June 25, 1975

The Honorable City Council
Committee on Public Works
City Hall
Providence, Rhode Island

RE: Resolution of the City Council
Chapman Street - one way

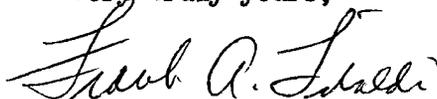

Gentlemen:

The Traffic Engineering Department has received the following resolution from your Committee and has taken the subsequent action:

Request: That Chapman Street, from Allens Avenue to Eddy Street, is established as a one-way street.

Disposition: There are no warrants for the establishment of a one-way traffic pattern. There is no traffic congestion in the area and there is "NO PARKING ANY TIME" on one side of the street. This area has many businesses and the establishment of a one way traffic pattern would cause a great inconvenience to these companies.

Very truly yours,

Frank A. Tibaldi
Traffic Engineer
