# MEMORANDUM

**TO:** Anna Stetson, Office of the City Clerk

**FROM:** E. Bernard Leiby, Traffic Engineer *EBL*

**CC:** John D. Nickelson, PE, Director  
Councilman Leon F. Tejada, Chairman, Committee on Public Work  
Councilman John Lombardi

**DATE:** June 18, 2007

**SUBJECT:** Resolution requesting the Traffic Engineer to amend their Rules and Regulations from "Two Hour Parking" to "Four Hour Parking", for parking along the main thorough fares of Atwells Avenue, Broadway and Westminster Street.

---

The Division of Traffic Engineering has investigated this request and has the following to offer:

This request should take the parking needs of all the businesses and residents on the main thorough fares into consideration. There has been years of Traffic Regulations established specific to each and every block along all these major thorough fares that will affect all the businesses and residents if changes are made without warning. There is also a huge labor effort and cost associated with purchasing material to make the new signs that will have to be installed. This change can only be put into effect when there is proof that a majority of the businesses and residents involved, such as a signed petition, agree on this change and funds are available to purchase the required material to make the new signage.
