is, what conditions are most favorable to make the actual cost as near *nominal* as possible. This Company will insure nothing but Dwellings and Furniture, which experience has shown to be the *safest of all insurance risks*, thus putting the liability of losses at the *lowest possible standard*. The premium charged is sufficient to cover all probable losses and expenses during the term for which the Policies are issued, thus avoiding the necessity of assessments, which are always *distasteful and expensive*. The insured receive all the profits,—every dollar,—after deducting the necessary expenses, being invested for their benefit, and returned to them at the expiration of their Policies, thus offering one of the safest and cheapest systems of insurance.
