To Whom It May Concern: (Resolution No. 551)

It is suggested that a committee composed of the director of recreation, the director of public property and the director Planning and Urban Development convene, as early as possible, to resolve the resolution. Further:

I respectfully recommend that the stadium on Mt. Pleasant Avenue, known as Conley Stadium, revert to the jurisdiction of the recreation department.

(Several meetings have been held with various soccer teams, (overtures have also been made to the Providence Rugby Club) concerning the use of this stadium. These meetings, held throughout this summer, indicate the need for additional soccer fields as well as soccer fields and several other types of fields for various sports.)

The acquisition of property and the use of current public property, I believe, comes under the jurisdiction of the director of public property.
