### MEMORANDUM

DATE: May 1, 1990  
TO: Committee on Public Works  
Subject: San Souci Dr.

In response to April 16, 1990 memorandum our recommendation is to abandon the underground and aluminum poles on San Souci Dr.

The Narragansett Electric Company has installed electrical distribution on wooden poles and as it is a net savings to the City to relocate the street lights to the wooden poles; that would be our recommendation.

As part of the City Wide upgrade we have directed the Narragansett Electric Company to upgrade the lighting on this street.
