The Honorable City Council
of the City of Providence
City Hall
Providence, Rhode Island

Gentlemen:

In accordance with the provisions of Section 26 of the Charter of the City of Providence, I am returning herewith, with my disapproval, a resolution read and passed at the April 21, 1966 meeting of the Providence City Council.

Historic area zoning is a legislative device intended to preserve a district or area in a city or town which reflects elements of its cultural, social, economic, political and architectural history. The General Assembly, in order to achieve this purpose, enacted Chapter 131 of the Public Laws of 1959; and pursuant thereto your Honorable Body enacted Chapter 1342 of the Ordinances of the City of Providence in 1960. That Ordinance specifically delegates the authority to review plans for construction, alteration, repair, moving or demolition of structures to the Historic District Commission and further, vests authority in that Body to issue Certificates of Approval. I, therefore, am of the opinion that the City Council did not intend to reserve authority to approve individual plans.

For that reason, I am returning this resolution with my disapproval and veto.

WHEREAS, premises at 33 Thayer Street are within the Historic District established by the City Council and

WHEREAS, proposed plans for the alteration of such premises involve replacement and/or construction of steps which may in whole or in part encroach upon the sidewalk, and

WHEREAS, in the opinion of this Council such encroachment would be an aid of the expressed objects of preservation and restoration within said established Historic District, and

WHEREAS, it is clearly in the interest of the City to impose reasonable regulations regarding such proposed encroachment,

NOW, THEREFORE, BE IT RESOLVED, that this City Council approves proposed plan as approved by the Historic District Commission on February 25, 1966 with the stipulation that the steps be built of wood, or of solid stone blocks in accord with the building style of the house, which is dated 1806 and with the further stipulation that the panels of the new door be made to match the panels of the main door in the house for the alteration of premises at 33 Thayer Street, involving replacement and/or construction of steps which may in whole or in part encroach upon the sidewalk, in nature and extent as may be given approval by the Historic District Commission, the Director of Public Works and the Department of Building Inspection of this City and upon such basis of indemnification in favor of the City as may be prescribed by the City Solicitor.

Re: Resolution to the City Council recommending
the restoration of the Steps on the house
at 33 Thayer Street (built about 1806 by
John Holden Green).

Dear Mr. Vespia:

At the regular meeting of the Historic District Commission held on February 25, 1966, the members voted to approve the petition of Edward O. Handy, to restore the steps at 33 Thayer Street according to the corrections made on the drawings submitted with the petition. The Commission, therefore, submits the enclosed resolution, together with the accompanying drawing and the indicated corrections, to the City Council with recommendation the same be adopted. We believe the restoration of these steps will help restore the building to its original appearance and will therefore help the program of Historic restoration now under way in the Historic District.

Yours very truly,

Providence, R. I., March 9, 1966

TO: City Solicitor McCabe

SUBJECT: RESOLUTION AUTHORIZING THE CONSTRUCTION OF STAIRS AT 33
THAYER STREET.

CONSIDERED BY: Committee on Urban Redevelopment, Renewal and Planning

DISPOSITION: Attached is copy of Resolution referred to subject Committee together with related subject matter.

This Resolution appeared on the docket of the City Council for March 3, 1966, sponsored by the Chairman of the Historic District Commission. The question that the Committee would like answered is whether or not this matter should have gone to the Council for its consideration--sponsored by the Chairman as above noted--or can this authority be granted by the Historic District Commission without City Council consideration.

Committee on Urban Redevelopment, Renewal
and Planning,
c/o City Clerk,
City Hall,
Providence, R.I.

Gentlemen:

I have for attention your Memorandum of March 9, 1966, questioning my opinion as to whether the proposed resolution authorizing the restoration of steps at 33 Thayer Street, requires Council action.

This resolution is recommended by the Historic District Commission to the City Council, and presumably requesting passage by that body.

I feel the position and question of the Committee is well taken. It would appear from Chapter 1342, that no action approving the plan of the Historic District Commission is necessary.

Chapter 1342 of the 1960 Ordinances, which creates the Historic District Commission and sets forth its powers and duties, specifically states that the Director of Building Inspection shall entertain applications for permits to repair, etc., any addition to a structure which affects its exterior appearance in any Historic District. It further provides that plans shall be submitted, and upon the filing of the application, the Director of Building Inspection shall transmit all data to the Commission.

If the Commission approves the plans, it shall issue a certificate of approval attached to the application for the building permit and transmit the same to the Director of Building Inspection.

It clearly appears that no action by the City Council was contemplated before a permit is issued.

Very truly yours,

William E. McCabe

Resolution Noting With Sincere Regret the Death of Marshal Joseph V. "Bucky" Conley.

Whereas, Joseph V. "Bucky" Conley, Marshal for the District of Rhode Island since September 6, 1961, was called, by Almighty God, to his eternal reward on May 4, 1966, and

Whereas, Marshal Conley, a partially disabled Marine Corps Veteran, was born in South Providence on October 24, 1918, where he, because of his many acts of kindness enjoyed wide popularity, and

Whereas, after being appointed Marshal by the late President John F. Kennedy, broadened his circle of friends to include Judges, Lawyers, Federal, State and Local law enforcement men, to whom he was known as "Bucky", and

Whereas, Marshal Conley was honored many times by testimonials and the Disabled American Veterans of R. I. honored him at a dinner in Newport with their first Annual Award as the state's outstanding disabled veteran, and

Whereas, during his relatively short span of life, "Bucky" Conley had achieved legions of tributes and honors, because of his thoughtfulness, and working with Raymond J. Pettine, U. S. District Attorney, Marshal Conley helped establish a Rhode Island Cultural tradition in 1961, which is the raising of funds annually to enable orphans and other underprivileged children to attend winter performances of the American Ballet, and contributions to this cause swelled tremendously; thanks in large measure to Mr. Conley's ability to raise money,

Now, Therefore, Be It Resolved that the Mayor of the City of Providence, the Honorable Joseph A. Doorley, Jr., and the City Council in noting with heartfelt sympathy the demise of this true and dedicated humani-

tarian, "Bucky" Conley, hereby express their sympathies to his bereaved widow and family in the passing of a devoted husband and father, and

(b) Contracts Subject to Executive Order 11246. — The Grantee will incorporate or cause to be incorporated into any contract for construction or modification thereof which is subject to Executive Order 11246, and the rules and regulations of the Secretary of Labor pursuant thereto, the following provisions, altered only to reflect the proper identity of the parties:

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the municipality setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

(3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the municipality, advising the labor union or workers' representative of the contractor's commitments under Section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor or the Secretary of Housing and Urban Development pursuant thereto, and will permit access to his books, records, and accounts by the municipality, the Secretary of Housing and Urban Development, and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The contractor will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the municipality may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That, in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the municipality, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

(c) Definition -- Contract for Construction. -- As used in this Section 107, "contract for construction" means any contract or agreement for the demolition of structures or the provision, repair, or alteration of public improvements, as provided for in the Program.

(d) Enforcement Obligations of the Grantee. -- The Grantee will assist and cooperate actively with the Secretary of Housing and Urban Development and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the provisions set forth in subsection (b) of this Section 107 and with the rules, regulations, and relevant orders of the Secretary of Labor and will obtain and furnish to the Secretary of Housing and Urban Development and to the Secretary of Labor such information as they may require for the supervision of such compliance. The Grantee will enforce

the obligations of contractors and subcontractors under such provisions, rules, regulations, and orders and will carry out sanctions and penalties for violation of such obligations imposed upon contractors and subcontractors by the Secretary of Labor or the Secretary of Housing and Urban Development. The Grantee will refrain from entering into any contract subject to Executive Order 11246 or extension or other modification of such a contract with a contractor who has been debarred from Government contracts and federally assisted construction contracts under Part II, Subpart D, of Executive Order 11246, or who has not demonstrated his eligibility for such contracts as provided in Part II of Executive Order 11246. In the event the Grantee fails and refuses to comply with its undertakings, the Grantee agrees that the Government (i) may cancel, terminate, or suspend this Contract in whole or in part, (ii) may refrain from extending any further assistance under the program with respect to which the failure or refusal occurred until satisfactory assurance of future compliance has been received from the Grantee, or (iii) may refer the case to the Department of Justice for appropriate legal proceedings.

SEC. 108. DEFAULTS AND REMEDIES

(a) Termination or Suspension of Contract. -- Notwithstanding any other provision of this Contract, the Government may terminate or suspend this Contract at its discretion upon the happening of any of the following:

(1) The failure of the Grantee to complete the Program within the time prescribed herein;

(2) The making of any misrepresentation by the Grantee in its Application or in the furnishing of any information to the Government;

(3) The violation of any of the terms or conditions of this Contract; or

(4) Any event which renders the accomplishment of the Program by the Grantee impossible, improbable, infeasible, or illegal.

(b) Forfeiture of Grant. -- For any violation of any of the terms of this Contract, the Government may, in addition to such other remedies as may exist at law or in equity, require repayment of all or part of the grant to the Government.

(e) How Contract Affected by Provisions Being Held Invalid. -- If any provision of this Contract is held invalid, the remainder of this Contract shall not be affected thereby if such remainder would then continue to conform to the terms and requirements of applicable law.

(f) Provisions Concerning Certain Waivers. -- Subject to applicable Federal law, any right or remedy which the Government may have under this Contract may be waived in writing by the Government by a formal waiver and either with or without the execution of an amendatory or supplementary agreement, if, in the judgment of the Government, this Contract, as so modified, will still conform to the provisions and requirements of applicable laws.

FEDERAL LABOR STANDARDS PROVISIONS

1. APPLICABILITY

The Project or Program to which the work covered by this Contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

2. MINIMUM WAGE RATES FOR LABORERS AND MECHANICS

All laborers and mechanics employed upon the work covered by this Contract shall be paid unconditionally and not less often than once each week, and without subsequent deduction or rebate on any account (except such payroll deductions as are made mandatory by law and such other payroll deductions as are permitted by the applicable regulations issued by the Secretary of Labor, United States Department of Labor, pursuant to the Anti-Kickback Act hereinafter identified), the full amounts due at time of payment computed at wage rates not less than those contained in the wage determination decision of said Secretary of Labor (a copy of which is attached and herein incorporated by reference), regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such laborers and mechanics. All laborers and mechanics employed upon such work shall be paid in cash, except that payment may be by check if the employer provides or secures satisfactory facilities approved by the Local Public Agency or Public Body for the cashing of the same without cost or expense to the employee. For the purpose of this clause, contributions made or costs reasonably anticipated under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of Section 5.5(a)(1)(iv) of Title 29, Code of Federal Regulations. Also for the purpose of this clause, regular contributions made or costs incurred for more than a weekly period under plans, funds, or programs, but covering the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

3. UNDERPAYMENTS OF WAGES OR SALARIES

In case of underpayment of wages by the Contractor or by any subcontractor to laborers or mechanics employed by the Contractor or subcontractor upon the work covered by this Contract, the Local Public Agency or Public Body in addition to such other rights as may be afforded it under this Contract shall withhold from the Contractor, out of any payments due the Contractor, so much thereof as the Local Public Agency or Public Body may consider necessary to pay such laborers or mechanics

the full amount of wages required by this Contract. The amount so withheld may be disbursed by the Local Public Agency or Public Body, for and on account of the Contractor or the subcontractor (as may be appropriate), to the respective laborers or mechanics to whom the same is due or on their behalf to plans, funds, or programs for any type of fringe benefit prescribed in the applicable wage determination.

4. ANTICIPATED COSTS OF FRINGE BENEFITS

If the Contractor does not make payments to a trustee or other third person, he may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing fringe benefits under a plan or program of a type expressly listed in the wage determination decision of the Secretary of Labor which is a part of this Contract: Provided, however, The Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. A copy of any findings made by the Secretary of Labor in respect to fringe benefits being provided by the Contractor must be submitted to the Local Public Agency or Public Body with the first payroll filed by the Contractor subsequent to receipt of the findings.

5. OVERTIME COMPENSATION REQUIRED BY CONTRACT WORK HOURS STANDARDS ACT (76 Stat. 357-360; Title 40 U.S.C., Sections 327-332)

(a) Overtime requirements. No Contractor or subcontractor contracting for any part of the Contract work which may require or involve the employment of laborers or mechanics, including watchmen and guards, shall require or permit any laborer or mechanic in any workweek in which he is employed on such work to work in excess of eight hours in any calendar day or in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times his basic rate of pay for all hours worked in excess of eight hours in any calendar day or in excess of forty hours in such workweek, as the case may be.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (a), the Contractor and any subcontractor responsible therefor shall be liable to any affected employee for his unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic employed in violation of the clause set forth in paragraph (a), in the sum of \$10 for each calendar day on which such employee was required or permitted to work in excess of eight hours or in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (a).

(c) Withholding for liquidated damages. The Local Public Agency or Public Body shall withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor, such sums as may administratively be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for liquidated damages as provided in the clause set forth in paragraph (b).

(d) Subcontracts. The Contractor shall insert in any subcontracts the clauses set forth in paragraphs (a), (b), and (c) of this Section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts which they may enter into, together with a clause requiring this insertion in any further subcontracts that may in turn be made.

6. EMPLOYMENT OF APPRENTICES

Apprentices will be permitted to perform work covered by this Contract only under a bona fide apprenticeship program registered with a State Apprenticeship Agency which is recognized by the Bureau of Apprenticeship and Training, United States Department of Labor, or, if no such recognized Agency exists in a State, under a program registered with the Bureau of Apprenticeship and Training. The allowable ratio of apprentices to journeymen in any craft classification shall not be greater than the ratio permitted to the Contractor as to his entire work force under the registered program. Any employee listed on a payroll at an apprentice wage rate, who is not registered as above, shall be paid the wage rate determined by the Secretary of Labor, United States Department of Labor, for the classification of work he actually performed. The Contractor or subcontractor shall furnish the Local Public Agency or Public Body with written evidence of the registration of his program and apprentices, as well as of the appropriate ratios and wage rates for the area of construction, prior to using any apprentices on the contract work.

7. EMPLOYMENT OF CERTAIN PERSONS PROHIBITED

No person under the age of sixteen years and no person who, at the time, is serving sentence in a penal or correctional institution shall be employed on the work covered by this Contract.

8. REGULATIONS PURSUANT TO SO-CALLED "ANTI-KICKBACK ACT"

The Contractor shall comply with the applicable regulations (a copy of which is attached and herein incorporated by reference) of the Secretary of Labor, United States Department of Labor, made pursuant to the so-called "Anti-Kickback Act" of June 13, 1934 (48 Stat. 948; 62 Stat. 862; Title 18 U.S.C., Section 874; and Title 40 U.S.C., Section 276c), and any amendments or modifications thereof, shall cause appropriate provisions to be inserted in subcontracts to insure compliance therewith by all subcontractors subject thereto, and shall be responsible for the submission of affidavits required by subcontractors thereunder, except as said Secretary of Labor may specifically provide for reasonable limitations, variations, tolerances, and exemptions from the requirements thereof.

9. EMPLOYMENT OF LABORERS OR MECHANICS NOT LISTED IN AFORESAID WAGE DETERMINATION DECISION

Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the Contract will be classified or reclassified conformably to the wage determination by the Local Public Agency or Public Body, and a report of the action taken shall be submitted by the Local Public Agency or Public Body, through the Secretary of Housing and Urban Development, to the Secretary of Labor, United States Department of Labor. In the event the interested parties cannot agree on the proper classification or reclassification of a particular class of laborers and mechanics to be used, the question accompanied by the recommendation of the Local Public Agency or Public Body shall be referred, through the Secretary of Housing and Urban Development, to the Secretary of Labor for final determination.

10. FRINGE BENEFITS NOT EXPRESSED AS HOURLY WAGE RATES

The Local Public Agency or Public Body shall require, whenever the minimum wage rate prescribed in the Contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly wage rate and the Contractor is obligated to pay a cash equivalent of such a fringe benefit, an hourly cash equivalent thereof to be established. In the event the interested parties cannot agree upon a cash equivalent of the fringe benefit, the question, accompanied by the recommendation of the Local Public Agency or Public Body, shall be referred, through the Secretary of Housing and Urban Development, to the Secretary of Labor for determination.

11. POSTING WAGE DETERMINATION DECISIONS AND AUTHORIZED WAGE DEDUCTIONS

The applicable wage poster of the Secretary of Labor, United States Department of Labor, and the applicable wage determination decisions of said Secretary of Labor with respect to the various classifications of laborers and mechanics employed and to be employed upon the work covered by this Contract, and a statement showing all deductions, if any, in accordance with the provisions of this Contract, to be made from wages actually earned by persons so employed or to be employed in such classifications, shall be posted at appropriate conspicuous points at the site of the work.

12. COMPLAINTS, PROCEEDINGS, OR TESTIMONY BY EMPLOYEES

No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

13. CLAIMS AND DISPUTES PERTAINING TO WAGE RATES

Claims and disputes pertaining to wage rates or to classifications of laborers and mechanics employed upon the work covered by this Contract shall be promptly reported by the Contractor in writing to the Local Public Agency or Public Body for referral by the latter through the Secretary of Housing and Urban Development to the Secretary of Labor, United States Department of Labor, whose decision shall be final with respect thereto.

14. QUESTIONS CONCERNING CERTAIN FEDERAL STATUTES AND REGULATIONS

All questions arising under this Contract which relate to the application or interpretation of (a) the aforesaid Anti-Kickback Act, (b) the Contract Work Hours Standards Act, (c) the aforesaid Davis-Bacon Act, (d) the regulations issued by the Secretary of Labor, United States Department of Labor, pursuant to said Acts, or (e) the labor standards provisions of any other pertinent Federal statute, shall be referred, through the Local Public Agency or Public Body and the Secretary of Housing and Urban Development, to the Secretary of Labor, United States Department of Labor, for said Secretary's appropriate ruling or interpretation which shall be authoritative and may be relied upon for the purposes of this Contract.

15. PAYROLLS AND BASIC PAYROLL RECORDS OF CONTRACTOR AND SUBCONTRACTORS

The Contractor and each subcontractor shall prepare his payrolls on forms satisfactory to and in accordance with instructions to be furnished by the Local Public Agency or Public Body. The Contractor shall submit weekly to the Local Public Agency or Public Body two certified copies of all payrolls of the Contractor and of the subcontractors, it being understood that the Contractor shall be responsible for the submission of copies of payrolls of all subcontractors. Each such payroll shall contain the "Weekly Statement of Compliance" set forth in Section 3.3 of Title 29, Code of Federal Regulations. The payrolls and basic payroll records of the Contractor and each subcontractor covering all laborers and mechanics employed upon the work covered by this Contract shall be maintained during the course of the work and preserved for a period of three years thereafter. Such payrolls and basic payroll records shall contain the name and address of each such employee, his correct classification, rate of pay (including rates of contributions or costs anticipated of the types described in Section 1(b)(2) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. In addition, whenever the Secretary of Labor has found under Section 5.5(a)(1)(iv) of Title 29, Code of Federal Regulations, that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor or subcontractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

The Contractor and each subcontractor shall make his employment records with respect to persons employed by him upon the work covered by this Contract available for inspection by authorized representatives of the Secretary of Housing and Urban Development, the Local Public Agency or Public Body, and the United States Department of Labor. Such representatives shall be permitted to interview employees of the Contractor or of any subcontractor during working hours on the job.

16. SPECIFIC COVERAGE OF CERTAIN TYPES OF WORK BY EMPLOYEES

The transporting of materials and supplies to or from the site of the Project or Program to which this Contract pertains by the employees of the Contractor or of any subcontractor, and the manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the Project or Program to which this Contract pertains by persons employed by the Contractor or by any subcontractor, shall, for the purposes of this Contract, and without limiting the generality of the foregoing provisions of this Contract, be deemed to be work to which these Federal Labor Standards Provisions are applicable.

17. INELIGIBLE SUBCONTRACTORS

The Contractor shall not subcontract any part of the work covered by this Contract or permit subcontracted work to be further subcontracted without the Local Public Agency's or Public Body's prior written approval of the subcontractor. The Local Public Agency or Public Body will not approve any subcontractor for work covered by this Contract who is at the time ineligible under the provisions of any applicable regulations issued by the Secretary of Labor, United States Department of Labor, to receive an award of such subcontract.

18. PROVISIONS TO BE INCLUDED IN CERTAIN SUBCONTRACTS

The Contractor shall include or cause to be included in each subcontract covering any of the work covered by this Contract, provisions which are consistent with these Federal Labor Standards Provisions and also a clause requiring the subcontractors to include such provisions in any lower tier subcontracts which they may enter into, together with a clause requiring such insertion in any further subcontracts that may in turn be made.

19. BREACH OF FOREGOING FEDERAL LABOR STANDARDS PROVISIONS

In addition to the causes for termination of this Contract as herein elsewhere set forth, the Local Public Agency or Public Body reserves the right to terminate this Contract if the Contractor or any subcontractor whose subcontract covers any of the work covered by this Contract shall breach any of these Federal Labor Standards Provisions. A breach of these Federal Labor Standards Provisions may also be grounds for debarment as provided by the applicable regulations issued by the Secretary of Labor, United States Department of Labor.

(Replaces section 1 of the Act of June 13, 1934 (48 Stat. 948, 40 U.S.C.,
sec. 276b) pursuant to the Act of June 25, 1948, 62 Stat. 862)

KICKBACKS FROM PUBLIC WORKS EMPLOYEES

Whoever, by force, intimidation, or threat of procuring dismissal from employment, or by any other manner whatsoever induces any person employed in the construction, prosecution, completion or repair of any public building, public work, or building or work financed in whole or in part by loans or grants from the United States, to give up any part of the compensation to which he is entitled under his contract of employment, shall be fined not more than \$5,000 or imprisoned not more than five years, or both.

SECTION 2 OF THE ACT OF JUNE 13, 1934, AS AMENDED (48 Stat. 948, 62 Stat. 862,
63 Stat. 108, 72 Stat. 967, 40 U.S.C., sec. 276c)

The Secretary of Labor shall make reasonable regulations for contractors and subcontractors engaged in the construction, prosecution, completion or repair of public buildings, public works or buildings or works financed in whole or in part by loans or grants from the United States, including a provision that each contractor and subcontractor shall furnish weekly a statement with respect to the wages paid each employee during the preceding week. Section 1001 of Title 18 (United States Code) shall apply to such statements.

- - - X X X - - -

Pursuant to the aforesaid Anti-Kickback Act, the Secretary of Labor, United States Department of Labor, has promulgated the regulations hereinafter set forth, which regulations are found in Title 29, Subtitle A, Code of Federal Regulations, Part 3. The term, "this part," as used in the regulations hereinafter set forth, refers to Part 3 last above mentioned. Said regulations are as follows:

CONTRACTORS AND SUBCONTRACTORS ON PUBLIC BUILDING AND PUBLIC WORK
AND ON BUILDING AND WORK FINANCED IN WHOLE OR IN PART
BY LOANS OR GRANTS FROM THE UNITED STATES

Sec. 3.1 Purpose and scope.

This part prescribes "anti-kickback" regulations under section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c), popularly known as the Copeland Act. This part applies to any contract which is subject to Federal wage standards and which is for the construction, prosecution, completion, or repair of public buildings, public works or buildings or works financed in whole or in part by loans or grants from the United States. The part is intended to aid in the enforcement of the minimum wage provisions of the Davis-Bacon Act and the various statutes dealing with Federally-assisted construction that contain similar minimum wage provisions, including those provisions which are not subject to Reorganization Plan No. 14 (e.g., the College Housing Act of 1950, the Federal Water Pollution Control Act, and the Housing Act of 1959), and in the enforcement of the overtime provisions

of the Contract Work Hours Standards Act whenever they are applicable to construction work. The part details the obligation of contractors and subcontractors relative to the weekly submission of statements regarding the wages paid on work covered thereby; sets forth the circumstances and procedures governing the making of payroll deductions from the wages of those employed on such work; and delineates the methods of payment permissible on such work.

Sec. 3.2 Definitions.

As used in the regulations in this part:

(a) The terms "building" or "work" generally include construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work. The terms include, without limitation, buildings, structures, and improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, powerlines, pumping stations, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals; dredging, shoring, scaffolding, drilling, blasting, excavating, clearing, and landscaping. Unless conducted in connection with and at the site of such a building or work as is described in the foregoing sentence, the manufacture or furnishing of materials, articles, supplies, or equipment (whether or not a Federal or State agency acquires title to such materials, articles, supplies, or equipment during the course of the manufacture or furnishing, or owns the materials from which they are manufactured or furnished) is not a "building" or "work" within the meaning of the regulations in this part.

(b) The terms "construction," "prosecution," "completion," or "repair" mean all types of work done on a particular building or work at the site thereof, including, without limitation, altering, remodeling, painting and decorating, the transporting of materials and supplies to or from the building or work by the employees of the construction contractor or construction subcontractor, and the manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work, by persons employed at the site by the contractor or subcontractor.

(c) The terms "public building" or "public work" include building or work for whose construction, prosecution, completion, or repair, as defined above, a Federal agency is a contracting party, regardless of whether title thereof is in a Federal agency.

(d) The term "building or work financed in whole or in part by loans or grants from the United States" includes building or work for whose construction, prosecution, completion, or repair, as defined above, payment or part payment is made directly or indirectly from funds provided by loans or grants by a Federal agency. The term does not include building or work for which Federal assistance is limited solely to land guarantees or insurance.

(e) Every person paid by a contractor or subcontractor in any manner for his labor in the construction, prosecution, completion, or repair of a public building or public work or building or work financed in whole or in part by loans or grants from the United States is "employed" and receiving "wages," regardless of any contractual relationship alleged to exist between him and the real employer.

(f) The term "any affiliated person" includes a spouse, child, parent, or other close relative of the contractor or subcontractor; a partner or officer of the contractor or subcontractor; a corporation closely connected with the contractor or subcontractor as parent, subsidiary, or otherwise, and an officer or agent of such corporation.

(g) The term "Federal agency" means the United States, the District of Columbia, and all executive departments, independent establishments, administrative agencies, and instrumentalities of the United States and of the District of Columbia, including corporations, all or substantially all of the stock of which is beneficially owned by the United States, by the District of Columbia, or any of the foregoing departments, establishments, agencies, and instrumentalities.

Sec. 3.3 Weekly statement with respect to payment of wages.

(a) As used in this section, the term "employee" shall not apply to persons in classifications higher than that of laborer or mechanic and those who are the immediate supervisors of such employees.

(b) Each contractor or subcontractor engaged in the construction, prosecution, completion, or repair of any public building or public work, or building or work financed in whole or in part by loans or grants from the United States, shall furnish each week a statement with respect to the wages paid each of its employees engaged on work covered by these regulations during the preceding weekly payroll period. The statement shall be executed by the contractor or subcontractor or by an authorized officer or employee of the contractor or subcontractor who supervises the payment of wages, and shall be in the following form:

WEEKLY STATEMENT OF COMPLIANCE

_____, 19____

I, _____, _____
(Name of signatory party) (Title)

do hereby state:

(1) That I pay or supervise the payment of the persons employed by _____ on the _____; that
(Contractor or subcontractor) (Building or work)
during the payroll period commencing on the _____ day of _____,
19____, and ending on the _____ day of _____, 19____, all persons
employed on said project have been paid the full weekly wages earned, that
no rebates have been or will be made either directly or indirectly to or on
behalf of said _____ from the full weekly
(Contractor or subcontractor)
wages earned by any person and that no deductions have been made either di-
rectly or indirectly from the full wages earned by any person, other than
permissible deductions as defined in Regulations, Part 3 (29 CFR Part 3),
issued by the Secretary of Labor under the Copeland Act, as amended (48 Stat.
948, 63 Stat. 108, 72 Stat. 967; 76 Stat. 537; 40 U.S.C. 276c), and described
below:

(Paragraph describing deductions if any)

(2) That any payrolls otherwise under this contract required to be sub-
mitted for the above period are correct and complete; that the wage rates for
laborers or mechanics contained therein are not less than the applicable wage
rates contained in any wage determination incorporated into the contract;
that the classifications set forth therein for each laborer or mechanic con-
form with the work he performed.

Sec. 3.9 Prohibited payroll deductions.

Deductions not elsewhere provided for by this part and which are not found to be permissible under Sec. 3.6 are prohibited.

Sec. 3.10 Methods of payment of wages.

The payment of wages shall be by cash, negotiable instruments payable on demand, or the additional forms of compensation for which deductions are permissible under this part. No other methods of payment shall be recognized on work subject to the Copeland Act.

All contracts made with respect to the construction, prosecution, completion, or repair of any public building or public work or building or work financed in whole or in part by loans or grants from the United States covered by the regulations in this part shall expressly bind the contractor or subcontractor to comply with such of the regulations in this part as may be applicable. Whereas, during his relatively short span of life, "Bucky" Conley had achieved legions of tributes and honors, because of his thoughtfulness, and working with Raymond J. Pettine, U. S. District Attorney, Marshal Conley helped establish a Rhode Island Cultural tradition in 1961, which is the raising of funds annually to enable orphans and other underprivileged children to attend winter performances of the American Ballet, and contributions to this cause swelled tremendously; thanks in large measure to Mr. Conley's ability to raise money,

Now, Therefore, Be It Resolved that the Mayor of the City of Providence, the Honorable Joseph A. Doorley, Jr., and the City Council in noting with heartfelt sympathy the demise of this true and dedicated humani-

Such accounts are referred to herein collectively as the "Demolition Account." The Grantee will charge to the Demolition Account all eligible costs of the Demolition Program. Such costs will be supported by properly executed invoices, contracts, vouchers, payrolls, or other records evidencing in proper detail the nature and propriety of the charges.

SEC. 11. Information, Reports, and Inspections. -- The Government will at all times have free access to the accounts and records of the Grantee for purposes of auditing the Demolition Account and will have the right to require, as the Government may deem necessary, periodic reports or other information pertaining to the matters covered by this Contract.

SEC. 12. Determination of Net Cost of Demolition Program. -- The Net Cost of the Demolition Program authorized hereunder shall be the actual cost of demolishing the structures described in the Application and designated in the requisition for grant payment less any salvage value realized from the demolition of the structures, plus the fixed fee set forth in Section 7 hereof. The grant payable hereunder shall be based upon the Net Cost as determined upon final completion of the Demolition Program and approved by the Government upon audit.

SEC. 13. Limitation Upon Demolition Program Costs. -- The Net Cost hereunder, on which the grant is computed, shall include only demolition costs and shall not include any supervisory salaries or other administrative costs or office expenses.

SEC. 14. Performance of Demolition Program. --

(a) Force Account or Contract. -- The Grantee may elect to carry out the work comprising the Demolition Program by utilization of its own employees or it may have such work done under written contract in a manner acceptable to the Government.

(b) Competitive Bidding. -- The Grantee will give full opportunity for free, open, and competitive bidding for each contract to be let by it calling for demolition work as a part of the Demolition Program and will give such publicity to its advertisements or calls for bids for each such contract as will provide adequate competition; and the award of each such contract, when made, will be made by it as soon as practicable to the lowest responsible bidder: Provided, That contracts in the amount of \$2,500 or less may, except where contrary to the requirements of State or local law, be let from time to time by the Grantee without negotiation or competitive bidding and without observance of the other provisions of this subsection.

(c) Equal Employment Opportunity. --

(1) Activities and Contracts Not Subject to Executive Order 11246. -- In the carrying out of the Demolition Program, the Grantee will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The Grantee will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Grantee agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Government setting forth the provisions of this nondiscrimination clause. The Grantee will, in all solicitations or advertisements for employees placed by or on behalf of the Grantee, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin. The Grantee will incorporate the foregoing requirements of this paragraph (1) in all of its contracts for Demolition Program work, except those governed by paragraph (2) of this subsection 14(c) or contracts for standard commercial supplies or raw materials, and will require all of its contractors for such work to incorporate such requirements in all subcontracts for Demolition Program work.

(2) Contracts Subject to Executive Order 11246. -- The Grantee will incorporate or cause to be incorporated into any demolition contract or modification thereof which is subject to Executive Order 11246, and the rules and regulations of the Secretary of Labor pursuant thereto, the following provisions, altered only to reflect the proper identity of the parties:

During the performance of this contract, the contractor agrees as follows:

(A) The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the municipality setting forth the provisions of this nondiscrimination clause.

(B) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

(C) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the municipality, advising the labor union or workers' representative of the contractor's commitments under Section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(D) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(E) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor or the Secretary of Housing and Urban Development pursuant thereto, and will permit access to his books, records, and accounts by the municipality, the Secretary of Housing and Urban Development, and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(F) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(G) The contractor will include the provisions of paragraphs (A) through (G) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the municipality may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That, in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the municipality, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

(3) Enforcement Obligations of the Grantee. -- The Grantee will assist and cooperate actively with the Secretary of Housing and Urban Development and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the provisions set forth in paragraph (2) of this subsection 14(c) and with the rules, regulations, and relevant orders of the Secretary of Labor and will obtain and furnish to the Secretary of Housing and Urban Development and to the Secretary of Labor such information as they may require for the supervision of such compliance. The Grantee will enforce the obligations of contractors and subcontractors under such provisions, rules, regulations, and orders and will carry out sanctions and penalties for violation of such obligations imposed upon contractors and subcontractors by the Secretary of Labor or the Secretary of Housing and Urban Development. The Grantee will refrain from entering into any contract subject to Executive Order 11246 or extension or other modification of such a contract with a contractor who has been debarred from Government contracts and federally assisted construction contracts under Part II, Subpart D, of Executive Order 11246, or who has not demonstrated his eligibility for such contracts as provided in Part II of Executive Order 11246. In the event the Grantee fails and refuses to comply with its undertakings, the Grantee agrees that the Government (i) may cancel, terminate, or suspend this Contract in whole or in part, (ii) may refrain from extending any further assistance under the program with respect to which the failure or refusal occurred until satisfactory assurance of future compliance has been received from the Grantee, or (iii) may refer the case to the Department of Justice for appropriate legal proceedings.

SEC. 15. Defaults and Remedies. --

(a) Termination or Suspension of Contract. -- The Government may terminate or suspend this Contract at its discretion upon the happening of any of the following:

(2) The making of any misrepresentation by the Grantee in its Application or in the furnishing of any information to the Government;

(3) The violation of any of the terms or conditions of this Contract; or

(4) Any event which renders the accomplishment of the Demolition Program by the Grantee impossible, improbable, infeasible, or illegal.

(b) Forfeiture of Grant. -- For any violation of any of the terms of this Contract, the Government may, in addition to such other remedies as may exist at law or in equity, require repayment of all or part of the grant to the Government.

SEC. 16. Miscellaneous Provisions. --

(a) Interest of Public Officials and Employees. -- No officer or employee of the Grantee and no member of its governing body, and no other public official of the locality in which the Demolition Program will be carried out who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of the Demolition Program, shall (1) participate in any decision relating to this Contract which affects his personal interest or the interest of any corporation, partnership, or association in which he is, directly or indirectly, interested, or (2) have any financial interest, direct or indirect, in this Contract or in the work to be performed under the Demolition Program authorized herein.

(e) How Contract Affected by Provisions Being Held Invalid. -- If any provision of this Contract is held invalid, the remainder of this Contract shall not be affected thereby if such remainder would then continue to conform to the terms and requirements of applicable law.

(f) Provisions Concerning Certain Waivers. -- Subject to applicable Federal law, any right or remedy which the Government may have under this Contract may be waived in writing by the Government by a formal waiver and either with or without the execution of an amendatory or supplementary agreement, if, in the judgment of the Government, this Contract, as so modified, will still conform to the provisions and requirements of applicable laws.

FEDERAL LABOR STANDARDS PROVISIONS

1. APPLICABILITY

The Project or Program to which the work covered by this Contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

2. MINIMUM WAGE RATES FOR LABORERS AND MECHANICS

All laborers and mechanics employed upon the work covered by this Contract shall be paid unconditionally and not less often than once each week, and without subsequent deduction or rebate on any account (except such payroll deductions as are made mandatory by law and such other payroll deductions as are permitted by the applicable regulations issued by the Secretary of Labor, United States Department of Labor, pursuant to the Anti-Kickback Act hereinafter identified), the full amounts due at time of payment computed at wage rates not less than those contained in the wage determination decision of said Secretary of Labor (a copy of which is attached and herein incorporated by reference), regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such laborers and mechanics. All laborers and mechanics employed upon such work shall be paid in cash, except that payment may be by check if the employer provides or secures satisfactory facilities approved by the Local Public Agency or Public Body for the cashing of the same without cost or expense to the employee. For the purpose of this clause, contributions made or costs reasonably anticipated under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of Section 5.5(a)(1)(iv) of Title 29, Code of Federal Regulations. Also for the purpose of this clause, regular contributions made or costs incurred for more than a weekly period under plans, funds, or programs, but covering the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

3. UNDERPAYMENTS OF WAGES OR SALARIES

In case of underpayment of wages by the Contractor or by any subcontractor to laborers or mechanics employed by the Contractor or subcontractor upon the work covered by this Contract, the Local Public Agency or Public Body in addition to such other rights as may be afforded it under this Contract shall withhold from the Contractor, out of any payments due the Contractor, so much thereof as the Local Public Agency or Public Body may consider necessary to pay such laborers or mechanics

the full amount of wages required by this Contract. The amount so withheld may be disbursed by the Local Public Agency or Public Body, for and on account of the Contractor or the subcontractor (as may be appropriate), to the respective laborers or mechanics to whom the same is due or on their behalf to plans, funds, or programs for any type of fringe benefit prescribed in the applicable wage determination.

4. ANTICIPATED COSTS OF FRINGE BENEFITS

If the Contractor does not make payments to a trustee or other third person, he may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing fringe benefits under a plan or program of a type expressly listed in the wage determination decision of the Secretary of Labor which is a part of this Contract: Provided, however, The Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. A copy of any findings made by the Secretary of Labor in respect to fringe benefits being provided by the Contractor must be submitted to the Local Public Agency or Public Body with the first payroll filed by the Contractor subsequent to receipt of the findings.

5. OVERTIME COMPENSATION REQUIRED BY CONTRACT WORK HOURS STANDARDS ACT (76 Stat. 357-360; Title 40 U.S.C., Sections 327-332)

(a) Overtime requirements. No Contractor or subcontractor contracting for any part of the Contract work which may require or involve the employment of laborers or mechanics, including watchmen and guards, shall require or permit any laborer or mechanic in any workweek in which he is employed on such work to work in excess of eight hours in any calendar day or in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times his basic rate of pay for all hours worked in excess of eight hours in any calendar day or in excess of forty hours in such workweek, as the case may be.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (a), the Contractor and any subcontractor responsible therefor shall be liable to any affected employee for his unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic employed in violation of the clause set forth in paragraph (a), in the sum of \$10 for each calendar day on which such employee was required or permitted to work in excess of eight hours or in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (a).

(c) Withholding for liquidated damages. The Local Public Agency or Public Body shall withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor, such sums as may administratively be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for liquidated damages as provided in the clause set forth in paragraph (b).

(d) Subcontracts. The Contractor shall insert in any subcontracts the clauses set forth in paragraphs (a), (b), and (c) of this Section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts which they may enter into, together with a clause requiring this insertion in any further subcontracts that may in turn be made.

6. EMPLOYMENT OF APPRENTICES

Apprentices will be permitted to perform work covered by this Contract only under a bona fide apprenticeship program registered with a State Apprenticeship Agency which is recognized by the Bureau of Apprenticeship and Training, United States Department of Labor, or, if no such recognized Agency exists in a State, under a program registered with the Bureau of Apprenticeship and Training. The allowable ratio of apprentices to journeymen in any craft classification shall not be greater than the ratio permitted to the Contractor as to his entire work force under the registered program. Any employee listed on a payroll at an apprentice wage rate, who is not registered as above, shall be paid the wage rate determined by the Secretary of Labor, United States Department of Labor, for the classification of work he actually performed. The Contractor or subcontractor shall furnish the Local Public Agency or Public Body with written evidence of the registration of his program and apprentices, as well as of the appropriate ratios and wage rates for the area of construction, prior to using any apprentices on the contract work.

7. EMPLOYMENT OF CERTAIN PERSONS PROHIBITED

No person under the age of sixteen years and no person who, at the time, is serving sentence in a penal or correctional institution shall be employed on the work covered by this Contract.

8. REGULATIONS PURSUANT TO SO-CALLED "ANTI-KICKBACK ACT"

The Contractor shall comply with the applicable regulations (a copy of which is attached and herein incorporated by reference) of the Secretary of Labor, United States Department of Labor, made pursuant to the so-called "Anti-Kickback Act" of June 13, 1934 (48 Stat. 948; 62 Stat. 862; Title 18 U.S.C., Section 874; and Title 40 U.S.C., Section 276c), and any amendments or modifications thereof, shall cause appropriate provisions to be inserted in subcontracts to insure compliance therewith by all subcontractors subject thereto, and shall be responsible for the submission of affidavits required by subcontractors thereunder, except as said Secretary of Labor may specifically provide for reasonable limitations, variations, tolerances, and exemptions from the requirements thereof.

9. EMPLOYMENT OF LABORERS OR MECHANICS NOT LISTED IN AFORESAID WAGE DETERMINATION DECISION

Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the Contract will be classified or reclassified conformably to the wage determination by the Local Public Agency or Public Body, and a report of the action taken shall be submitted by the Local Public Agency or Public Body, through the Secretary of Housing and Urban Development, to the Secretary of Labor, United States Department of Labor. In the event the interested parties cannot agree on the proper classification or reclassification of a particular class of laborers and mechanics to be used, the question accompanied by the recommendation of the Local Public Agency or Public Body shall be referred, through the Secretary of Housing and Urban Development, to the Secretary of Labor for final determination.

10. FRINGE BENEFITS NOT EXPRESSED AS HOURLY WAGE RATES

The Local Public Agency or Public Body shall require, whenever the minimum wage rate prescribed in the Contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly wage rate and the Contractor is obligated to pay a cash equivalent of such a fringe benefit, an hourly cash equivalent thereof to be established. In the event the interested parties cannot agree upon a cash equivalent of the fringe benefit, the question, accompanied by the recommendation of the Local Public Agency or Public Body, shall be referred, through the Secretary of Housing and Urban Development, to the Secretary of Labor for determination.

11. POSTING WAGE DETERMINATION DECISIONS AND AUTHORIZED WAGE DEDUCTIONS

The applicable wage poster of the Secretary of Labor, United States Department of Labor, and the applicable wage determination decisions of said Secretary of Labor with respect to the various classifications of laborers and mechanics employed and to be employed upon the work covered by this Contract, and a statement showing all deductions, if any, in accordance with the provisions of this Contract, to be made from wages actually earned by persons so employed or to be employed in such classifications, shall be posted at appropriate conspicuous points at the site of the work.

12. COMPLAINTS, PROCEEDINGS, OR TESTIMONY BY EMPLOYEES

No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

13. CLAIMS AND DISPUTES PERTAINING TO WAGE RATES

Claims and disputes pertaining to wage rates or to classifications of laborers and mechanics employed upon the work covered by this Contract shall be promptly reported by the Contractor in writing to the Local Public Agency or Public Body for referral by the latter through the Secretary of Housing and Urban Development to the Secretary of Labor, United States Department of Labor, whose decision shall be final with respect thereto.

14. QUESTIONS CONCERNING CERTAIN FEDERAL STATUTES AND REGULATIONS

All questions arising under this Contract which relate to the application or interpretation of (a) the aforesaid Anti-Kickback Act, (b) the Contract Work Hours Standards Act, (c) the aforesaid Davis-Bacon Act, (d) the regulations issued by the Secretary of Labor, United States Department of Labor, pursuant to said Acts, or (e) the labor standards provisions of any other pertinent Federal statute, shall be referred, through the Local Public Agency or Public Body and the Secretary of Housing and Urban Development, to the Secretary of Labor, United States Department of Labor, for said Secretary's appropriate ruling or interpretation which shall be authoritative and may be relied upon for the purposes of this Contract.

15. PAYROLLS AND BASIC PAYROLL RECORDS OF CONTRACTOR AND SUBCONTRACTORS

The Contractor and each subcontractor shall prepare his payrolls on forms satisfactory to and in accordance with instructions to be furnished by the Local Public Agency or Public Body. The Contractor shall submit weekly to the Local Public Agency or Public Body two certified copies of all payrolls of the Contractor and of the subcontractors, it being understood that the Contractor shall be responsible for the submission of copies of payrolls of all subcontractors. Each such payroll shall contain the "Weekly Statement of Compliance" set forth in Section 3.3 of Title 29, Code of Federal Regulations. The payrolls and basic payroll records of the Contractor and each subcontractor covering all laborers and mechanics employed upon the work covered by this Contract shall be maintained during the course of the work and preserved for a period of three years thereafter. Such payrolls and basic payroll records shall contain the name and address of each such employee, his correct classification, rate of pay (including rates of contributions or costs anticipated of the types described in Section 1(b)(2) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. In addition, whenever the Secretary of Labor has found under Section 5.5(a)(1)(iv) of Title 29, Code of Federal Regulations, that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor or subcontractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

The Contractor and each subcontractor shall make his employment records with respect to persons employed by him upon the work covered by this Contract available for inspection by authorized representatives of the Secretary of Housing and Urban Development, the Local Public Agency or Public Body, and the United States Department of Labor. Such representatives shall be permitted to interview employees of the Contractor or of any subcontractor during working hours on the job.

16. SPECIFIC COVERAGE OF CERTAIN TYPES OF WORK BY EMPLOYEES

The transporting of materials and supplies to or from the site of the Project or Program to which this Contract pertains by the employees of the Contractor or of any subcontractor, and the manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the Project or Program to which this Contract pertains by persons employed by the Contractor or by any subcontractor, shall, for the purposes of this Contract, and without limiting the generality of the foregoing provisions of this Contract, be deemed to be work to which these Federal Labor Standards Provisions are applicable.

17. INELIGIBLE SUBCONTRACTORS

The Contractor shall not subcontract any part of the work covered by this Contract or permit subcontracted work to be further subcontracted without the Local Public Agency's or Public Body's prior written approval of the subcontractor. The Local Public Agency or Public Body will not approve any subcontractor for work covered by this Contract who is at the time ineligible under the provisions of any applicable regulations issued by the Secretary of Labor, United States Department of Labor, to receive an award of such subcontract.

18. PROVISIONS TO BE INCLUDED IN CERTAIN SUBCONTRACTS

The Contractor shall include or cause to be included in each subcontract covering any of the work covered by this Contract, provisions which are consistent with these Federal Labor Standards Provisions and also a clause requiring the subcontractors to include such provisions in any lower tier subcontracts which they may enter into, together with a clause requiring such insertion in any further subcontracts that may in turn be made.

19. BREACH OF FOREGOING FEDERAL LABOR STANDARDS PROVISIONS

In addition to the causes for termination of this Contract as herein elsewhere set forth, the Local Public Agency or Public Body reserves the right to terminate this Contract if the Contractor or any subcontractor whose subcontract covers any of the work covered by this Contract shall breach any of these Federal Labor Standards Provisions. A breach of these Federal Labor Standards Provisions may also be grounds for debarment as provided by the applicable regulations issued by the Secretary of Labor, United States Department of Labor.

SECTION 2 OF THE ACT OF JUNE 13, 1934, AS AMENDED (48 Stat. 948, 62 Stat. 862,
63 Stat. 108, 72 Stat. 967, 40 U.S.C., sec. 276c)

Pursuant to the aforesaid Anti-Kickback Act, the Secretary of Labor, United States Department of Labor, has promulgated the regulations hereinafter set forth, which regulations are found in Title 29, Subtitle A, Code of Federal Regulations, Part 3. The term, "this part," as used in the regulations hereinafter set forth, refers to Part 3 last above mentioned. Said regulations are as follows:

CONTRACTORS AND SUBCONTRACTORS ON PUBLIC BUILDING AND PUBLIC WORK
AND ON BUILDING AND WORK FINANCED IN WHOLE OR IN PART
BY LOANS OR GRANTS FROM THE UNITED STATES

Sec. 3.1 Purpose and scope.

This part prescribes "anti-kickback" regulations under section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c), popularly known as the Copeland Act. This part applies to any contract which is subject to Federal wage standards and which is for the construction, prosecution, completion, or repair of public buildings, public works or buildings or works financed in whole or in part by loans or grants from the United States. The part is intended to aid in the enforcement of the minimum wage provisions of the Davis-Bacon Act and the various statutes dealing with Federally-assisted construction that contain similar minimum wage provisions, including those provisions which are not subject to Reorganization Plan No. 14 (e.g., the College Housing Act of 1950, the Federal Water Pollution Control Act, and the Housing Act of 1959), and in the enforcement of the overtime provisions

of the Contract Work Hours Standards Act whenever they are applicable to construction work. The part details the obligation of contractors and subcontractors relative to the weekly submission of statements regarding the wages paid on work covered thereby; sets forth the circumstances and procedures governing the making of payroll deductions from the wages of those employed on such work; and delineates the methods of payment permissible on such work.

Sec. 3.2 Definitions.

As used in the regulations in this part:

(a) The terms "building" or "work" generally include construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work. The terms include, without limitation, buildings, structures, and improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, powerlines, pumping stations, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals; dredging, shoring, scaffolding, drilling, blasting, excavating, clearing, and landscaping. Unless conducted in connection with and at the site of such a building or work as is described in the foregoing sentence, the manufacture or furnishing of materials, articles, supplies, or equipment (whether or not a Federal or State agency acquires title to such materials, articles, supplies, or equipment during the course of the manufacture or furnishing, or owns the materials from which they are manufactured or furnished) is not a "building" or "work" within the meaning of the regulations in this part.

(b) The terms "construction," "prosecution," "completion," or "repair" mean all types of work done on a particular building or work at the site thereof, including, without limitation, altering, remodeling, painting and decorating, the transporting of materials and supplies to or from the building or work by the employees of the construction contractor or construction subcontractor, and the manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work, by persons employed at the site by the contractor or subcontractor.

(c) The terms "public building" or "public work" include building or work for whose construction, prosecution, completion, or repair, as defined above, a Federal agency is a contracting party, regardless of whether title thereof is in a Federal agency.

(d) The term "building or work financed in whole or in part by loans or grants from the United States" includes building or work for whose construction, prosecution, completion, or repair, as defined above, payment or part payment is made directly or indirectly from funds provided by loans or grants by a Federal agency. The term does not include building or work for which Federal assistance is limited solely to land guarantees or insurance.

(e) Every person paid by a contractor or subcontractor in any manner for his labor in the construction, prosecution, completion, or repair of a public building or public work or building or work financed in whole or in part by loans or grants from the United States is "employed" and receiving "wages," regardless of any contractual relationship alleged to exist between him and the real employer.

(f) The term "any affiliated person" includes a spouse, child, parent, or other close relative of the contractor or subcontractor; a partner or officer of the contractor or subcontractor; a corporation closely connected with the contractor or subcontractor as parent, subsidiary, or otherwise, and an officer or agent of such corporation.

(g) The term "Federal agency" means the United States, the District of Columbia, and all executive departments, independent establishments, administrative agencies, and instrumentalities of the United States and of the District of Columbia, including corporations, all or substantially all of the stock of which is beneficially owned by the United States, by the District of Columbia, or any of the foregoing departments, establishments, agencies, and instrumentalities.

Sec. 3.3 Weekly statement with respect to payment of wages.

(a) As used in this section, the term "employee" shall not apply to persons in classifications higher than that of laborer or mechanic and those who are the immediate supervisors of such employees.

(b) Each contractor or subcontractor engaged in the construction, prosecution, completion, or repair of any public building or public work, or building or work financed in whole or in part by loans or grants from the United States, shall furnish each week a statement with respect to the wages paid each of its employees engaged on work covered by these regulations during the preceding weekly payroll period. The statement shall be executed by the contractor or subcontractor or by an authorized officer or employee of the contractor or subcontractor who supervises the payment of wages, and shall be in the following form:

no rebates have been or will be made either directly or indirectly to or on
behalf of said _____ from the full weekly
(Contractor or subcontractor)
wages earned by any person and that no deductions have been made either di-
rectly or indirectly from the full wages earned by any person, other than
permissible deductions as defined in Regulations, Part 3 (29 CFR Part 3),
issued by the Secretary of Labor under the Copeland Act, as amended (48 Stat.
948, 63 Stat. 108, 72 Stat. 967; 76 Stat. 537; 40 U.S.C. 276c), and described
below:

(Paragraph describing deductions if any)

(2) That any payrolls otherwise under this contract required to be sub-
mitted for the above period are correct and complete; that the wage rates for
laborers or mechanics contained therein are not less than the applicable wage
rates contained in any wage determination incorporated into the contract;
that the classifications set forth therein for each laborer or mechanic con-
form with the work he performed.

(3) That any apprentices employed in the above period are duly registered
in a bona fide apprenticeship program registered with a State apprenticeship
agency recognized by the [Bureau of Apprenticeship and Training,] United
States Department of Labor, or if no such recognized agency exists in a
State, are registered with the Bureau of Apprenticeship and Training, United
States Department of Labor.

(Signature and title)

Section 1001 of Title 18 of the United States Code (Criminal Code and Criminal Procedure) shall apply to such statement as provided at 72 Stat. 967 (18 U.S.C. 1001, among other things, provides that whoever knowingly and willfully makes or uses a document or fraudulent statement of entry, in any matter within the jurisdiction of any department or agency of the United States, shall be fined not more than \$10,000 or imprisoned not more than five years, or both).

(c) The requirements of this section shall not apply to any contract of \$2,000 or less.

(d) Upon a written finding by the head of a Federal agency, the Secretary of Labor may provide reasonable limitations, variations, tolerances, and exemptions from the requirements of this section subject to such conditions as the Secretary of Labor may specify.

Sec. 3.4 Submission of weekly statements and the preservation and inspection of weekly payroll records.

(a) Each weekly statement required under Sec. 3.3 shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work, or, if there is no representative of a Federal or State agency at the site of the building or work, the statement shall be mailed by the contractor or subcontractor, within such time, to a Federal or State agency contracting for or financing the building or work. After such examination and check as may be made, such statement, or a copy thereof, shall be kept available, or shall be transmitted together with a report of any violation, in accordance with applicable procedures prescribed by the United States Department of Labor.

(b) Each contractor or subcontractor shall preserve his weekly payroll records for a period of three years from date of completion of the contract. The payroll records shall set out accurately and completely the name and address of each laborer and mechanic, his correct classification, rate of pay, daily and weekly number of hours worked, deductions made, and actual wages paid. Such payroll records shall be made available at all times for inspection by the contracting officer or his authorized representative, and by authorized representatives of the Department of Labor.

Sec. 3.5 Payroll deductions permissible without application to or approval of the Secretary of Labor.

Deductions made under the circumstances or in the situations described in the paragraphs of this section may be made without application to and approval of the Secretary of Labor:

(a) Any deduction made in compliance with the requirements of Federal, State, or local law, such as Federal or State withholding income taxes and Federal social security taxes.

(b) Any deduction of sums previously paid to the employee as a bona fide prepayment of wages when such prepayment is made without discount or interest. (c) Any deduction of amounts required by court process to be paid to another, unless, the deduction is in favor of the contractor, subcontractor, or any affiliated person, or when collusion or collaboration exists.

(j) Any deduction not more than for the "reasonable cost" of board, lodging, or other facilities meeting the requirements of section 3(m) of the Fair Labor Standards Act of 1938, as amended, and Part 531 of this title. When such a deduction is made the additional records required under Sec. 516.25(a) of this title shall be kept.

Sec. 3.6 Payroll deductions permissible with the approval of the Secretary of Labor.

Any contractor or subcontractor may apply to the Secretary of Labor for permission to make any deduction not permitted under Sec. 3.5. The Secretary may grant permission whenever he finds that:

(a) The contractor, subcontractor, or any affiliated person does not make a profit or benefit directly or indirectly from the deduction either in the form of a commission, dividend, or otherwise;

(b) The deduction is not otherwise prohibited by law;

(c) The deduction is either (1) voluntarily consented to by the employee in writing and in advance of the period in which the work is to be done and such consent is not a condition either for the obtaining of employment or its continuance, or (2) provided for in a bona fide collective bargaining agreement between the contractor or subcontractor and representatives of its employees; and

(d) The deduction serves the convenience and interest of the employee.

Sec. 3.7 Applications for the approval of the Secretary of Labor.

(a) The application shall be in writing and shall be addressed to the Secretary of Labor.

(b) The application shall identify the contract or contracts under which the work in question is to be performed. Permission will be given for deductions only on specific, identified contracts, except upon a showing of exceptional circumstances.

Sec. 3.9 Prohibited payroll deductions.

Deductions not elsewhere provided for by this part and which are not found to be permissible under Sec. 3.6 are prohibited.

Sec. 3.10 Methods of payment of wages.

The payment of wages shall be by cash, negotiable instruments payable on demand, or the additional forms of compensation for which deductions are permissible under this part. No other methods of payment shall be recognized on work subject to the Copeland Act.

Sec. 3.11 Regulations part of contract.

All contracts made with respect to the construction, prosecution, completion, or repair of any public building or public work or building or work financed in whole or in part by loans or grants from the United States covered by the regulations in this part shall expressly bind the contractor or subcontractor to comply with such of the regulations in this part as may be applicable.
