PROVIDENCE STREET DIRECTORY

COPYRIGHT, 1916, SAMPSON & MURDOCK CO., PROVIDENCE, R. I.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Bridgman Street from 1191, showing that 1129 Westminster Street would come about half-way between Knight and Bridgman Streets.

Providence House Directory

COPYRIGHT, 1916, SAMPSON & MURDOCK CO., PROVIDENCE, R. I.

A list of Householders and Business Places arranged in numerical order upon their respective streets; those upon the right side of a street appearing first, followed by those upon the left side

The streets are arranged in alphabetical order.

The location of intersecting streets is clearly shown at the actual number where they intersect

*Denotes telephone connection.

Business places are denoted by the street number printed in heavy faced figures. When a person's place of business and residence are at the same place, it is indicated by the use both of heavy faced figures for the street number and of the abbreviation h at the end of the line. Names of boarders are designated by the letter b after the name. Names preceded by light faced figures and having no abbreviation after them are housekeepers.

The abbreviation r between the street number and the name signifies "rear", but when it follows the name, "rooms"
