Mr. Robert J. Haxton  
President  
Providence City Council  
City Hall  
Providence, Rhode Island 02903

Dear President Haxton:

I am writing to you with reference to Resolution No. 303, approved April 26th, 1975, by the Honorable City Council, City of Providence, which read as follows:

RESOLVED: That, the Housing Authority of the City of Providence and such other authority in the City of Providence responsible for Public Housing facilities, are hereby requested to cause appropriate fire extinguishers to be installed on all floors of such public owned Housing Facilities.

I have received a true copy over the signature of Vincent Vespia, City Clerk.

The Authority most certainly will cooperate with the Honorable City Council in the intention of the above Resolution, due to the fact that the implementation of the Resolution causes the Authority great consternation relative to individual safety of tenants, financial outlay for extinguishers and some pertinent fact that must be obtained from our Insurance Carrier.

In light of these contingencies I respectfully request that the writer and some key staff from the Authority have the opportunity to meet either you, Councilman Flynn, or any individual or Committee whom you may deem necessary to discuss this matter further.

Please feel assured your attention will be indeed greatly appreciated.

Sincerely,

  
David Joyce  
Executive Director
