Rose M. Mendonca CLERK

SUBJECT: Abandonment of Cabot Street -
Wheeler School Field House

Dear Councilman FlynnL

Regarding our March 16, 1979 letter on subject, please be informed that we learned from Mr. Stanley Cohen, representing the Wheeler School, that the one post hydrant will not be required for their project so we have deleted same from the cost required by the Water Supply Board to abandon Cabot Street.

We have eliminated the \$1,142.40 cost, plus the 33% portion of overhead and engineering, that will not now be necessary. This will make the total cost we will require to be \$2,376.30, rather than \$3,895.69 originally stated.

If you require any additional information, please advise.

Very truly yours,

Peter P. Granieri, Jr.
