OUR 1893 ROTARY STEAM CLOTH PRESS

IS MADE OF NEW DESIGNS AND PATTERNS THROUGHOUT, AND IS FULLY GUARANTEED.

The Patent Bed gives four points of contact, and also allows the goods to press entirely up to the seams. The goods are pressed uniformly throughout their entire length and breadth, and any extra thickness of the cloth does not strain the machine in any way, as is the case where screws are used to give pressure.

We also Manufacture Patent Friction Couplings, Shaftings, Hangers and Pulleys, for all classes of Work.

INTRODUCTORY

THE present number of the PROVIDENCE DIRECTORY, the sixty-third of the series, is printed from new type of smaller size than heretofore used, thus reducing the bulk of the volume a little, which is an advantage in handling the book, while the contents are more extensive and varied than ever before.

By extra efforts we have been enabled to push the work to completion and issue the book a few weeks earlier than usual, although the increase in names has made it necessary to add to the force of workers, and much of the labor of compiling and printing has been done at night.

Attention is called to the fact that the Association of American Directory Publishers offers a reward of one hundred dollars for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fake or fraudulent directory. Several such operators have been punished by imprisonment, but others are still engaged in this swindle, and great caution is necessary to avoid being imposed upon by their plausible misrepresentations. Safety lies in dealing only with well known publishers.

PROVIDENCE STREET DIRECTORY

COPYRIGHT, 1903, BY SAMPSON, MURDOCK, & CO.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Bridgham Street from 1189, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Streets.

PROVIDENCE STREET DIRECTORY

COPYRIGHT, 1903, BY SAMPSON, MURDOCK, & CO.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Bridgham Street from 1189, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Streets.
