This department installed guardrail at the above location, but we were informed by the RIDOT that we had to remove it as this area is part of the Promenade Center Project. We have forwarded this request to RIDOT for their consideration.

Mr. James Capaldi  
Chief, Division of Construction & Operations  
RIDOT  
2 Capitol Hill  
Room 229  
Providence, RI 02903

Dear Mr. Capaldi:

After discussion with Mr. Gene Colantuono, resident engineer on the Promenade project, he suggested I forward this letter.

I request the installation of a guardrail at 675 Atwells Avenue to protect the building at this address. This building has been hit several times this past winter due to slick road conditions for Atwells Avenue east bound traffic. Since this is a corner property, the guardrail is recommended to be installed the length of the building on the Valley Street side.

Please feel free to call upon me if you wish to discuss this matter or a meeting in the field is required.

Thank you in advance for your cooperation in this matter.

Very truly yours,
