RE: AP 70 LOTS 574 AND 451

Dear Mr. Clement:

You are in receipt of two letters addressed to Councilman Petrosinelli from Providence Public Building Authority and Providence Head Start, copies are attached. Please be advised that the lots referred to in those letters list an incorrect Assessors Plat.

The correct plat and lots are AP 70 Lots 451 and 574. Would you please take the necessary steps to transfer these two City lots to the Providence Redevelopment Agency.

Should you have any questions please contact William G. Floriani of my office at 351-4300 ext. 511.

Sincerely,

  
John F. Palmieri

Bob I checked to see if the City Council was prepared to transfer these lots to the Providence Redevelopment Agency after checking it seems that AP 76 Lots 451 and 574 do not exist in City ownership. bob would you please provide us with the proper lots so that we do not request transfer of the wrong lots to the Agency.

We have researched adjoining plat Plat 70 Lots 451 and 574. Would you please advise if these are correct lots.

Dear Sister Barbara:

Alan Sepe and I met yesterday with Mary Dean and Linda Elderkin to review the progress we are making on your new building. Mary mentioned that the Mayor has offered you the two lots at the corner of Donaldson and June and June and Suffolk, which are shown on Plat 76, Lots 574 and 451, for staff parking. John Palmieri's staff has researched the ownership of those two lots and has found out that they are, in fact, owned by the City of Providence.

What I need for you to do is to write a letter to the President of the City Council, Mr. James A. Petrosinelli, requesting that he authorize the transfer of these two lots to the Providence Redevelopment Agency so that they may be used by the Providence Head Start program for staff parking. Once they are transferred to the PRA, they can be transferred to the PPBA and John and I can help you petition the Board of Zoning Appeals to change the use of the lots to permit offstreet parking. By the time the lots are transferred and properly zoned, we will know if there are any project savings from the renovation to pay for the cleanup, surfacing and screening of the lots for your use as staff parking. If there are no savings available, John, Alan and I will work together to help you identify funds to complete this component of the project.

Sister Barbara McMichael

Dear Sir:

At the bidding of Robert Triano, I am requesting that lots 451 and 574 of Plat 76 be transferred to the Providence Redevelopment Agency.

The reason for this is that at the Bershire Street School there is not enough space to meet the State's requirement for both playground and number of required parking spaces. I thank you sincerely for your efforts.

Sincerely,
