To: Colonel Walter A. McQueeney - Chief of Police  
From: Lt. Daniel W. Barclay - Commanding - Traffic Bureau  
Subject: SURVEY ON SCHOOL CROSSING CAMDEN AVE. & CHAD BROWN

Sir:

Pursuant to your request a survey was made at the intersections of Camden Ave. and Chad Brown St. (Camden Ave. School)

The survey was made by Ptlm. R. Salisbury and Ptlm. E. Lynch of this Division on Tuesday, October 31, 1972. From 8:00 am to 8:45 am thirty-eight (38) children crossed this intersection. From 11:10 am to 11:50 am there were ten (10) children crossed this intersection. This hour is for the kindergarden children and all but four children crossed without their parents. From 2:10 pm to 2:40 pm there were seventy (70) children crossing at this intersection.

It was learned from Captain F. Cunningham that the Crossing Guard at Smith & Duke, crosses a total of seven (7) children, her hours are 8:00 am to 8:45 am in the morning and 2:15 pm to 2:45 pm in the afternoon. It was also learned that there are two (2) Crossing Guards a block up the street at the intersections of Camden & Chalkstone Ave. & Smith & Chalkstone Ave. If the School (Camden Ave.) could instruct the children that cross at Smith & Duke to walk to the nearest crossing which is one block away, this post could be eliminated and the Crossing Guard could be transfered to Camden Ave. & Chad Brown St.

It is recommended that a permanent post be establish at Camden Ave. and Chad Brown St. because the post is now being covered by a Traffic Patrolmen (day) who could be attending to other duties.

Respectfully submitted,

  
DANIEL W. BARCLAY, LIEUT.  
COMMANDING - TRAFFIC BUREAU
