SUBJECT: Referral No. 1141 - ZONING CHANGE AT 207-213 UNION AVENUE

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on February 9, 1960.

This referral is a request to change from a C-1 Limited Commercial Zone to a C-4 Heavy Commercial Zone Lots 589 and 590 on Assessor's Plat 104, said lots being situated on the northerly side of Union Avenue. The area in question contains 10,000 square feet.

On the field trip it was found that the area in question is now occupied by a cafe and a vacant lot.

It is highly undesirable to allow heavy commercial uses on the property in question, and in order to protect the character of this area

The Commission

VOTED: To recommend that this petition be denied.

Very truly yours,

FRANK H. MALLEY  
DIRECTOR  
CITY PLAN COMMISSION

# RESOLUTION OF THE CITY COUNCIL

No. 150

Approved March 3, 1960

Resolved,

That

the following named person, firm or corporation is hereby granted permission to erect, alter or use a building or structure at the location named herein for the sale of petroleum, kerosene, gasoline, coal oil and their products, compounds and components as described and shown in and on the application therefor and accompanying plat, all on file in the Office of the Department of Building Inspection subject to the conditions that said person, firm or corporation shall not violate any of the laws of the State of Rhode Island or any of the Ordinances of the City of Providence relative to the erection, use or occupation of said structure and that said person, firm or corporation shall not allow petroleum, kerosene, gasoline, coal oil or their products, compounds or components, to be conveyed over or across any sidewalk by means of any pipe or hose, and upon such special conditions as are hereby enumerated and further provided that the Director of the Department of Building Inspection may authorize minor changes in the structural detail of plans on file, viz:

WARD 4. LOUIS W. VELLUCCI, 800 Charles Street, Plat 97, Lot 225, 1-4,000 gallon gasoline storage tank additional, making a total storage capacity upon the lot of 6,000 gallons.

The erection or location of any buildings or structures not shown on the original plat on file with the Director of Department of Building Inspection, or any change in the location of buildings or structures from that shown on said plat shall be deemed a violation of this permit.

SUBJECT: Referral No. 1121 - ZONING CHANGE OF AREA AT VALLEY AND  
CLIFF STREETS

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Tuesday, November 24, 1959.

This referral is a request to change from an R-4 Zone to an M-1 Zone Lots 611 and 612 located on the southwesterly corner of Valley and Cliff Streets; Lots 609, 608, 606 and 577 located on the southerly side of Cliff Street, and Lots 614, 615, 616, 617, 618, 619, 620, 621 and 622 located on the northerly side of Cliff Street on Assessor's Plat 65. The area in question contains 72,356 square feet of land.

On an inspection and photographic survey it was found that the area had several nonconforming industrial uses.

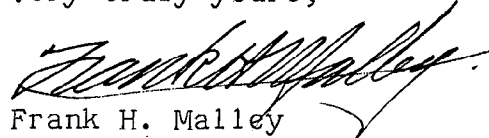

Reference is made to Referral No. 1114, from the Committee on Ordinances, dated September 22, 1959. At that time, it was Voted: to change from an R-4 Zone to an M-1 Zone an entire block bounded by Turner Street, Cutler Street, Cliff Street and Valley Street and the property comprising the northerly half of the block on the southerly side of Turner Street. This letter forwarded to the Committee on Ordinances included Lots 577, 606, 608, 609, 611 and 612 in the above-mentioned boundary and Lots 76, 77, 78, 79, 80, 81, 82, 85, 86, 87, 88, 89, 90 and 91 having frontage on Turner Street.

The Commission

VOTED: To offer no objection to the granting of this petition provided that in addition to the properties fronting on the northerly side of Cliff Street, a petition to the City Council to change from an R-4 Zone to an M-1 Zone the entire block bounded by the northerly side of Cliff Street, the easterly side of Allston Street, the southerly side of Boyd Street and the westerly side of Valley Street be considered, also for similar rezoning, as this block has many nonconforming industrial uses.

Mr. Matera wished to be recorded as voting "no".
