The Honorable City Council
Committee on Public Works
City Hall
Providence, Rhode Island

Gentlemen:

The Traffic Engineering Department has received the following resolution from your Committee and has taken the subsequent action:

Request: To cause pedestrian stop signs to be installed at the Joseph P. Carroll Tower located along Smith Street.

Disposition: "Stop for Pedestrians" signs were installed on October 24, 1973, at the above location. Our recent survey of the area showed that one of the signs is missing. A work order has been written for the reinstallation.

Very truly yours,
