PREFACE.

From the issuing of this, the *fifty-second* number in the series of the PROVIDENCE DIRECTORY AND RHODE ISLAND BUSINESS DIRECTORY, dates the commencement of another DIRECTORY YEAR.

By constant efforts and systematized methods we have been able to gather much later information than our canvass had furnished, and while printing, have as far as possible, corrected copy, proof sheets and revises.

In some instances we have been able to enter this later information in the General Directory, which is printed alphabetically by names of persons, and not in House Directory, which is printed alphabetically by names of streets, and *vice versa*, and this will explain any disagreement which may appear from a comparison of these two departments of the book.

The continual renumbering of streets, and the changes in street lines and boundaries, occuring in the Spring and early Summer, have occasioned recanvassing in many cases, and as far as possible the changes thus made have been published in this book.

In this connection we call attention to the "Additions, Corrections, etc." on page 8, and the note at the bottom of this page, referring to Butler Exchange, Broad, High and Weybosset streets.

The HOUSE DIRECTORY which is incorporated in the larger portion of this edition, will commend itself at once to our patrons and to all who use the Directory. In it we have endeavored to condense the matter so as to increase as little as possible the size of the complete book, hence contractions when both necessary and practicable have been employed. The notes and "Abbreviations," on page 33 will fully explain the general arrangement of the House Directory.

The changes which have occurred among our citizens during the past year, so far as the Directory takes cognizance, are as follows:—

Of those whose names appeared in the Directory of 1891, 11,288 have changed the location of their residences, 2,184 their business location, 2,396 the nature of their business or occupation, and in 218 firms changes have been made either in their names or membership.

The following names of citizens appeared in the first Directory of Providence, published in 1824, and are recorded in this Directory. The year of birth is also given:

James H. Read, 1801; Edward Congdon, 1802; Thomas R. Briggs, 1807.

SAMPSON, MURDOCK, & CO.

☞ A new system of numbering the offices in BUTLER EXCHANGE has been adopted. It is as follows: Beginning with rooms on the Second Floor they are numbered 200 upwards; Third Floor, 300 upwards; Fourth Floor, 400 upwards: Fifth Floor, 500 upwards; Sixth Floor, 600 upwards.

WEYBOSSET STREET now extends to Cathedral Square, and involves, without change, numbers 121 to 326 formerly Broad Street; also, that former section of High Street numbered from 1 to 83, which is now numbered as follows:

High St. No.		is Weybosset No.		High St. No.		is Weybosset No.		High St. No.		is Weybosset No.

"	27	"	363	"	59	"	397	"	88	"	421

All of the above changes were made after the canvass, and when the Directory was about half printed. We have made changes where it was possible to do so in the General Directory, while in the House Directory they are fully made.

We have the most complete and extensive outfit and the widest experience of any party in New England. With new and special tools we can sink or deepen Cement Tube Wells so that they will never go dry; have left twenty-six feet of water in a thirty inch tube. We can sink wells in ledge for one-half the price of blasting. We can show any Water Supply Committee **3,052,800** gallons of pure water per day being pumped from our wells. We will show one drilled well earning $25.00 per day, one earning $5.50 per day, one $65.00 well earning $180.00 a year.

211 EDDY STREET, PROVIDENCE, R. I.

We have the most complete and extensive outfit and the widest experience of any party in New England. With new and special tools we can sink or deepen Cement Tube Wells so that they will never go dry; have left twenty-six feet of water in a thirty inch tube. We can sink wells in ledge for one-half the price of blasting. We can show any Water Supply Committee **3,052,800** gallons of pure water per day being pumped from our wells. We will show one drilled well earning $25.00 per day, one earning $5.50 per day, one $65.00 well earning $180.00 a year.

I can refer to any of my patrons, a few of whom are

PROVIDENCE STREET DIRECTORY.

GIVING the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of High Street No. 324 comes, you look at High Street, upon page 17, and find that Spring Street runs from 296, and Bank Street from 342, showing that 324 High Street would come about half-way between Spring and Bank Streets.

The Providence House Directory.

In this House Directory the numbers have been arranged in regular succession, without distinctive reference to either side of the street. Names of house-keepers and boarders are given at residences, being designated by the abbreviations h. and b. after the name. When neither of these abbreviations appear, business places are indicated, and at such places the names under which the business is carried on (individual, firm or company), are given. When at the same street number, more than one name appears, they are arranged alphabetically, except, that where different rooms or apartments are given by numbers, these are arranged numerically, and the names of their occupants, in corresponding relation.

The abbreviation r. between the street number and the name signifies "rear," but when it follows the name, "rooms."

The streets are arranged in alphabetical order.

The usual Street Directory, giving the location of each street, and showing what other streets, places etc. run from it or across it, is published on pages 9 to 26.

Attention is directed to the Abbreviations following this, and to the Preface on page 2 in which reference is made to this House Directory.
