Dear Ms. Brassil:

This letter is to request approval to have George Street closed from Brook Street to Hope Street on Thursday 31 March 1983 from 6:00am to 6:00pm. The reason for this request is that the Brown University Computer Center is updating the center with new equipment and there will be large moving vans to remove and then deliver the new computer equipment. These vans are extremely large and will have to be angled across the street thereby blocking off the street, in order to accomplish this job.

I realize this request is short notice but I would hope that it could be approved.

Sincerely,

John A. Kuprevich
