PERSONAL EXPRESSION

COUNCILWOMAN KERWIN Requests the privilege of the floor to speak on a Point of Personal Expression and states:

"I would just like you to know yesterday a group of students, parents and caregivers filed a motion to intervene on the Rhode Island Department of Education school take over process. I wanted to ask that all of us consider this motion that they made very carefully and consider these stakeholders are represented with right to petition RIDE in this process. Some of these organizations have been doing this work organizing throughout the city for years and this has been really hard work. They have been confronting racism and a school staff that doesn't reflect our student body in many cases. They've been grappling with inequities without the resources to find solutions like professional development and increase social and emotional support in our schools and they have been working on really valuable campaigns from counselors, not cops, to ethnic studies requirements to ending high stakes testing and to advocating for things like a student bill of rights and the right to have a civics education. So, really valuable work. Organizations that have kept our schools afloat and have been a really integral part of our schools and I think we need to listen to them. They are asking for the bare minimum. They're just asking for metrics for success, a seat at the table as this turnaround plan is drafted, and they're asking for school staff and teachers that reflect the student body in a role to play in the hiring process of our next Superintendent. So, I encourage you all to stand with me to support them. I think that their asks are valid. I think their voices need to be heard and I hope you will consider the motion that they made with RIDE yesterday. Thank you."

COUNCILWOMAN MILLER Requests the privilege of the floor to speak on a Point of Personal Expression and states:

"I want to thank my colleague Councilwoman Kerwin for bringing this to our attention and also just to really invite all of my colleagues to come to the show cause hearing on September 13th at 10:00 o'clock A.M. right down the street where we will have a real opportunity to hear some of the students and parents speak for themselves. I really want to urge my colleagues that in this process that is happening right now, there is no more important role than we can play on the City Council than amplifying and supporting the voice of students, of parents, of people who have been banging on this door for thirty years and have not gotten a chance to be heard. So, I really just want to thank my colleague and urge all of us to be there on the 13th and to find ways to amplify these voices. Thank you."
